(c) All money paid to the state treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the underground injection control program under section 1425 of the safe drinking water act (public law 93-523 as amended [~~The fee shall be twenty-five dollars ($25.00) for each well to be drilled, deepened or reopened for the production of oil or gas; ten dollars ($10.00) for each well drilled, deepened or reopened for the injection of water, gas or other fluid therein; ten dollars ($10.00) for each well to be drilled, deepened or reopened as a part of a program for the recovery of oil and gas by secondary recovery methods, except that the fee in no event shall exceed one hundred dollars ($100) for the permits issued in this last case for all wells on each separately leased tract; and ten dollars ($10.00) for each water supply well, and geological or structure test hole to be drilled or deepened~~].

(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.

(4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by the applicant, a qualified employe of the applicant, a person approved by the department, or an engineer registered in Kentucky, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat shall be certified accurate and correct only by an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by the director or an engineer registered in Kentucky.

(5) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond,

the department shall except as provided in this section, require from the well operator a bond in the sum of $1,000 in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified. The bond shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of $5,000, covering all wells drilled or to be drilled in the commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(6) Notification in writing to the department by a successor to the well operator with bond as provided in subsection (5) that said successor is assuming the obligations of this chapter as to a particular well or wells, will relieve the original permittee of responsibility under this chapter with respect to such well or wells.

(7) If the requirements of subsection (5) with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(8) When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture.

(9) All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging fund. This fund shall be available to the department and may be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for such plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(11) For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

HB 140, AN ACT relating to waste disposal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to and approved by the department and notice of the application for a waste disposal site or facility has been published at the expense of the applicant in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste disposal site or facility. The publication shall take place after the department has made a preliminary determination of the application.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste disposal site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this department; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste disposal site or facility may file with the department a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the waste disposal site or facility is proposed.

(4) No permit shall be issued until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. In the case of hazardous waste *incinerators,* landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to subsection (5) of this section.

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services, facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the department in writing within ten (10) days. If a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the department if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

Section 2. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first obtaining construction and operation permits from the department. The department shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste disposal facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the department by the local unit of government of its actions pursuant to KRS 224.855(5). A person desiring a construction permit shall file an application on forms supplied by the department which shall contain such information as the department deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the department. The department may consider past performance in this or related fields by the applicant. The department, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste *incinerators,* landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5).

(2) Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The department shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall deposit into an interest bearing account pursuant to an escrow agreement with the department a closure fund. Such closure fund shall be cash, irrevocable credit or other sureties satisfactory to the department in an amount equal to the cost estimate for closure. A bank or other financial institution approved by the department shall act as the escrow agent of the closure fund. The escrow agreement shall provide that disbursement is permissible only upon written approval of the department and whenever, on the basis of any information, the department determines that the owner or operator is in violation of any of the closure requirements for the facility, that the department shall have the right to use part or all of the closure fund to carry out the closure requirements. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. When the applicant has ceased operations at the facility and has completed closure of the site, he may apply to the department for return of the principle and interest in the closure fund. Upon determination that closure has been satisfactorily accomplished, the department shall release to the applicant all remaining funds accumulated in the closure fund.

(b) Any applicant for a hazardous waste disposal permit shall file with the department as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The department shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the annual cash payments during the life of the facility or over twenty (20) years whichever is shorter into a post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of twenty (20) years after facility closure. The post-closure monitoring and maintenance fund shall be established by an escrow agreement with the department and annual payments shall be placed in an interest bearing escrow account in a bank or other financial institution approved by the department which shall act as the escrow agent for the fund. The escrow agreement shall provide that whenever, on the basis of any information, the department determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the department shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The escrow agent shall release these funds upon receiving a forfeiture order of the department issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of twenty (20) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the department be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year and the interest accumulated on that portion of the fund for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the department may authorize the release of the funds to the applicant in writing. Any funds remaining in the escrow account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) Before a permit can be issued the applicant for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the department for the purpose of satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the department. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination.

(4) The department shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person

who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of twenty (20) years after closure of the facility, and may apply to the department for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least twenty (20) years. Upon receipt of such application the department shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The department shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the department may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

As used in this chapter, unless the context requires otherwise:

(1) "Commissioner" means the commissioner of revenue.

(2) "Department" means the department of revenue.

(3) "Fiduciary" means a guardian, trustee, executor, administrator, receiver, conservator, or any individual or corporation acting in a fiduciary capacity for any other person.

(4) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(5) "Adjusted prime rate charged by banks" means the average predominant prime rate quoted by commercial banks to large businesses, as determined by the board of governors of the federal reserve system.

(6) "Tax interest rate" means the interest rate determined under Section 3 of this Act.

Section 2. KRS 131.180 is amended to read as follows:

Any person who fails to make any tax report or return or pay any tax within the time required by law, for which a specific civil penalty is not provided by law, shall pay a penalty of ten per cent (10%) of the tax due, with interest from the date due at *the tax interest rate as defined in KRS 131.010(6)* [~~one per cent (1%) a month or part thereof~~], or ten dollars ($10.00) if the penalty and interest is less than this amount. This penalty shall be collected in the manner provided for the assessment and collection of taxes under the particular act involved, or collected in a civil action at the instance of the department. In addition an action may be brought to compel such person to make the report or return.

SECTION 3. A NEW SECTION OF KRS CHAPTER 131 IS CREATED TO READ AS FOLLOWS:

All taxes payable to the Commonwealth not paid at the time prescribed by statute shall accrue interest at the tax interest rate. The tax interest rate for tax liabilities that are assessed on or after July 1, *1982, shall be sixteen percent (16%). This tax interest rate shall apply until January 1, 1983, when the tax interest rate shall be adjusted as provided in this section. The commissioner of revenue shall adjust the tax interest rate not later than November 15 of any year, beginning in 1982, if the adjusted prime rate charged by banks during October of that year, rounded to the nearest full percent, is at least one (1) percentage point more or less than the tax interest rate which is then in effect. The tax interest rate shall be equal to the adjusted prime rate charged by banks rounded to the nearest full percent, and shall become effective on January 1 of the immediately succeeding year.*

Section 4. KRS 132.080 is amended to read as follows:

The taxes fixed under KRS 132.070 shall be paid to the department of revenue by the broker within thirty (30) days after the rendition of the tax bill, subject to the same rate of discount provided in KRS 134.020. The broker may charge to and collect from each customer his portion of the tax levied upon the securities held or carried for him. If the broker fails to pay the taxes when due, he shall be liable for interest thereon at *the tax interest rate as defined in KRS 131.010(6)* [~~the rate of six per cent (6%) per annum~~], and an additional penalty of ten per cent (10%) upon the amount of the taxes with interest.

Section 5. KRS 132.160 is amended to read as follows:

(1) (a) Taxes on distilled spirits that shall be assessed while in a bonded warehouse or premises as of January 1, 1967, and January 1 of each year thereafter, shall become due September 15 following the assessment date and shall become delinquent on January 1. Delinquent taxes on such distilled spirits shall be subject to the same penalties as provided by law for other tangible personal property, and the collecting officer shall have all the powers and duties to collect such delinquent taxes, penalties, and interest as provided by law for other tangible personal property in such taxing jurisdiction.

(b) Taxes and interest on distilled spirits assessed while in a bonded warehouse or premises for each year prior to January 1, 1967, on which the federal tax has not been paid, shall be due on January 1, May 1, and September 1 next after the federal tax becomes due or is paid, or after the distilled spirits are removed from the bonded warehouse or premises for transfer in bond out of this state. Provided, however, the remaining state taxes and interest on distilled spirits assessed while in a bonded warehouse or premises as of January 1, 1966 and January 1, 1965 shall be due on or before January 15, 1968; the remaining state taxes and interest on distilled spirits assessed while in a bonded warehouse or premises as of January 1, 1964 shall be due on or before January 15, 1969; the remaining state taxes and interest on distilled spirits assessed while in a bonded warehouse or premises as of January 1, 1963 shall become due on or before January 15, 1970; the remaining state taxes and interest on distilled spirits assessed while in a bonded warehouse or premises as of January 1, 1962 and all prior years shall become due on or before January 15, 1971. After July 1, 1970, any owner or proprietor, or custodian of a bonded warehouse or premises may elect to pay at one (1) time all accrued ad valorem taxes and interest. Such taxes and interest paid under this subsection shall be used for capital outlay by all local taxing jurisdictions.

(2) The taxes shall not become due by reason of a mere removal of the distilled spirits from one (1) bonded warehouse or premises to another bonded warehouse or premises within this state, but in that event the owner or proprietor from whose bonded warehouse or premises the distilled spirits are moved shall execute a bond with good and sufficient surety conditioned upon a payment of all taxes that have accrued upon the distilled spirits prior to removal from the county, city, or taxing district from which the distilled spirits are removed. The bond shall be in an amount sufficient to protect the county, city, or taxing district and shall be approved by the county judge/executive for the county, the mayor for the city, the superintendent of any school district involved, and by the person whose duty it is to collect taxes for any other taxing district. Prior to removal of any distilled spirits, the owner or proprietor from whose bonded warehouse or premises they are to be removed shall give written notice of such intention to the county, city, or taxing district, addressed to the officer thereof abovementioned and stating the quantity of distilled spirits to be moved and the name and address of the bonded warehouse or premises to which they are to be taken. After the distilled spirits are moved, the owner or proprietor shall notify the same officers of the county, city, or taxing district of the amount of accrued taxes on the distilled spirits, together with interest on the taxes. After any distilled spirits have once been moved as provided in this section and are moved again, all taxes that have accrued thereon up to the time of the second removal shall immediately become due and payable to any county, city, or taxing district to which any taxes have accrued.

(3) The taxes on each year's assessment shall bear *interest at the tax interest rate as defined in KRS 131.010(6)* [~~legal interest~~] until paid.

Section 6. KRS 132.290 is amended to read as follows:

(1) Any property which has not been listed for taxation, for any year in which it is taxable, by the time the board of supervisors completes its work for that year shall be deemed omitted property.

(2) All omitted property shall be assessed retroactively in the manner provided by law at any time within five (5) years from the date when it became omitted, but the lien thereby accruing on any such property, except real property, shall not prejudice the rights of bona fide purchasers acquired in the meantime.

(3) All omitted property voluntarily listed shall be subject to a penalty of ten per cent (10%) of the amount of taxes, and interest at *the tax interest rate as defined in KRS 131.010(6)* [~~one-half of one per~~

~~cent (.5%) per month or fraction thereof~~] from the date when the taxes would have become delinquent had the property been listed as required by law, until the date the tax bill is prepared in accordance with KRS 133.230.

(4) All omitted property not voluntarily listed shall be subject to a penalty of twenty per cent (20%) of the amount of taxes, and interest at *the tax interest rate as defined in KRS 131.010(6)* [~~one-half of one per cent (.5%) per month or fraction thereof~~] from the date when the taxes would have become delinquent had the property been listed as required by law, until the date the tax bill is prepared in accordance with KRS 133.230.

(5) When the property is assessed retroactively by action prosecuted in the manner provided by KRS 132.330 and 132.340, an additional penalty of twenty per cent (20%) of the amount of the original tax, interest and penalty shall be collected for the purpose provided in KRS 134.400 and paid into the state treasury. All other penalties and interest shall be distributed in the same manner as the tax.

Section 7. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment made by the property valuation administrator may appeal to the board of assessment appeals. The taxpayer shall appeal his assessment by filing in person or sending a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed and stating the taxpayer's opinion of the fair cash value of the property with or to the county clerk within the twelve -day period in which the inspection period. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the department of revenue, county judge/executive, mayor of any city using the county assessment or the superintendent of any school district in which the property is located, provided, such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection (4) of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any property owner who has listed his property with the property valuation administrator at its fair cash value, likewise may ask the county board of assessment appeals to review the assessments of properties he believes to be assessed at less than fair cash value, providing, he specifies, in writing the individual properties for which the review is sought and factual information upon which his request is based; such as, comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The board shall report to the property valuation administrator any property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky board of tax appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and *interest at the tax interest rate as defined in KRS 131.010(6)* [~~six percent (6%) interest~~] from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky board of tax appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 8. KRS 134.520 is amended to read as follows:

If a certificate of delinquency held by an individual is declared void by a court of competent jurisdiction because of the irregularity of taxing officers, the amount for which the certificate was issued shall be refunded by the state, county and taxing districts on a pro rata basis. If a school district or county is unable to make the refund currently when requested, it shall be given preference from the next year's revenue. The application for refund must be made within one (1) year after the judgment. The rate of interest refunded shall be *at the tax interest rate as defined in KRS 131.010(6)* [~~six per cent (6%) per annum~~], rather than twelve per cent (12%) per annum. The property covered by the void certificate shall be assessed immediately as omitted property and the tax bill shall be payable as soon as prepared.

Section 9. KRS 134.580 is amended to read as follows:

(1) When money has been paid into the state treasury in payment of any state taxes, except ad valorem taxes, whether payment was made voluntarily or involuntarily, the department of revenue shall authorize refunds or credits, to the person who paid the tax, or to his heirs, personal representatives or assigns, or any overpayment of tax and any payment where no tax was due. When a bona fide controversy exists between the department and the taxpayer as to the liability of the taxpayer for the payment of tax claimed to be due by the department, the taxpayer may pay the amount claimed by the department to be due, and if an appeal is taken by the taxpayer from the ruling of the department within the time provided by KRS 131.340 and it is finally adjudged that the taxpayer was not liable for the payment of the tax or any part thereof, the department shall authorize such refund or credit as the Kentucky board of tax appeals or courts may direct.

(2) In the event refunds or credits result from clerical error of the department or its agents, but not otherwise, refunds or credits shall be authorized with interest at the *tax interest rate as defined in KRS 131.010(6)* [~~rate of eight per cent (8%) per annum~~]. The refunds authorized by this section shall be made in the same manner as other claims on the state treasury are paid. They shall not be charged against any appropriation, but shall be deducted from tax receipts for the current fiscal year.

(3) Nothing in this section shall be construed to authorize the department to make or cause to be made any refund except within four (4) years from the date the money was paid into the state treasury. Nothing in this section shall be construed as requiring the department to authorize any refund or credit to a taxpayer without demand from the taxpayer, if in the opinion of the department the cost to the state of authorizing the refund or credit would be greater than the amount that should be refunded or credited.

(4) The terms "overpayment" and "payment where no tax was due" as used in this section shall be construed as referring to tax liability under the terms of the applicable statute without reference to the constitutionality of the statute. It is not intended that this section shall apply to any case wherein the statute may be held unconstitutional, either in whole or in part.

(5) In cases in which a statute has been held unconstitutional, taxes paid thereunder may be refunded to the extent provided by KRS 134.590, and by the statute held unconstitutional.

Section 2. KRS 157.565 is amended to read as follows:

(1) Notwithstanding any statutory provisions to the contrary, the board of education of any district in any year in which the total school tax rate is less than the maximum rate supported by the district power equalization program in that or the next subsequent school year, as provided for in KRS 157.555 and 157.560, shall have the authority to raise the maximum permissible local ad valorem tax rate as provided in KRS 160.470 to an amount not to exceed ten cents ($.10) for the school year beginning on July 1, 1978, and a rate not to exceed fifteen cents ($.15) for the school year beginning July 1, 1979 after compliance with the following:

(a) The district board of education shall give notice of the proposed rate increase. Notice shall be given by causing to be published at least one (1) time in a newspaper of general circulation in the district, or in any other good faith manner if there is no such newspaper, the fact that such rate is being levied. Such advertisement shall state that the district board of education will meet at a place and on a date fixed in the advertisement, not earlier than one (1) week and not later than two (2) weeks from the date of the advertisement, for the purpose of hearing comments and complaints regarding the proposed increase and explaining the reasons for such proposal.

(b) The order or resolution levying the school tax designated heretofore in this section shall go into effect not less than thirty (30) days nor more than one hundred twenty (120) days after its passage. If during the thirty (30) days immediately following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to twenty-five percent (25%) of the votes cast in the school district or combined taxing district levying the tax for the office receiving the greatest total vote at the last preceding presidential election is presented to the school board protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (c) of this section. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. [~~Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 116.155 or subsection (2) of KRS 116.045, as the case may be.~~] If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The board or boards of registration in the county shall provide necessary and appropriate aid to the school board or boards so that the latter may make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(c) Thereupon, if it has been determined that the petition contains enough valid signatures to suspend the effect of the order or resolution, the county board of elections shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (b) of this section at the next regular May or November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against". If a majority of the votes cast in a district upon the question oppose its passage, the order or resolution shall not go into effect in that district. If a majority of the votes cast in a district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one (1) school district within a county the votes shall be counted separately.

(2) In the event a school district tax rate is not sufficient to qualify the school district for matching funds from the power equalization fund under the provisions of KRS 157.545 through 157.575 and the school district does not elect to levy an additional ad valorem tax as provided for in subsection (1) of this section, school districts levying any of the permissive taxes provided for in KRS 160.482 through 160.648 may in accordance with regulations of the state board for elementary and secondary education recommended by the superintendent of public instruction substitute revenue from such levy to the extent that such revenue would match the maximum rate supported by the power equalization program.

Section 3. KRS 160.485 is amended to read as follows:

(1) The imposition of license fees authorized hereby shall be by order or resolution of the fiscal court. There shall be no more than one (1) such order or resolution passed in any (1) one calendar year. In the case of license fees required to be imposed pursuant to subsection (2) of KRS 160.484 the fiscal court shall make the order or resolution within ten (10) days following receipt of the first request which makes subsection (2) of KRS 160.484 effective.

(2) The order or resolution of the fiscal court imposing license fees pursuant to subsections (1), (2), or (4) of KRS 160.484 shall go into effect thirty (30) days after its passage. If during the thirty (30) days next following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to fifteen percent (15%) of the votes cast in the county for the office receiving the greatest total vote at the last preceding presidential election is presented to the fiscal court protesting against passage of the order or resolution, the order or resolution shall be suspended from going into effect until after the election referred to in subsection (3) of this section. Each sheet of the petition shall contain the names and addresses of voters in but one (1) voting precinct, and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, designation, or number of the district or ward wherein the precinct is situated. [~~Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 116.155.~~] If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The board or boards of registration in the county shall give necessary and appropriate aid to the fiscal court so that the latter body may make the initial, but not conclusive, determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution.

(3) Thereupon the fiscal court shall submit to the voters of the county at the next regular election or called common school district election, either of which to be held not less than sixty (60) days from the date of passage of said order or resolution, the question as to whether such license fees for common school purposes shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order or resolution shall not go into effect. If a majority of the votes cast upon the question favor its passage, the order or resolution shall go into effect.

(4) License fees imposed pursuant to KRS 160.482 to 160.488 shall become applicable upon the date specified in the order or resolution, but in no event later than the first day of the calendar year first beginning after the day upon which the said order or resolution is made.

Section 4. KRS 160.597 is amended to read as follows:

Any school tax authorized by KRS 160.593 to 160.597, 160.601 to 160.633, and 160.635 to 160.648 may be recalled as follows:

(1) The order or resolution levying any of the school taxes designated heretofore in this section shall go into effect not less than thirty (30) days nor more than ninety (90) days after its passage. If during the thirty (30) days immediately following the passage of the order or resolution a petition signed by a number of registered and qualified voters equal to fifteen percent (15%), except in counties containing a city of the first class, equal to five percent (5%), of the votes cast in the school district or combined taxing district levying the tax for the office receiving the greatest total vote at the last preceding presidential election is presented to the county board of elections requesting that the order or resolution of such tax be placed on the ballot for voter approval, the order or resolution shall be suspended from going into effect for that district until after the election provided for in subsection (2) of this section. The person presenting the petition shall be given a receipt indicating the date of presentation. Each sheet of the petition shall contain the names and

addresses of voters in but one (1) voting precinct and each sheet shall state the name, number, or designation of the precinct and, where applicable, the name, number or designation of the district or ward wherein the precinct is situated. [~~Each voter shall sign his name in the same manner as he signed the current registration form described in KRS 116.155 or subsection (2) of KRS 116.045, as the case may be.~~] If the signature is difficult to read, the voter shall, on the same line legibly write or print his name in the same fashion as he signed it. One or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The county board of elections shall make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution, and immediately thereafter shall notify the school board that the petition has been received and that the order or resolution levying such tax will be placed on the ballot for voter approval at the next general election. The board of elections shall certify to the school board within thirty (30) days of receipt of the petition that the petition is properly presented and in compliance with the provisions of this section. If the board of elections finds the petition to be invalid, it shall state in writing the deficiency of said petition. Written notification that the petition has been declared invalid and the deficiencies thereof shall be sent by certified mail to the person to whom a receipt was given by the board of elections, and shall be published at least one (1) time in a newspaper of general circulation within the county containing the school district levying the tax, or if there be no such newspaper, shall be posted at the courthouse door. If good cause is shown, the board of elections shall permit the petitioners to correct the deficiencies either by securing additional valid signatures or by circulating a new petition, such petition to be submitted to the board within thirty (30) days from the date of the written notification of the deficiencies.

(2) Thereupon, if it has been determined that the petition contains enough valid signatures to suspend the effect of the order or resolution, the county board of elections shall submit to the voters of the school district in which a valid recall petition has been filed pursuant to subsection (1) of this section at the next regular November election the question as to whether the tax shall be levied. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district or combined taxing district upon the question oppose its passage, the order or resolution shall not go into effect in that district or combined taxing district. If a majority of the votes cast in a district or combined taxing district upon the question favor its passage, the order or resolution shall go into effect in that district. In the event that the election is to be held in more than one (1) school district within a county the votes shall be counted separately.

(3) If any statute in existence on June 17, 1978, is found to be in conflict with any provision of this section, the provisions of this section shall prevail.

Section 5. KRS 220.040 is amended to read as follows:

(1) Before the commissioner of sanitation districts shall establish a district, a petition, approved as to propriety and necessity by the county board of health of each county affected, shall be filed with the commissioner, *containing valid signatures of* [~~signed by~~] sixty per cent (60%) of those in possession claiming as freeholders within the limits of the territory proposed to be organized into a district.

(2) In determining when sixty per cent (60%) of the landowners have signed the petition, the commissioner shall *consult* [~~be bound by~~] the names *appearing* [~~as they appear~~] upon the county tax duplicate, which for all purposes of KRS 220.010 to 220.520 shall be prima facie evidence of such ownership. The commissioner shall further require evidence to determine the fact that all signatures on the petition are genuine, and a notification by ordinary mail sent to the respective addresses shown on the petition shall be deemed satisfactory by the commissioner if the petitioner so notified fails to report in writing within ten (10) days that he did not sign the petition. When authorized by ordinance, such a petition may be signed by the governing body of any municipality lying wholly or partly within the proposed district. When so signed by such governing body a petition on the part of the governing body shall fill all requirements of representation upon the petition of the freeholders of the municipality as they appear upon the assessment roll of the municipality, and individuals within the municipality shall not sign the petition. No county shall be required to bear the expense for more than one audit of the same fund or office annually pursuant to subsection (1)(a) or (1)(b) of this section except as provided for in KRS 64.810 (3).

Should the fiscal court within sixty (60) days following receipt of said bill determine the charge to be excessive or otherwise improper it shall submit its objection to the secretary of the

If the amount billed has not been paid within sixty (60) days from date of billing, and no objection has been filed, the auditor shall notify the secretary of the department of finance and the commissioner of revenue who shall cause said amount to be deducted from the next payment or return of moneys provided by KRS 47.110 by the state to the county or counties. Deductions shall continue until the total amount due the auditor's office has been paid. All moneys received pursuant to this section shall be credited to the trust and agency account of the auditor of public accounts. (5) [~~(4)~~] Any controversy over the amount of the bill for the actual expenses incurred shall be submitted by the fiscal court to the secretary of the department of finance and the state treasurer for a decision as to the proper amount. Section 2. KRS 64.810 is amended to read as follows:

(1) Any county clerk, [~~county judge/executive, county attorney,~~] sheriff, *or* jailer *may*[~~, coroner, or constable shall have the right to~~] employ a certified public accountant to audit the books, accounts, and papers of his office in lieu of the audit conducted by the state auditor of public accounts required by KRS 43.070.

(2) If said official elects to exercise the right prescribed in subsection (1), then he shall:

(a) Notify in writing *by January 30 following the calendar year to be audited* [~~within thirty (30) days following the period to be audited,~~] the fiscal court of his county and the state auditor of the name of the certified public accountant employed by said official to audit the books, accounts, and papers of his office[~~; the auditor shall acknowledge, in writing, receipt of such notification, and approval of the use of the designated independent certified public accountant cannot be withheld unless such certified public accountant fails to conform to standard audit programs established for governmental accounting and other generally accepted accounting procedures as set forth by the Kentucky board of accountancy~~];

(b) Bear the cost of the audit from funds received or collected by him, and the cost of the audit shall be construed as an expense of his office[~~;~~

~~(c) Within a reasonable time after the certified public accountant's examination, submit the accountant's written report to the governor, the general assembly, the attorney general, the county officials' compensation board, the state librarian, the state auditor of public accounts, and the fiscal court and county attorney of his county. In addition, the official shall send the report to a newspaper having general circulation in the county of the official, and the letter of transmittal accompanying the report shall be published in said newspaper in accordance with the provisions of KRS chapter 424~~].

(3) *No county official shall enter into any contract with a certified public accountant for an audit unless the auditor of public accounts has declined, in writing, to perform the audit or has failed to respond within thirty (30) days of receipt of a written notice of the intent to employ a certified public accountant. Any contract with a certified public accountant entered into as a result of the auditor of public accounts declining to perform the audit shall specify the following:*

(a) The audit shall be completed by August 1 following the calendar year being audited;

(b) The certified public accountant shall forward a copy of the audit report and management letters to the county official, fiscal court of the county and the auditor of public accounts upon completion of the audit, and no later than August 1 following the calendar year being audited;

(c) The auditor of public accounts shall have the right to review the certified public accountant's work papers.

(4) After preliminary review of the certified public accountant's work papers, should discrepancies be found, the auditor's office may conduct its own audit to verify the findings of the certified public accountant's report. If such audit is conducted, the expenses to said county official, as directed by KRS 43.070(3) shall be construed as an allowable expense of that office. If the audit conducted by the auditor of public accounts discloses discrepancies in the audit by the certified public accountant, the findings of the auditor of public accounts shall be deemed official for purposes of collection of money owed the county pursuant to KRS 64.820.

~~reviewing the reports of the certified public accountant. After preliminary review, should discrepancies be found, nothing in this section or in KRS 43.070(1)(b) shall be construed as precluding the auditor's office from making its own investigative report or audit to verify the findings of the independent certified public accountant's report. If such investigative audit be deemed necessary, the expenses to said county official, as directed by KRS 43.070(2), shall be construed as an allowable expense of that office.~~]

Section 3. KRS 64.820 is amended to read as follows:

(1) The fiscal court shall collect any amount due the county from county officials as determined by the audit of the official conducted pursuant to KRS 43.070 and 64.810 if the amount can be collected without suit.

(2) In the event the fiscal court cannot collect the amount due the county from the county official without suit, the [~~state auditor or certified public accountant shall report the facts and amount involved to the fiscal court of the county. The~~] fiscal court shall then direct the county attorney to institute suit for the collection of the amount reported by the auditor or certified public accountant to be due the county within ninety (90) days from the date of receiving the auditor's or certified public accountant's report.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

The general assembly hereby finds and declares that the health, safety and welfare of the people of Kentucky are enhanced by the continual encouragement, development, growth and expansion of private enterprise within this Commonwealth. That there are certain economically depressed areas in the Commonwealth that need particular attention to create new jobs, stimulate economic activity and attract private sector investment rather than government subsidy to improve the quality of life of their citizens. It is the purpose of this Act to encourage new economic activity in these depressed areas of the Commonwealth by means of reduced taxes and the removal of unnecessary governmental barriers to the production and earning of wages and profits and the creation of economic growth.

SECTION 2. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

As used in this Act, unless the context otherwise requires:

(1) "Authority" means the enterprise zone authority of Kentucky;

(2) "Enterprise zone" means an area of the Commonwealth declared by the authority to be eligible for the benefits of this Act;

(3) "Qualified business" means any person, corporation or other entity who during the time of designation of an enterprise zone is engaged in the active conduct of a trade or business:

(a) With at least fifty percent (50%) of its employes performing substantially all of their services within an enterprise zone; and

(b) With individuals from one (1) or more of the following three (3) categories constituting at least twenty-five percent (25%) of the business's employes:

1. Residents of an enterprise zone;

2. Individuals who have been unemployed for at least the entire year prior to obtaining employment with the business;

3. Individuals who have received public assistance benefits, based on need and intended to alleviate poverty, for at least the entire year prior to obtaining employment with the business.

(4) "Qualified property" means:

(a) Any tangible personal property located in an enterprise zone used predominantly by the taxpayer in the zone in the active conduct of a trade or business; and

(b) Any real property located in such zone which:

1. Was used predominantly by the taxpayer in the active conduct of a trade or business; or

2. Was the principal residence of the taxpayer on the date of the sale or exchange;

(c) Any interest in a corporation, partnership, or other entity if, for the most recent taxable year of such entity ending before the date of the sale or exchange, such entity was a qualified business.

(5) "Qualified employe" means any employe who works for a qualified business.

SECTION 3. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(1) Any city, county or urban county government by act of the local legislative body may designate any area or areas within their jurisdiction to be an economically depressed area. Such city, county or urban county government may then make written application to the authority to have such area or areas declared to be an enterprise zone. Such application shall include a description of the location of the area or areas in question and such other information as the authority may require.

(2) Upon receipt of an application from a city, county or urban county government the authority shall review the application to determine whether the area or areas described in the application qualify to be designated an enterprise zone.

(3) The authority shall complete its review within one hundred twenty (120) days of receipt of the application, but may extend this time period an additional sixty (60) days if necessary. If the authority denies the application, it shall inform the unit of local government of the fact along with the reasons for the denial.

SECTION 4. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

(b) At least seventy percent (70%) of the residents living in the area have incomes below eighty percent (80%) of the median income of the residents of the city, county or urban county government requesting designation; or

(c) The population of all census tracks in the area decreased by ten percent (10%) or more between 1970 and 1980 and the city, county or urban county government requesting designation establishes to the satisfaction of the authority that either:

(b) Areas which have the widest support from the government seeking designation, the community, residents, local business and private organizations; and

(2) Any designation of an area as an enterprise zone shall remain in effect during the period beginning on the date of designation and ending on December 31 of the twentieth year following designation.

All laws of the Commonwealth [~~and its subdivisions~~] that relate to the supervision and maintenance of state [~~or local~~] confinement facilities shall be administered in a manner consistent with the provisions of KRS 211.925 to 211.940 and the rules, regulations, and standards promulgated pursuant to it.

SECTION 36. A NEW SECTION OF KRS CHAPTER 227 IS CREATED TO READ AS FOLLOWS:

(1) The bureau of corrections shall possess all authority and responsibility for fire prevention and reduction of loss by fire in jails as defined in Section 1 of this Act; provided, however, that the state fire marshal shall cooperate with the bureau of corrections in the development of fire safety regulations for jails and the training of jail inspectors employed by the bureau of corrections.

(2) Upon the request of the commissioner of the bureau of corrections, the state fire marshal shall investigate the cause and circumstances of fires or explosions in jails.

Section 37. KRS 439.179 is amended to read as follows:

(1) Any person sentenced to a jail for a misdemeanor, nonpayment of a fine or forfeiture, or contempt of court, may be granted the privilege of leaving the jail during necessary and reasonable hours for any of the following purposes:

(a) Seeking employment; or

(b) Working at his employment; or

(c) Conducting his own business or other self-employment occupation including, in the case of a woman, housekeeping and attending the needs of her family; or

(d) Attendance at an educational institution; or

(e) Medical treatment.

(2) Unless such privilege is expressly granted by the court, the prisoner is sentenced to ordinary confinement. The prisoner may petition the sentencing court for such privilege at the time of sentence or thereafter, and, in the discretion of the sentencing court, may renew his petition. The sentencing court may withdraw the privilege at any time by order entered with or without notice. *The bureau upon consultation with the jailer shall advise the court in establishing criteria in determining a prisoner's eligibility for work release.*

(3) The jailer shall notify the department for human resources which shall endeavor to secure employment for unemployed prisoners under this section. If a prisoner is employed for wages or salary, they shall, by wage assignment, be turned over to the district court which shall deposit the same in a trust checking account and shall keep a ledger showing the status of the account of each prisoner. Such wages or salary are not subject to garnishment of either the employer or the district court during the prisoner's term, and shall be disbursed only as provided in this section, but for tax purposes they are the income of the prisoner.

(4) Every prisoner gainfully employed is liable for the cost of his board in the jail, at *a reasonable* [~~the~~] amount, *not to exceed ten dollars ($10) per day,* established by *the fiscal court* [~~law~~]. If he defaults his privilege under this section is automatically forfeited. All moneys shall be collected by the district court and paid to the *county treasury for use on the jail as provided in Section 3 of this Act* [~~state treasury~~]. The fiscal court may, by ordinance, provide that the county furnish or pay for the transportation of prisoners employed under this section to and from the place of employment *and require that such costs be repaid by the prisoner.*

(5) Unless otherwise ordered by the sentencing court, the wages or salaries of employed prisoners shall be disbursed by the district court on a monthly basis for the following purposes and in the order stated:

(a) The board of the prisoner *and transportation costs incurred by the county*;

(b) Support of the prisoner's dependents, if any;

(c) Payment, either in full or ratably, of the prisoner's obligations acknowledged by him in writing or which have been reduced to judgment;

(d) The balance, if any, to the prisoner upon his discharge.

(6) [~~If the prisoner was convicted in a justice or a police court, the district judge shall have authority and jurisdiction to make all determinations and orders under this section as might otherwise be made by the sentencing court after the prisoner is received at the jail.~~

~~(7)~~] The sentencing court may direct that its functions under subsections (3) or (5) or both be performed by any bonded public official. Such order shall remain in force until rescinded by the district court.

(7)[~~(8)~~] The bureau of corrections shall, at the request of the district judge, investigate and report on the amount necessary for the support of the prisoner's dependents, *and periodically review the prisoner's progress while on leave from the jail and report its findings to the district judge.*

(8)[~~(9)~~] The jailer may refuse to permit the prisoner to exercise his privilege to leave the jail as provided in subsection (1) for any breach of discipline or other violation of jail regulations for a period not to exceed five (5) days.

[~~(10) Nothing in this statute shall be construed to affect KRS 64.150 which provides for the payment of fees to the jailer. In this section "jail" refers to all misdemeanant institutions, and "jailer" to the superintendent thereof, but, in counties of the first class, "jailer" designates the sheriff who serves as superintendent of the jail.~~]

(9)[~~(11)~~] In counties containing an urban-county form of government, the duties, responsibilities and obligations vested herein in the bureau of corrections shall be performed by the adult misdemeanant probation and work release agency of the urban-county government.

Section 38. KRS 441.010 is amended to read as follows:

(1) The county governing body *may* [~~shall~~] prescribe rules for the government and cleanliness of the county jail and the comfort and treatment of prisoners, *provided such rules are consistant with state law.* The county judge/executive *may* [~~shall~~] inspect the jail at *any reasonable time* [~~least once each month~~].

(2) Wilful violation of the rules promulgated pursuant to subsection (1) of this section shall be deemed a violation.

(3) If a prisoner in the county jail needs medical care and is a needy person, the unit of government shall pay for his medical expenses, except that any payment for medical care for prisoners of the United States government shall be governed by federal law. The determination of whether or not a person is a needy person shall be made pursuant to KRS 31.120. Such determination may be made after medical care is given if a licensed physician determines that medical care should not be delayed. The unit of government shall not pay for medical care which could be postponed until after the period of confinement without hazard to the needy person except for the initial examination by the physician to determine whether medical care is needed. Only a licensed physician may determine that medical care can be postponed without hazard. The amount and nature of payments under this subsection shall be subject to the following terms and conditions:

(a) The physician or physicians attending the prisoner shall certify, under oath, that the prisoner's condition was such that medical care could not be postponed until after the period of confinement without hazard, that medical procedures were limited to those necessary to preserve the life or health of the prisoner and that they were not of an elective nature except for the initial examination by the physician to determine whether medical care is needed; and

(b) No payments to physicians, hospitals, laboratories, or other health care providers shall exceed the maximum payments allowed to similar persons or facilities for the same or similar services under the Kentucky medical assistance program. Such services shall not include psychological testing, evaluation or care; and

(c) Prisoners who are later determined not to have been indigent, or who at a time following treatment are no longer indigent, may be required to repay the costs of payments made pursuant to this section to the unit of government which made the payment; and

(d) The terms and conditions relating to any determination of nonindigency and demands for repayment shall be under the same terms and conditions as are provided under KRS Chapters 31 and 431 relating to similar circumstances in the program for defense of indigents by the public advocate.

Section 39. KRS 441.020 is amended to read as follows:

The United States may use the jail of any county, and any city may use the jail of the county in which the city is located, by paying the *county* [~~jailer~~] the fees *set by agreement with the fiscal court* [~~allowed by KRS 64.150~~] for the type of services rendered. Any jailer shall receive and confine in jail, until lawfully discharged, persons committed under the laws of the United States or for a violation of the ordinances of any city within the county.

Section 40. KRS 441.030 is amended to read as follows:

If in any county there is no jail, or the jail is insecure, or there is danger or probable danger that any or all of the persons confined in the jail under any order or process of *a* [~~the circuit~~] court, or held to answer any charge in *a* [~~the circuit~~] court, will be removed from the jail by violence, the circuit judge shall, by an order made of record, direct that any or all of such persons be transferred to the jail of the nearest county in which the jail is secure and they can be safely kept. When any such order is made, and a copy thereof is furnished to the jailer of the county designated, he shall receive all such prisoners. If the circuit judge is not in the county, the order of transfer may be made by the district judge, who shall deliver the order, or a copy thereof, to the circuit clerk for revision by the circuit court.

Section 41. KRS 441.040 is amended to read as follows:

(1) Immediately upon the receipt of a copy of an order made pursuant to KRS 441.030, the sheriff, or if there is no sheriff, the coroner, shall transfer the prisoners to the jail of the county designated in the order. He shall deliver the prisoners to the jailer of that county at the jail, with a copy of the order, and take from him a receipt for the prisoners, which he shall return to the office of the circuit clerk of the county from which the removal was made. The clerk shall file the receipt in his office. The jailer shall receive the prisoners and safely keep them until they are properly discharged. If the jailer fails to accept and keep such prisoners, he and his sureties shall be liable in the same manner and to the same extent as if the prisoners had been regularly committed by an order of the circuit court of his county. [~~The jailer shall receive the same fees as he would receive for a prisoner committed by the circuit court of his county.~~] The officer conveying the prisoners to the designated jail, and such guards as the judge directs him to take, not exceeding the number of guards allowed in taking convicts to the penitentiary, shall receive the compensation and mileage allowed by KRS 64.070 for taking convicts to the penitentiary. The compensation shall be allowed by the circuit judge directing the transfer and paid out of the State Treasury, unless there was no jail in the county or it was rendered insecure by the failure of the fiscal court to keep it in the requisite condition, in which case it shall be paid by the fiscal court of the county. The circuit judge, in making the allowance, shall state

in the order out of which fund it shall be paid. The order of the judge directing the transfer shall be conclusive evidence that the transfer was proper and to the right jail, and shall be a justification to the jailer for holding any such prisoner in any action against him for false imprisonment.

(2) If a transfer of prisoners is necessary because there is no jail in the county or because the jail was rendered insecure by the failure of the fiscal court to keep it in the requisite condition, the cost of lodging the prisoners in the jail of the county to which they are transferred shall be borne by the fiscal court of the county from which the transfer was made at a rate set by the circuit judge. The order of transfer shall state the reasons of the transfer.

The jail in such county shall function only as a holdover or station house for the retention of persons awaiting trial, sentence or transfer, and shall be administered by the sheriff by his appointment of a superintendent therefor experienced in penal administration. The sheriff shall receive the same fees as jailers receive for the care and maintenance of said persons so confined and said fees and the other fees of his office shall be available for the operation thereof. It shall be the duty of the fiscal court of such county to appropriate money from the general funds for the operation of such jail or holdover in event the fees of his office are insufficient properly to care for the persons confined therein. Any city within the county may use such jail upon payment of the fees set *by agreement with the fiscal court* [~~out in KRS 64.150~~].

Section 44. KRS 441.420 is amended to read as follows:

(1) No political subdivision of this commonwealth, or no combination of such subdivision shall build a new jail unless the facility meets the approval or complies with the standards and regulations of *the bureau promulgated pursuant to Section 5 of this Act* [~~, as appropriate:~~

(2) The bureau [~~of corrections~~] shall review the plans and within 30 days render a decision as to whether the plans are approved. If the plans are not approved then construction shall not commence until the requisite approval is obtained.

Section 46. KRS 441.440 is amended to read as follows:

All construction of jails pursuant to approved plans shall be done as provided under those plans and no alterations to the plans or construction shall be made unless prior approval is obtained from the bureau [~~of corrections~~].

Section 47. KRS 441.500 is amended to read as follows:

(b) No payments to physicians, hospitals, laboratories, or other health care providers shall exceed the maximum payments allowed to similar persons or facilities for the same or similar services under the Kentucky medical assistance program. Such services shall not include psychological testing, evaluation or care; and

Section 39. KRS 441.020 is amended to read as follows:

The United States may use the jail of any county, and any city may use the jail of the county in which the city is located *for the incarceration of prisoners charged with or convicted of violations of the city's ordinances*, by paying the *county* [~~jailer~~] the fees *set by agreement with the fiscal court* [~~allowed by KRS 64.150~~] for the type of services rendered. Any jailer shall receive and confine in jail, until lawfully discharged, persons committed under the laws of the United States or for a violation of the ordinances of any city within the county.

Section 40. KRS 441.030 is amended to read as follows:

If in any county there is no jail, or the jail is insecure, or there is danger or probable danger that any or all of the persons confined in the jail under any order or process of *a* [~~the circuit~~] court, or held to answer any charge in *a* [~~the circuit~~] court, will be removed from the jail by violence, the circuit judge shall, by an order made of record, direct that any or all of such persons be transferred to the jail of the nearest county in which the jail is secure and they can be safely kept. When any such order is made, and a copy thereof is furnished to the jailer of the county designated, he shall receive all such prisoners. If the circuit judge is not in the county, the order of transfer may be made by the district judge, who shall deliver the order, or a copy thereof, to the circuit clerk for revision by the circuit court.

Section 41. KRS 441.040 is amended to read as follows:

(1) Immediately upon the receipt of a copy of an order made pursuant to KRS 441.030, the sheriff, or if there is no sheriff, the coroner, shall transfer the prisoners to the jail of the county designated in the order. He shall deliver the prisoners to the jailer of that county at the jail, with a copy of the order, and take from him a receipt for the prisoners, which he shall return to the office of the circuit clerk of the county from which the removal was made. The clerk shall file the receipt in his office. The jailer shall receive the prisoners and safely keep them until they are properly discharged. If the jailer fails to accept and keep such prisoners, he and his sureties shall be liable in the same manner and to the same extent as if the prisoners had been regularly committed by an order of the circuit court of his county. [~~The jailer shall receive the same fees as he would receive for a prisoner committed by the circuit court of his county.~~] The officer conveying the prisoners to the designated jail, and such guards as the judge directs him to take, not exceeding the number of guards allowed in taking convicts to the penitentiary, shall receive the compensation and mileage

allowed by KRS 64.070 for taking convicts to the penitentiary. The compensation shall be allowed by the circuit judge directing the transfer and paid out of the State Treasury, unless there was no jail in the county or it was rendered insecure by the failure of the fiscal court to keep it in the requisite condition, in which case it shall be paid by the fiscal court of the county. The circuit judge, in making the allowance, shall state in the order out of which fund it shall be paid. The order of the judge directing the transfer shall be conclusive evidence that the transfer was proper and to the right jail, and shall be a justification to the jailer for holding any such prisoner in any action against him for false imprisonment.

(2) If a transfer of prisoners is necessary because there is no jail in the county or because the jail was rendered insecure by the failure of the fiscal court to keep it in the requisite condition, the cost of lodging the prisoners in the jail of the county to which they are transferred shall be borne by the fiscal court of the county from which the transfer was made at a rate set by agreement between the two (2) fiscal courts involved. If the fiscal courts are unable to reach an agreement, the circuit judge who ordered the transfer shall establish the rate based on prisoner and facility cost data provided by the receiving jailer. The order of transfer shall state the reasons of the transfer.

Section 42. KRS 441.060 is amended to read as follows:

(1) The expense of keeping and dieting a prisoner transferred to the penitentiary or reformatory pursuant to KRS 441.050 shall be borne by the unit of government.

The jail in such county shall function only as a holdover or station house for the retention of persons awaiting trial, sentence or transfer, and shall be administered by the sheriff by his appointment of a superintendent therefor experienced in penal administration. The sheriff shall receive the same fees as jailers receive for the care and maintenance of said persons so confined and said fees and the other fees of his office shall be available for the operation thereof. It shall be the duty of the fiscal court of such county to appropriate money from the general funds for the operation of such jail or holdover in event the fees of his office are insufficient properly to care for the persons confined therein. Any city within the county may use such jail upon payment of the fees set *by agreement with the fiscal court* [~~out in KRS 64.150~~].

Section 44. KRS 441.420 is amended to read as follows:

Section 46. KRS 441.440 is amended to read as follows:

Upon effecting any such transfer, the hospitalizing court shall be notified thereof by the secretary.

HB 486, AN ACT relating to public utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.020 is amended to read as follows:

(1) No person, partnership, public or private corporation or combination thereof shall begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until such person has obtained from the appropriate commission a certificate that public convenience and necessity require such construction. Upon the filing of an application for such a certificate, and after *any public hearing which the commission may in its discretion conduct for all interested parties* [~~a public hearing of all parties interested~~], the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part. Unless exercised within one year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(4) All carriers or conveyors of electricity or electric power are declared to be common carriers and subject to the obligations incident thereto.

HB 492, AN ACT relating to utilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 278.180 is amended to read as follows:

(1) Except as provided in subsection (2) of this section, no change shall be made by any utility in any rate except upon twenty (20) days' notice to the [~~appropriate~~] commission, stating plainly the changes proposed to be made and the time when the changed rates will go into effect. The commission may order a rate change only after giving an identical notice to the utility. *The commission may order the utility to give notice of its proposed rate increase to that utility's customers in the manner set forth in its regulations* [~~, and any aggrieved party petitioning within the period for a hearing shall be entitled thereto before said order is entered~~].

(2) The commission, upon application of any utility, may prescribe a less time within which a reduction of rates may be made.

Section 2. KRS 278.190 is amended to read as follows:

(1) Whenever any utility files with the [~~appropriate~~] commission any schedule stating new rates, the commission may, upon its own motion, or upon complaint as provided in KRS 278.260, and upon reasonable notice, enter upon a hearing concerning the reasonableness of the new rates.

(2) Pending such hearing and the decision thereon, and after notice to the utility, the commission may, at any time before said schedule becomes effective, suspend the operation of said schedule and defer the use of such rate, charge, classification or service, but not for a longer period than five (5) months beyond the time when it would otherwise go into effect; and after such hearing, either completed before or after the rate, charge, classification or service goes into effect, the commission may make such orders with reference thereto as it deems proper in the matter. If the proceeding has not been concluded and an order made at the expiration of such five (5) months the utility may place the proposed change of rate, charge, classification or service in effect at the end of such period after notifying the commission, in writing, of its intention so to do. Where increased rates or charges are thus made effective, the commission may, by order, require the interested utility or utilities to maintain their records in such manner as will enable them, or the commission, or any of its customers, to determine the amounts to be refunded and to whom due in the event a refund is ordered, and upon completion of the hearing and decision may, by further order, require such utility or utilities to refund to the persons in whose behalf such amounts were paid such portion of such increased rates or charges as by its decision shall be found unreasonable. Provided, however, if the commission, at any time, during said five (5) months' suspension period, finds that [~~an emergency exists or that~~] the company's credit or operations will be materially impaired or damaged by the failure to permit said rates to become effective during said five (5) months' period, said commission may, after any hearing or hearings, permit all or a portion of said rates to become effective under such terms and conditions as the commission may, by order, prescribe.

(3) At any hearing involving the rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the utility and the commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible, and in any event not later than ten (10) months after the filing of such schedules.

(4) In the event the commission, by order, directs any utility to make a refund, as hereinabove provided, of all or any portion of such increased rates or charges, the utility shall make the same within sixty (60) days after a final determination of the proceeding by an order of the court or commission with or without interest in the discretion of the commission. If the utility fails to make such refund within sixty (60) days after such final determination, any party entitled to such refund may, after ten (10) days' written demand, bring an action therefor in any court of competent jurisdiction of this state, and may recover, in addition to the amount of the refund due, legal interest, court costs and reasonable attorney's fees. No such action may be maintained unless instituted within one (1) year after such final determination. Any number of persons entitled to such refunds may join in as plaintiffs in a single action and the court shall render a judgment severally for each plaintiff as his interest may appear.

Section 3. KRS 278.260 is amended to read as follows:

(1) The commission shall have original jurisdiction over complaints as to rates or service of any utility, and upon a complaint in writing made against any utility by any *person* [~~mercantile, agricultural or manufacturing society, or by any body politic or municipal organization, or by any utility, or by any ten (10) patrons of the utility complained of, or by any ten (10) complainants of all or any of the aforementioned classes,~~] that any rate in which the complainant is directly interested is unreasonable or unjustly discriminatory, or that any regulation, measurement, practice or act affecting or relating to the service of the utility or any service in connection therewith is unreasonable, unsafe, insufficient or unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission shall proceed, with or without notice, to make such investigation as it deems necessary or convenient. The commission may also make such an investigation on its own motion. No order affecting the rates or service complained of shall be entered by the commission without a formal public hearing.

(2) The commission shall fix the time and place for each hearing held by it, and shall serve notice thereof upon the utility and the complainant not less than twenty (20) days before the time set for the hearing. The commission may discuss any complaint without a hearing if, in its opinion, a hearing is not necessary in the public interest or for the protection of substantial rights.

(3) The complainant and the person complained of shall be entitled to be heard in person or by an attorney and to introduce evidence.

Section 4. KRS 278.310 is amended to read as follows:

[~~(1) Each commission shall fix the time and place for each hearing held by it, and shall serve notice thereof upon the utility and the complainant not less than twenty (20) days before the time set for the hearing. The commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary in the public interest or for the protection of substantial rights.~~

~~(2)~~] All hearings and investigations before the commission or any commissioner shall be governed by rules adopted by the commission, and in the conduct thereof neither the commission nor the commissioner shall be bound by the technical rules of legal evidence.

[~~(3) The complainant and the person complained of shall be entitled to be heard in person or by attorney and to introduce evidence.~~]

Section 5. KRS 278.485 is amended to read as follows:

Every gas pipeline company obtaining gas from producing wells located within this state, upon the request of the owner of the property on or over which any producing well or gas gathering pipeline is located or the owner of real estate whose property and point of desired service is located within one-half (½) air-mile of said company's producing gas well or gas gathering pipeline, shall furnish gas service to such owner and applicant, subject to and upon the following terms, conditions and provisions, to-wit:

(3) The construction of each service line, the installation, type and number of automatic gas regulators and gas meter or meters and the connection thereof with the gas producing well or pipeline shall be under the supervision of the energy commission or an agent thereof; and, shall conform to such standards of safety, location and convenience as may be prescribed by said commission.

(4) Neither the gas producer nor the gas pipeline company shall be responsible for maintaining any fixed or specified gas pressure. Neither the gas producer nor the gas pipeline company shall be liable for any accident or accidental injuries or damages which may result from any defect or failure of any automatic gas regulator or for any leakage or other defect or failure of any service line installed or constructed by the applicant.

(5) Nothing in this section shall be construed as requiring any gas pipeline company to serve any such owner of property or applicant from any line or lines *that have been held to be subject to federal jurisdiction by order of the federal energy regulatory commission or a court of competent jurisdiction* [~~established on the discharge side of any compressor station, or from any line or lines serving or connecting with any gas storage field~~]. The provisions of this section shall apply only to producing gas wells and to gas pipelines commonly known as gathering lines.

(6) Nothing in this section shall be construed to restrict the right of any gas pipeline company to abandon any gas well or any gathering pipeline, or any part thereof, and to remove any such abandoned pipeline or lines.

(7) Subject to the rules and regulations of the energy commission, any service may be disconnected and discontinued by the company for failure of the customer to pay any bill as and when due and payable.

Section 6. KRS 424.300 is amended to read as follows:

Notices of hearings by the *public service* [~~energy regulatory commission or the utility regulatory~~] commission upon applications by public utilities for rate increases or reduction or discontinuance of service, *except where advertised by mail,* shall be advertised by the *applicant utility in accordance with such reasonable regulations as the commission may prescribe* [~~commission~~] by newspaper publication in the areas that will be affected.

(1) Except as otherwise provided in this section, the boundaries of the certified territory of each retail electric supplier are hereby set as a line or lines substantially equidistant between its existing distribution lines and the nearest existing distribution lines of any other retail electric supplier in every direction, with the result that there is hereby certified to each retail electric supplier such area which in its entirety is located

substantially in closer proximity to one of its existing distribution lines than to the nearest existing distribution line of any other retail electric supplier.

(2) On or before one hundred twenty (120) days after June 16, 1972, or, when requested in writing by a retail electric supplier and for good cause shown, such further time as the [~~energy~~] commission may fix by order, each retail electric supplier shall file with the commission a map or maps showing all of its existing distribution lines. The commission shall prepare or cause to be prepared within one hundred twenty (120) days thereafter a map or maps of uniform scale to show, accurately and clearly, the boundaries of the certified territory of each retail electric supplier as established under subsection (1) of this section, and shall issue such map or maps of certified territory to each retail electric supplier. Any retail electric supplier who feels itself aggrieved by reason of a certification of territory pursuant to this section may protest the certification of territory within a one hundred twenty-day period after issuance of the map of certified territory by the commission; and the commission shall have the power, after hearing, to revise or vacate such certified territories or portions thereof.

(3) In such hearing, the commission shall be guided by the following conditions as they existed on June 16, 1972:

(a) The proximity of existing distribution lines to such certified territory.

(b) Which supplier was first furnishing retail electric service, and the age of existing facilities in the area.

(c) The adequacy and dependability of existing distribution lines to provide dependable, high quality retail electric service at reasonable costs.

Upon the filing of an application for such a certificate, and after a public hearing of all parties interested, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part. Unless exercised within one year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(4) All carriers or conveyors of electricity or electric power are declared to be common carriers and subject to the obligations incident thereto.

Section 6. KRS 278.025 is amended to read as follows:

(1) Notwithstanding any other provision of the law to the contrary, no person, partnership, public or private corporation or combination thereof shall begin the construction of any facility to be used for the generation of electricity to or for the public for compensation without having first obtained from the *public service* [~~energy~~] commission a certificate of environmental compatibility. This requirement shall not apply to such facilities for which an application for a certificate of convenience and necessity has been filed with, or granted by, the public service commission prior to June 21, 1974.

(2) Prior to making application for such a certificate such person, partnership, public or private corporation or combination thereof shall submit to the department for natural resources and environmental protection or any local pollution control district exercising concurrent jurisdiction with the department a statement of environmental compatibility of the proposed site, accompanied by a fee for evaluation of the proposed facility set pursuant to KRS 224.033(20).

(4) The department for natural resources and environmental protection (or any local pollution control district exercising concurrent jurisdiction with the department) shall within sixty (60) days after receiving the statement of environmental compatibility report to the [~~energy~~] commission any recommendation on or objections to the proposed facility. The commission upon request by the department may extend said sixty (60) day period for an additional thirty (30) days.

(5) On receipt of the report from the department for natural resources and environmental protection (or the local pollution control district) or if the period for filing said report has expired without the receipt of such report, the commission shall conduct a public hearing on the application which shall be open to all interested persons. For the purpose of this paragraph an "interested person" shall mean any person whose living environment would be affected by the construction of the proposed facility.

(6) In granting or denying the application for a certificate of environmental compatibility, the commission shall consider the community needs, the industrial development, customer requirements and the economics of the facility, all of which shall be balanced against any adverse environmental factors.

The utility shall keep copies of its schedules open to public inspection under such rules as the commission prescribes.

(2) No utility shall charge, demand, collect or receive from any person a greater or less compensation for any service rendered or to be rendered than that prescribed in its filed schedules, and no person shall receive any service from any utility for a compensation greater or less than that prescribed in such schedules.

Section 21. KRS 278.170 is amended to read as follows:

(1) No utility shall, as to rates or service, give any unreasonable preference or advantage to any person or subject any person to any unreasonable prejudice or disadvantage, or establish or maintain any unreasonable difference between localities or between classes of service for doing a like and contemporaneous service under the same or substantially the same conditions.

(2) Any utility may grant free or reduced rate service to its officers, agents or employes, and may exchange free or reduced rate service with other utilities for the benefit of the officers, agents and employes of both utilities. Any utility may grant free or reduced rate service to the United States, to charitable and eleemosynary institutions, and to persons engaged in charitable and eleemosynary work, and may grant free or reduced rate service for the purpose of providing relief in case of flood, epidemic, pestilence or other calamity. The terms "officers" and "employes," as used in this subsection, include furloughed, pensioned and superannuated officers and employes, and persons who have become disabled or infirm in the service of the utility. Notice must be given to the [~~appropriate~~] commission and its agreement obtained for such reduced rate service except in case of an emergency, in which case the commission shall be notified at least five (5) days after the service is rendered.

Section 22. KRS 278.180 is amended to read as follows:

The commission may order a rate change only after giving an identical notice to the utility, and any aggrieved party petitioning within the period for a hearing shall be entitled thereto before said order is entered.

(2) The commission, upon application of any utility, may prescribe a less time within which a reduction of rates may be made.

Section 23. KRS 278.185 is amended to read as follows:

(3) The cost of notifying customers of a rate change shall be borne by the sewerage corporation.

(4) The [~~utilities~~] commission shall make such reasonable rules and regulations as are deemed necessary to further the purpose of this section.

Section 24. KRS 278.190 is amended to read as follows:

(1) Whenever any utility files with the [~~appropriate~~] commission any schedule stating new rates, the commission may, upon its own motion, or upon complaint as provided in KRS 278.260, and upon reasonable notice, enter upon a hearing concerning the reasonableness of the new rates.

(2) Pending such hearing and the decision thereon, and after notice to the utility, the commission may, at any time before said schedule becomes effective, suspend the operation of said schedule and defer the use of such rate, charge, classification or service, but not for a longer period than five (5) months beyond the time when it would otherwise go into effect; and after such hearing, either completed before or after the rate, charge, classification or service goes into effect, the commission may make such orders with reference thereto as it deems proper in the matter. If the proceeding has not been concluded and an order made at the expiration of such five (5) months the utility may place the proposed change of rate, charge, classification or service in effect at the end of such period after notifying the commission, in writing, of its intention so to do. Where increased rates or charges are thus made effective, the commission may, by order, require the interested utility or utilities to maintain their records in such manner as will enable them, or the commission, or any of its customers, to determine the amounts to be refunded and to whom due in the event a refund is ordered, and upon completion of the hearing and decision may, by further order, require such utility or utilities to refund to the persons in whose behalf such amounts were paid such portion of such increased rates or charges as by its decision shall be found unreasonable. Provided, however, if the commission, at any time, during said five (5) months' suspension period, finds that an emergency exists or that the company's credit or operations will be materially impaired or damaged by the failure to permit said rates to become effective

during said five (5) months' period, said commission may, after any hearing or hearings, permit all or a portion of said rates to become effective under such terms and conditions as the commission may, by order, prescribe.

(3) At any hearing involving the rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the utility and the commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible, and in any event not later than ten (10) months after the filing of such schedules.

(4) In the event the commission, by order, directs any utility to make a refund, as hereinabove provided, of all or any portion of such increased rates or charges, the utility shall make the same within sixty (60) days after a final determination of the proceeding by an order of the court or commission with or without interest in the discretion of the commission. If the utility fails to make such refund within sixty (60) days after such final determination, any party entitled to such refund may, after ten (10) days' written demand, bring an action therefor in any court of competent jurisdiction of this state, and may recover, in addition to the amount of the refund due, legal interest, court costs and reasonable attorney's fees. No such action may be maintained unless instituted within one (1) year after such final determination. Any number of persons entitled to such refunds may join in as plaintiffs in a single action and the court shall render a judgment severally for each plaintiff as his interest may appear.

Section 25. KRS 278.200 is amended to read as follows:

The commission [~~having jurisdiction over the affected utility~~] may, under the provisions of this chapter, originate, establish, change, promulgate and enforce any rate or service standard of any utility that has been or may be fixed by any contract, franchise or agreement between the utility and any city, and all rights, privileges and obligations arising out of any such contract, franchise or agreement, regulating any such rate or service standard, shall be subject to the jurisdiction and supervision of the commission, but no such rate or service standard shall be changed, nor any contract, franchise or agreement affecting it abrogated or changed, until a hearing has been had before the commission in the manner prescribed in this chapter.

Section 26. KRS 278.210 is amended to read as follows:

(1) The [~~appropriate~~] commission may provide instruments for, and carry on, the examination and testing of any meter or appliance used to measure the product or service of any utility, and the examination and testing of any instrument used by a utility to test the accuracy of any meter or appliance used to measure its products or services.

(2) Any patron of a utility may, upon request and payment of the fees fixed by the [~~appropriate~~] commission, have a test made of the meter or appliance by which his use of the products or services of the utility is measured.

(3) The [~~appropriate~~] commission may establish reasonable fees for testing such meters and appliances at the request of a patron of a utility. If the appliance is found to be commercially defective or inaccurate to the extent of more than two per cent (2%) to the disadvantage of the patron, the fees shall be repaid to the patron and paid by the utility.

Section 27. KRS 278.220 is amended to read as follows:

The [~~Each~~] commission may establish a system of accounts to be kept by utilities subject to its jurisdiction, or may classify utilities and establish a system of accounts for each class, and may prescribe the manner in which such accounts shall be kept. The system established shall conform as nearly as practicable to the uniform system of accounts prescribed by the National Association of Railway and Utilities Commissioners, except that the system established for telephone and telegraph companies shall conform as nearly as practicable to the system adopted or approved by the Interstate Commerce Commission or other federal agency regulating telephone and telegraph companies.

Section 28. KRS 278.230 is amended to read as follows:

(1) The commissioners and the officers and employes of *the* [~~each~~] commission may, during all reasonable hours, enter upon the premises of any utility subject to its jurisdiction for the purpose of examining any books or records, or for making any examination or test, or for exercising any power provided for in this chapter, and may set up and use on such premises apparatus and appliances necessary for any such examination or test. The utility shall have the right to be represented at the making of any such examination, test or inspection.

(2) The books, accounts, papers and records of the utility shall be available to the commission for inspection and examination. If the books, accounts, papers and records are not within the state, the commission may, by notice and order, require their production or the production of verified copies at such time and place as it designates, any expense incurred to be borne by the utility so ordered.

(3) Every utility, when required by the commission, shall file with it any reports, schedules, classifications or other information that the commission reasonably requires. The commission shall prepare and distribute to the utilities blank forms for any information required under this chapter. All such reports shall be under oath when required by the commission.

Section 29. KRS 278.240 is amended to read as follows:

Copies of official documents and orders filed or deposited according to law in the office of *the* [~~either~~] commission, certified by a commissioner, or by the secretary under the seal of the commission, to be true copies of the originals, shall be evidence in like manner as the originals in all matters before the commission and in courts of competent jurisdiction.

Section 30. KRS 278.250 is amended to read as follows:

Whenever it is necessary in the performance of its duties, *the* [~~either~~] commission may investigate and examine the condition of any utility subject to its jurisdiction. In conducting such investigation, the commission may proceed with or without a hearing as it deems best, but shall make no order without giving a hearing to the parties affected thereby.

Section 31. KRS 278.270 is amended to read as follows:

Whenever *the* [~~either~~] commission, upon its own motion or upon complaint as provided in KRS 278.260, and after a hearing had upon reasonable notice, finds that any rate [~~of a utility subject to its jurisdiction~~] is unjust, unreasonable, insufficient, unjustly discriminatory or otherwise in violation of any of the provisions of this chapter, the commission shall by order prescribe a just and reasonable rate to be followed in the future.

Section 32. KRS 278.280 is amended to read as follows:

(1) Whenever *the* [~~either~~] commission, upon its own motion or upon complaint as provided in KRS 278.260, and after a hearing had upon reasonable notice, finds that the rules, regulations, practices, equipment, appliances, facilities or service of any utility subject to its jurisdiction, or the method of manufacture, distribution, transmission, storage or supply employed by such utility, are unjust, unreasonable, unsafe, improper, inadequate or insufficient, the commission shall determine the just, reasonable, safe, proper, adequate or sufficient rules, regulations, practices, equipment, appliances, facilities, service or methods to be observed, furnished, constructed, enforced or employed, and shall fix the same by its order, rule or regulation.

(2) The commission shall prescribe rules for the performance of any service or the furnishing of any commodity of the character furnished or supplied by the utility, and, on proper demand and tender of rates, the utility shall furnish the commodity or render the service within the time and upon the conditions provided in the rules.

(3) Any person or group of persons may come before the [~~appropriate~~] commission and by petition ask that any utility subject to its jurisdiction be compelled to make any reasonable extension. The commission shall hear and determine the reasonableness of the extension, and sustain or deny the petition in whole or in part.

Section 33. KRS 278.290 is amended to read as follows:

(1) Subject to the provisions of subsection (2) of this section, *the* [~~either~~] commission may ascertain and fix the value of the whole or any part of the property of any utility [~~subject to its jurisdiction~~] in so far as the value is material to the exercise of the jurisdiction of the commission, and may make revaluations from time to time and ascertain the value of all new construction, extensions and additions to the property of the utility. In fixing the value of any property under this subsection, the commission shall give due consideration to the history and development of the utility and its property, original cost, cost of reproduction as a going concern, capital structure, and other elements of value recognized by the law of the land for rate-making purposes.

(2) The commission shall not value or revalue the property of any utility unless the valuation or revaluation is necessary or advisable in order to determine the legality or reasonableness of any rate or service or of the issuance of securities, and then only after an investigation affecting the rate, service or securities has been instituted by the commission upon complaint or application or upon its own motion, and a hearing has been held on reasonable notice.

(3) In any rate investigation where the utility serves two (2) or more municipalities, the commission may, in computing the rate of return on the property used and useful, take as the base for the computation the valuation of the system as a whole, but may make a differential in the case of an individual municipality in proportion to the increased cost of service, if the utility can show that such a differential should be allowed.

Section 34. KRS 278.300 is amended to read as follows:

(1) No utility shall issue any securities or evidences of indebtedness, or assume any obligation or liability in respect to the securities or evidences of indebtedness of any other person until it has been authorized so to do by order of the [~~appropriate~~] commission.

(2) Application for authority to issue or assume securities or evidences of indebtedness shall be made in such form as the commission prescribes. Every such application shall be made under oath, and shall be signed and filed on behalf of the utility by its president, or by a vice president, auditor, comptroller or other executive officer having knowledge of the matters set forth and duly designated by the utility. Every such application shall be placed at the head of the docket of the commission and disposed of promptly within sixty days after it is filed with the commission, unless it is necessary for good cause to continue the application for longer time than sixty days, in which case the order making the continuance shall state fully the facts that make it necessary.

(3) The commission shall not approve any issue or assumption unless, after investigation of the purposes and uses of the proposed issue and the proceeds thereof, or of the proposed assumption of obligation or liability, the commission finds that the issue or assumption is for some lawful object within the corporate purposes of the utility, is necessary or appropriate for or consistent with the proper performance by the utility of its service to the public and will not impair its ability to perform that service, and is reasonably necessary and appropriate for such purpose.

(4) The commission may grant or deny the application in whole or in part, or may grant it with such modifications and upon such terms and conditions as the commission deems necessary or appropriate. The order of the commission shall specify that the securities or evidences of indebtedness, or the proceeds thereof, shall be used only for the lawful purposes specified in the application, and both the application of the utility and the order of the commission shall state in general terms the purpose of the issuance or assumption.

(5) A copy of any order made and entered by the commission under this section, duly certified by the secretary of the commission, shall be sufficient evidence for all purposes of full and complete compliance by the utility with all procedural and other matters required precedent to the entry of the order.

(6) Securities and evidences of indebtedness issued and obligations and liabilities assumed by a utility, for which, under the provisions of this section, the authorization of the commission is required, shall comply with the terms and conditions of the order of authorization entered prior to the issue or assumption, and where the order has been fully complied with the validity of the issue or assumption shall not be affected by a failure to comply with any provision of this section or rule of the commission relating to procedure or other matters preceding the entry of the order of authorization or order supplemental thereto.

(7) The commission may require periodical or special reports from the utility issuing any security or evidence of indebtedness. The report shall show, in such detail as the commission requires, the disposition made of such securities or evidences of indebtedness, and the application of the proceeds thereof.

(8) This section does not apply to notes issued by a utility, for proper purposes and not in violation of law, that are payable at periods of not more than two years from the date thereof, or to like notes, payable at a period of not more than two years from date thereof, that are issued to pay or refund in whole or in part any such notes, or to renewals of such notes from time to time, not exceeding in the aggregate six years from the date of the issue of the original notes so renewed or refunded.

(9) Nothing in this section implies any guarantee of securities or evidences of indebtedness by the state, or any obligation on the part of the state with respect thereto, and nothing in this section limits the power of any court having jurisdiction to authorize or cause receiver's certificates or debentures to be issued according to the rules and practice obtaining in receivership proceedings in courts of equity.

(10) This section does not apply in any instance where the issuance of securities or evidences of indebtedness is subject to the supervision or control of the federal government or any agency thereof, but the [~~appropriate~~] commission may appear as a party to any proceeding filed or pending before any federal agency if the issuance of the securities or evidences of indebtedness will materially affect any utility over which the commission has jurisdiction.

(11) This section also does not apply to the issuance of securities or evidence of indebtedness by a utility principally engaged in transportation of gas by pipeline in interstate commerce and subject to the supervision, control or jurisdiction of the federal government or any agency, board or commission thereof.

Section 35. KRS 278.310 is amended to read as follows:

(1) *The* [~~Each~~] commission shall fix the time and place for each hearing held by it, and shall serve notice thereof upon the utility and the complainant not less than twenty (20) days before the time set for the hearing. The commission may dismiss any complaint without a hearing if, in its opinion, a hearing is not necessary in the public interest or for the protection of substantial rights.

(2) All hearings and investigations before the commission or any commissioner shall be governed by rules adopted by the commission, and in the conduct thereof neither the commission nor the commissioner shall be bound by the technical rules of legal evidence.

(3) The complainant and the person complained of shall be entitled to be heard in person or by attorney and to introduce evidence.

Section 36. KRS 278.320 is amended to read as follows:

The [~~Each~~] commission and each of the commissioners may issue subpoenas, subpoenas duces tecum, and all necessary process in proceedings brought before or initiated by the commission, and such process shall extend to all parts of the state. Service of process in all proceedings brought before or initiated by the commission may be made by certified mail, return receipt requested or by registered mail, or in the same manner as other process in civil cases, as the commission directs.

Section 37. KRS 278.330 is amended to read as follows:

The [~~Each~~] commission and each of the commissioners, for the purposes mentioned in the preceding sections of this chapter, may administer oaths, examine witnesses, and certify official acts. If any person fails to comply with any lawful order of the commission or of any commissioner, or with process, or if any witness refuses to testify concerning any matter on which he may lawfully be interrogated, any circuit court judge, on application of the commission or of a commissioner, may compel obedience by proceedings for contempt as in the case of disobedience of a subpoena issued from the circuit court or a refusal to testify therein. Witnesses summoned before the commission, and witnesses whose depositions are taken pursuant to the provisions of the preceding sections of this chapter, and the officer taking the depositions, shall be entitled to the same fees as are paid for like services in circuit courts, the fees to be paid by the party in whose behalf the witness is subpoenaed.

Section 38. KRS 278.340 is amended to read as follows:

The [~~Each~~] commission or any commissioner, or any party to the proceeding, in any investigation or hearing before the commission or any commissioner, may cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for taking depositions in civil actions.

Section 39. KRS 278.350 is amended to read as follows:

No person shall be excused from testifying or from producing any book, paper or account at any inquiry by, or hearing before, *the* [~~either~~] commission or any commissioner, upon the ground that the testimony or the book, paper or account required of him may tend to incriminate him or subject him to penalty or forfeiture. No person shall be prosecuted or subjected to any forfeiture or penalty for, or on account of, anything concerning which he was compelled to testify under oath or to produce documentary evidence, except that no person so testifying shall be exempt from prosecution or punishment for perjury committed by him in his testimony.

Section 40. KRS 278.360 is amended to read as follows:

A full and complete record shall be kept of all contested proceedings had before *the* [~~each~~] commission or any commissioner on any formal hearing, and all testimony shall be taken down by a reporter appointed by the commission.

Section 41. KRS 278.370 is amended to read as follows:

Every order, finding, authorization or certificate issued or approved by *the* [~~either~~] commission under any of the preceding provisions of this chapter shall be in writing and shall be entered on the records of the commission. A certificate under the seal of the commission that any such order, finding, authorization or certificate has not been modified, stayed, suspended or revoked shall be received as evidence in any proceeding as to the facts stated therein.

Section 42. KRS 278.380 is amended to read as follows:

The [~~Each~~] commission shall deliver a certified copy of any order issued by it to each party to the proceeding in which the order was made, and to an officer or agent of the utility affected thereby.

Section 43. KRS 278.390 is amended to read as follows:

The [~~Each~~] commission may compel obedience to its lawful orders by mandamus, injunction or other proper proceedings in the Franklin circuit court or any other court of competent jurisdiction, and such proceedings shall have priority over all pending cases. Every order entered by the commission shall continue in force until the expiration of the time, if any, named by the commission in the order, or until revoked or modified by the commission, unless the order is suspended, or vacated in whole or in part, by order or decree of a court of competent jurisdiction.

Section 44. KRS 278.400 is amended to read as follows:

After a determination has been made by *the* [~~either~~] commission in any hearing, any party to the proceedings may, within twenty (20) days after the service of the order upon him, apply for a hearing with respect to any of the matters determined. The application shall specify the matters on which a rehearing is sought. The commission shall either grant or deny the application for rehearing within twenty (20) days after it is filed, and failure of the commission to act upon the application within that period shall be deemed a denial of the application. Notice of the hearing shall be given in the same manner as notice of an original hearing. Upon the rehearing any party may offer additional evidence that could not with reasonable diligence have been offered on the former hearing. Upon the rehearing, the commission may change, modify, vacate or affirm its former orders, and make and enter such order as it deems necessary.

Section 45. KRS 278.420 is amended to read as follows:

If an action is commenced against *the* [~~either~~] commission because of an order made in any proceedings before it, the commission shall promptly cause a certified transcript of all proceedings had and testimony taken therein to be made and filed with the clerk of the court in which the action is pending. The cost of preparing and certifying the record shall be paid to the commission by the party bringing the action, and taxed as part of the costs, to be paid as directed by the court upon final determination of the action. Copies of the transcript shall be furnished at cost to any party to the proceeding.

Section 46. KRS 278.430 is amended to read as follows:

In all trials, actions or proceedings arising under the preceding provisions of this chapter or growing out of *the* [~~either~~] commission's exercise of the authority or powers granted to it, the party seeking to set aside any determination, requirement, direction or order of the commission shall have the burden of proof to show by clear and satisfactory evidence that the determination, requirement, direction or order is unreasonable or unlawful.

Section 47. KRS 278.485 is amended to read as follows:

Every gas pipeline company obtaining gas from producing wells located within this state, upon the request of the owner of the property on or over which any producing well or gas gathering pipeline is located or the owner of real estate whose property and point of desired service is located within one-half (½) air-mile of said company's producing gas well or gas gathering pipeline, shall furnish gas service to such owner and applicant, subject to and upon the following terms, conditions and provisions, to-wit:

(1) The gas service shall be furnished at rates and minimum monthly charges determined by the *public service* [~~energy~~] commission.

(2) The applicant for such gas service shall construct or cause to be constructed, and shall maintain and keep in good repair, the service lines, and shall provide and install or cause to be installed, and keep in good repair, the necessary automatic gas regulators, and shall pay the entire cost thereof. The company, at its own expense, shall provide, install and maintain the necessary gas meters.

(3) The construction of each service line, the installation, type and number of automatic gas regulators and gas meter or meters and the connection thereof with the gas producing well or pipeline shall be under the supervision of the *public service* [~~energy~~] commission or an agent thereof; and, shall conform to such standards of safety, location and convenience as may be prescribed by said commission.

(4) Neither the gas producer nor the gas pipeline company shall be responsible for maintaining any fixed or specified gas pressure. Neither the gas producer nor the gas pipeline company shall be liable for any accident or accidental injuries or damages which may result from any defect or failure of any automatic gas regulator or for any leakage or other defect or failure of any service line installed or constructed by the applicant.

(5) Nothing in this section shall be construed as requiring any gas pipeline company to serve any such owner of property or applicant from any line or lines established on the discharge side of any compressor station, or from any line or lines serving or connecting with any gas storage field. The provisions of this section shall apply only to producing gas wells and to gas pipelines commonly known as gathering lines.

(6) Nothing in this section shall be construed to restrict the right of any gas pipeline company to abandon any gas well or any gathering pipeline, or any part thereof, and to remove any such abandoned pipeline or lines.

(7) Subject to the rules and regulations of the *public service* [~~energy~~] commission, any service may be disconnected and discontinued by the company for failure of the customer to pay any bill as and when due and payable.

Section 48. KRS 278.510 is amended to read as follows:

(1) No telephone company doing an exchange business in a city shall consolidate with any other telephone company doing an exchange business in the same city, or purchase, lease or operate the plant or line of any such company, until the proper city authorities have found, after such investigation as they deem necessary, that no substantial public benefits result from the separate existence of the companies and that actual competitive conditions do not exist, and have stated their finding in a resolution consenting to such consolidation, lease, sale or operating arrangement.

(2) No telephone company doing a toll line business shall consolidate with any other company doing a like business whose lines serve the same communities or localities, or purchase, lease or operate the plant or lines of any such company until the *public service* [~~utility~~] commission has found, after such investigation as it deems necessary, that no substantial public benefits result from the separate existence of the companies and that actual competitive conditions do not exist, and has stated its finding in a resolution consenting to such consolidation, lease, sale or operating arrangement. Whenever a joint application of two (2) or more such telephone companies requesting such finding and consent is filed with the *public service* [~~utility~~] commission, the commission shall make such investigation, hold such hearings, examine such witnesses and require the production of such books, papers, and records as it deems pertinent to the determination of the application, and shall grant or withhold such consent as the facts warrant.

(3) The *public service* [~~utility~~] commission shall have jurisdiction of those matters set out in section 201 of the constitution that relate to telephone companies, and shall enter in its minutes a record of its acts in relation thereto.

Section 49. KRS 278.530 is amended to read as follows:

(1) Whenever any telephone company desires to connect its exchange or lines with the exchange or lines of another telephone company and the latter refuses to permit this to be done upon reasonable terms, rates and conditions, the company desiring the connection may proceed as provided in subsection (2) or as provided in subsection (3) of this section.

(2) The company desiring the connection may file a written statement with the *public service* [~~utility~~] commission setting out the reasons why the connection is desired and the points at which the connection should be made, and giving the name and address of the owner or chief officer residing in this state of each company with which the connection is desired. The secretary of the commission shall thereupon cause a copy of the written statement to be served upon the companies owning or operating such lines or exchanges,

by mailing a copy to the owner or chief officer residing in this state, and shall fix a date, not earlier than ten (10) days from the date of mailing the notice, for the hearing of the application. Upon the day so fixed for the hearing, the companies may respond in writing to the application, and either side may introduce such testimony as it desires and be heard by attorneys. After the hearing is completed the commission shall make its finding and enter it in a book to be kept for that purpose, and shall mail a copy thereof to each side; and if the commission directs the connection to be made it shall indicate the points where the connection is to be made, the number of wires to be connected, the terms and conditions and the rates to be charged, and the division of the rates charged between the companies handling the messages. The cost of making the connection shall be borne equally by the parties. If any company refuses to make a connection for a period of thirty (30) days after the finding of the commission directing the connection to be made, the company desiring the connection may make the connection and may recover one-half (½) of the cost thereof from the company so refusing.

(3) In lieu of the procedure provided in subsection (2) of this section, the company desiring the connection may compel the connection upon reasonable terms by suit in equity in the Franklin Circuit Court or in the circuit court of the county in which the company making the demand resides or has its chief office in this state, and the court shall, by mandatory injunction, compel the physical connection of the wires and interchange of messages, and enforce the same by contempt proceedings and in the same manner that other mandatory injunctions are enforced.

(1) Any officer, agent or employe of a utility, as defined in KRS 278.010, and any other person who willfully violates any of the provisions of KRS 278.010 to 278.450, or who procures, aids or abets any violation of those provisions by any such utility, shall be fined not more than one thousand dollars ($1,000) or imprisoned for not more than six (6) months, or both. If any such utility that is a private corporation violates any of the provisions of KRS 278.010 to 278.450, or does any act therein prohibited, or fails to perform any duty imposed upon it under those sections for which no penalty has been provided by law, or fails to obey any lawful requirement or order of the *public service* commission [~~having jurisdiction~~], the utility shall for each offense forfeit and pay to the state treasurer, to be credited to the general fund, a sum not less than twenty-five dollars ($25.00) nor more than one thousand dollars ($1,000). Each act, omission or failure by an officer, agent or other person acting for or employed by a utility and acting within the scope of his employment shall be deemed to be the act, omission or failure of the utility.

(2) Actions to recover the principal amount due and penalties under KRS 278.010 to 278.450 and this subsection shall be brought in the name of the commonwealth in the Franklin Circuit Court. Whenever any utility is subject to a penalty under KRS 278.010 to 278.450 or this subsection, the *public service* commission [~~having jurisdiction~~] shall certify the facts to its counsel, who shall bring an action for recovery of the principal amount due and the penalty. The commission may compromise and dismiss the action on terms approved by the court. The principal amount due shall be paid into the state treasury and credited to the account of the commission, and all penalties recovered in such actions shall be paid into the state treasury and credited to the general fund.

(3) Any utility that fails to pay an assessment as provided for by KRS 278.130 to 278.150 shall forfeit and pay to the state one thousand dollars ($1,000), and twenty-five dollars ($25.00) for each day it fails to pay the assessment, and shall not be released thereby from its liability for the assessment.

(4) Any utility that issues any securities or evidences of indebtedness, or assumes any obligation or liability in respect to the securities or evidences of indebtedness of any other person, or makes any sale or other disposition of securities or evidences of indebtedness, or the proceeds thereof, for purposes other than the purposes specified in the order of the commission made with respect thereto under KRS 278.300, shall be fined not more than ten thousand dollars ($10,000).

(5) Any utility that violates any of the provisions of KRS 278.460 shall be fined not less than one hundred dollars ($100) for each offense.

(6) Any company that willfully fails to receive, transport and deliver oil or gas as required by KRS 278.490 shall, in addition to being liable in damages to the injured person, be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500), and each day of wilful failure shall constitute a separate offense.

(7) Any telephone company that refuses to make a connection with the exchange or lines of another company for a period of thirty (30) days after being ordered to do so by the *public service* [~~utility~~] commission under subsection (2) of KRS 278.530 shall be fined not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000), to be recovered by indictment in the Franklin Circuit Court or in the circuit court of the county where the company requesting the connection resides or has its chief office in this state. If the company desiring the connection proceeds to make the connection, as permitted by subsection (2) of KRS 278.530, and the company so connected with refuses to receive and transmit the toll messages offered to it by the company making the connection, or refuses to deliver messages from its own lines or exchanges to the lines or exchanges of the company making the connection, the company so refusing shall

be fined one hundred dollars ($100) for each day it refuses, to be recovered by indictment in the courts mentioned in the first sentence of this subsection; if it continues so to refuse for a period of six (6) months it shall forfeit its right to do business in this state, and any of its officers, agents or employes who does or attempts to do any business in this state for it after the expiration of the six (6) months' period shall be fined fifty dollars ($50.00) for each day he does or attempts to do such business.

(8) Any company that violates any of the provisions of KRS 278.520 or 278.530 for which there is no other penalty provided shall be fined five hundred dollars ($500) for each offense, and each day of such violation shall constitute a separate offense.

Section 51. KRS 278.992 is amended to read as follows:

Any person who violates any regulation adopted and filed pursuant to KRS chapter 13 by the *public service* [~~energy~~] commission governing the safety of pipeline facilities and/or the transportation of gas as those terms are defined in the natural gas pipeline safety act of 1968, U. S. congress, shall be subject to a civil penalty to be assessed by the *public service* [~~energy~~] commission not to exceed $1,000 for each violation for each day that the violation persists. However, the maximum civil penalty shall not exceed $200,000 for any related series of violations. Any civil penalty assessed for such a violation may be compromised by the commission. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of the violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owing by the commonwealth of Kentucky to the person charged or may be recovered in a civil action in the Franklin Circuit Court.

Section 52. The statute reviser is directed to change the terms "energy regulatory commission" and "utility regulatory commission" to public service commission in statutes where one or both of these terms appear.

(1) *An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth* [~~It is the intention of the general assembly that an automated motor vehicle and trailer registration system be developed and that pilot projects be instituted in selected counties, subject to the agreement of the county clerk of a selected county. The counties in which pilot projects shall be instituted shall be selected by the secretary of the department of transportation in consultation with the departments of revenue and justice~~]. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration in their offices, and certificates of title in Frankfort, by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, to ensure development of a common vehicle information data base to improve efficiency

in auditing motor vehicle usage tax, [~~and~~] license fee collections, *and in collecting personal property tax* to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The department of transportation is hereby directed to, *as expeditiously as practicable,* develop an automated motor vehicle and trailer registration *and titling* system [~~design~~], having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be *operated in all counties of the Commonwealth* [~~tested in selected counties~~].

(3) *All* [~~The department of transportation is directed to ensure that the system developed will produce the necessary reports in such manner and at such times as the departments of revenue and justice request, to enable these departments to audit the taxes and fees collected by the county clerk in connection with the registration of a motor vehicle or trailer required to be registered in this state, and that the system produces such other information as the department of justice may reasonably require in connection with the registration of a motor vehicle or trailer, in carrying out the duties of that department as they relate to the regulation of motor vehicles or a traffic records system.~~

~~(4) The~~] departments of *state government affected by the system* [~~revenue and justice~~] are hereby directed to cooperate with the department of transportation for purposes of assuring orderly implementation of this chapter.

SECTION 2. A NEW SECTION OF KRS CHAPTER 186A IS CREATED TO READ AS FOLLOWS:

(1) (a) There is hereby created and established in the state treasury the auctioneer's education, research and recovery fund.

(b) In addition to the license fees provided for in KRS 330.070, upon renewal of every apprentice or principal auctioneer's license as of July 15, 1982 and every regular annual renewal date thereafter, the

board shall charge each and every licensee an amount not to exceed thirty dollars ($30) per year to be included in the auctioneer's education, research and recovery fund. Each and every original applicant for apprentice or principal auctioneer's license on and after July 15, 1982 shall likewise submit to the board an additional fee of thirty dollars ($30) to be deposited in the auctioneer's education, research and recovery fund and shall also be subjected thereafter to an annual renewal fee as of the regular renewal date.

(c) In addition to the license fees provided for in KRS 330.070, the board, based upon its own discretion as to need, may assess each licensee upon renewal an amount equal to or less than thirty dollars ($30) per year, or nothing, but not more. Each original applicant must pay the original amount of thirty dollars ($30), but upon renewal will pay the same fee as other licensees.

(2) The purposes of the auctioneer's education, research and recovery fund shall be as follows:

(a) When a licensee has been duly found guilty of violating any one (1) or more of the provisions of KRS 330.110, or any one (1) or more of the rules and regulations duly promulgated by the board, and upon the conclusion of a final order entered by the board or by the courts, if appealed, the board is authorized to pay to the aggrieved person or persons an aggregate amount not to exceed ten thousand dollars ($10,000) against any one (1) licensee, provided that the licensee has refused to pay such claim within a period of twenty (20) days of entry of a final order and provided further that the amount or amounts of money in question are certain and liquidated.

(b) The board shall maintain a minimum level of one hundred twenty thousand dollars ($120,000) for recovery and guaranty purposes. These funds may be invested and reinvested in the same manner as funds of the state employes' retirement system and the interest from said investments shall be deposited to the credit of the research and recovery fund, or, in the discretion of the board, to the agency fund account as set out in KRS 330.050(6). Sufficient liquidity, however, will be maintained so that there will be money available to satisfy any and all claims which may be processed through the board by means of administrative hearing as outlined in this chapter.

(c) The board, in its discretion, may use any and all funds in excess of the one hundred twenty thousand dollar ($120,000) level, regardless of whether it is from the auctioneer's education, research and recovery fund fees or accrued interest thereon, for the following purposes:

1. To carry out the advancement of education and research in the auction field for the benefit of those licensed under the provisions of this chapter and the improvement and making even more efficient the auction industry as such;

2. To underwrite educational seminars, caravans and other forms of educational projects for the use and benefit generally of auctioneer licensees;

3. To establish an auction chair or courses at Kentucky state institutions of higher learning for the purpose of making such courses available to licensees and the general public who may seek same on a college or university level;

4. To contract for a particular research project in the auction field for the Commonwealth of Kentucky;

5. To sponsor, contract for and to underwrite any and all other educational and research projects of a similar nature having to do with the advancement of the auction field in Kentucky; and

6. To cooperate with associations of auctioneers and any and all other groups for the enlightenment and advancement of the auctioneer licensees of Kentucky.

(3) (a) In the event that a licensee is found guilty of one (1) or more provisions of KRS 330.110 or one (1) or more rules and regulations of the board, and if the amount of the money lost by the aggrieved party or parties is in dispute or cannot be determined accurately, then the amount of damages shall be determined by a circuit court in the county where the alleged violation took place, provided that the board has previously determined that a violation of the license laws or rules and regulations has occurred and a final order has been entered.

(b) If such an order has been entered and the auctioneer license rights of the licensee have been finally adjudicated, then the local circuit court shall make a finding as to the monetary damages growing out of the aforesaid violation or violations.

(c) When a final order has been entered by the circuit court or court of appeals, and upon certification to the board, the aggrieved party or parties shall be paid such amount or amounts not to exceed ten thousand dollars ($10,000) by the board, and the auctioneer's license held by the licensee against whom the claim was made by the aggrieved party shall be suspended at least until such time as the licensee has reimbursed the auctioneer's education, research and recovery fund for all amounts paid to the aggrieved party due to the violation of the licensee.

(d) When, upon the final order of the court, the board has paid from the auctioneer's education, research and recovery fund any sum to the aggrieved party, the board shall be subrogated to all of the rights of the aggrieved party to the extent of the payment and the aggrieved party shall to the extent of the payment assign his right, title and interest in the judgment to the commission.

(e) Any funds in excess of the one hundred twenty thousand dollar ($120,000) level and which are not being currently used, may be invested and reinvested as set forth in subsection (2)(b) of this section.

(1) A nonresident may become an auctioneer or apprentice auctioneer by conforming to all the conditions of this chapter.

(2) In every instance the nonresident must pay the issuance fee, the annual renewal fee and file the bond required by this chapter.

(3) In addition, every nonresident applicant shall file an irrevocable consent that actions may be commenced against the applicant in any court of competent jurisdiction in the Commonwealth, by the service of any summons, process or pleadings authorized by law on the secretary of the board. The consent shall stipulate and agree that the service of such process, summons or pleadings on the secretary shall be taken and held in all courts to be as valid and binding as if actual service had been made upon the applicant in Kentucky. In case any summons, process or pleadings are served upon the secretary of the board, it shall be by duplicate copies, one of which shall be retained in the office of the board, and the other immediately forwarded by certified mail, return receipt requested to the last known business address of the applicant against which the summons, process or pleadings may be directed.

(4) In the event a nonresident applicant for principal auctioneer's license should reside in a state which does not prescribe qualifications for licensing as set out in KRS 330.095, the board may waive the apprenticeship requirement set out in KRS 330.070(1) provided that said nonresident non-reciprocal applicant resides so far away as to prevent his serving a bona fide apprenticeship under a licensed Kentucky auctioneer, and further provided that such applicant must exhibit to the board by affidavit or by other evidence as required by it that his experience and competency are sufficient to qualify him to take the examination for principal auctioneer.

Section 7. KRS 330.095 is amended to read as follows:

Any *nonresident applicant* [~~person~~] who is a licensed auctioneer or apprentice auctioneer in another state or country where the qualifications prescribed at the time of licensing were, in the opinion of the board, equal to those prescribed in the Commonwealth at the date of application, and where reciprocal licensing privileges satisfactory to the board are granted to licensees of the Commonwealth, may be granted a license without an examination. A fee of fifty dollars shall be collected from each applicant meeting the above requirements.

Section 8. KRS 330.080, Bond, is repealed.

SECTION 1. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

Any interest in oil and gas shall, if unused for a period of twenty (20) years, be extinguished, and the ownership shall revert to the owner of the surface estate at the time the interest is extinguished, unless a statement of claim is filed in accordance with Section 4 of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

A mineral interest means the interest which is created by an instrument transferring, either by grant, assignment, reservation, or otherwise, an interest of any kind in oil and gas.

A mineral interest shall be deemed to be used when oil and gas are produced thereunder, or when operations are being conducted thereon for injection, withdrawal, storage or disposal of water, gas, or oil, or when rentals or royalties are being paid by the owner thereof for the purpose of delaying or enjoying the use or exercise of such rights, or when any such use is being carried out on any tract with which such mineral interest may be unitized or pooled for production purposes, or when taxes are paid on such mineral interest by the owner. Any use pursuant to or authorized by the instrument creating such mineral interest shall be effective to continue in force all rights granted by such instrument.

SECTION 4. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

(2) Failure to file a statement of claim within the time provided in subsection (1) of this section shall not cause a mineral interest to be extinguished if the owner of such mineral interest files the statement of claim within sixty (60) days after service of notice by publication as provided in Section 5 of this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

HB 398, AN ACT relating to mineral interests.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

As used in this Act the following definitions shall apply:

(1) A "severed mineral interest" is any whole or fractional interest in any or all minerals which have been severed from the surface estate by grant, exception, reservation or other means.

(2) An "unknown or missing owner" is any person vested with a severed mineral interest and whose present identity or location cannot be determined from the records of the county in which the land is located or by diligent inquiry in the vicinity of the owner's last known place of residence, and shall include his unknown heirs, successors and assigns.

SECTION 2. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

The circuit court of the county wherein the severed mineral interests sought to be leased, or the major portion thereof, is situated shall have jurisdiction of the proceedings authorized under Sections 3 through 9 of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

(1) If the title to any severed mineral interest is vested in an unknown or missing owner and it appears that the development of the minerals will be advantageous to the owner, the circuit court of the county in which the minerals or the major portion thereof lies shall have the power to declare a trust therein, appoint a trustee for the unknown or missing owners and authorize the trustee to sell, execute and deliver a valid lease thereon on terms and conditions customary in the area for the minerals covered thereby and similarly situated. The lease shall continue in full force and effect after the termination of the trust unless the lease has previously expired by its own terms.

(2) Proceedings for the appointment of a trustee may be instituted by any person:

(a) Vested in fee simple with the surface estate overlying the particular minerals sought to be developed;

(b) Vested in fee simple with an undivided interest in the particular minerals sought to be developed;

(c) Vested in fee simple with the entire interest in the particular minerals sought to be developed under lands immediately adjacent and contiguous to those lands under which the same minerals are vested in unknown or missing owners; or

(d) Vested with a valid and subsisting mineral lease, the lessor of which is a person defined under either paragraph (b) or (c) of this subsection.

SECTION 4. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

(1) The person seeking to impress a trust upon a severed mineral interest for the purpose of leasing and developing same shall join as defendants to the action all those persons having record title thereto who are unknown or missing and the unknown heirs, successors and assigns of all such persons. The persons named as defendants and who are the unknown or missing owners as defined herein, shall stand for and represent the full title and the whole interest of the unknown or missing owners in the severed mineral interest or estate or interest therein. All parties not in being who might have some contingent or future interest therein, and all persons whether in being or not in being, having any interest, present, future or contingent, in the severed mineral interests sought to be leased, shall be fully bound by the proceedings hereunder.

(2) There shall be filed a verified petition specifically setting forth the efforts to locate and identify the unknown or missing owners of the interests to be leased and such other information known to the petitioner which might be helpful in identifying or locating the present owners thereof. There shall be attached to the petition as an exhibit thereto a certified copy of the instrument creating the original severance and such additional instruments as are necessary to show the vesting of title to the minerals in the last record owner thereof. The petitioner shall establish to the satisfaction of the court that a diligent effort has been made to identify and locate the present owners of said interests.

(3) Service of process shall be as provided by the Kentucky Rules of Civil Procedure and there shall be filed a lis pendens notice in the county clerk's office of the county wherein the mineral estate or the larger portion thereof lies. Immediately upon the filing of the petition, the petitioner shall advertise as provided in KRS Chapter 424. Both the advertisement and the lis pendens notice shall contain the names of all of the parties and their last known addresses, the date and recording data of the original deed or other conveyance which created the mineral severance, an adequate description of the land as contained therein, the source of title of the last known owners of the severed mineral interests and a statement that the action is brought for the purpose of impressing a trust authorizing the execution and delivery of a valid and present mineral lease for development of the particular minerals described in the petition. The court, in its discretion, may order advertisement elsewhere or by additional means if there is reason to believe that additional advertisement might result in identifying and locating the unknown or missing owners.

(4) The court shall appoint a trustee ad litem, who shall be a licensed, practicing attorney, to represent the unknown or missing owners and their unknown heirs, successors and assigns. The trustee ad litem shall review the petition and file an answer and such other pleadings as are necessary and proper to represent fairly the interest of the unknown or missing owners. It shall be the duty of the trustee ad litem to make an independent inquiry and search for the purpose of identifying and locating the unknown or missing owners and he shall report to the court the results of the investigation. The court shall allow the trustee ad litem a reasonable fee for his services to be taxed as costs.

SECTION 5. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

(1) If upon presentation to the circuit court of the petition, the answer of the trustee ad litem and the proof presented by the petitioner in such case, it appears to the court that development of the severed mineral interests, will be advantageous to the unknown or missing owners, the court shall declare a trust in the lands or estate or interest therein, appoint a trustee therefor and authorize the trustee to sell, execute and deliver a valid mineral lease covering the severed mineral interests in and underlying the lands.

(2) Should the court appoint a trustee pursuant to subsection (1) of this section, the court shall, in its decree, require the trustee to give a bond in favor of the owners of the severed mineral interest which is to be leased and shall fix the amount of the bond. The decree of the court shall further provide for all of the terms and provisions of the lease which the trustee is authorized to make. It shall be discretionary with the court as to whether or not the trustee's sale of lease shall be public or private and the decree shall provide therefor, and if a public sale be authorized, the court shall in its decree fix and determine the notice to be given. The sale shall be for cash, payable on confirmation of sale. No appraisal shall be required.

(3) The trustee shall proceed in compliance with the provisions of the decree to sell the lease authorized thereby, and after making the sale shall make a report thereof to the court. Upon filing the report, the court may hear evidence as to whether or not the sale price is reasonable and if the court is satisfied with the sale and the amount received therefor, the sale shall be confirmed by the court and the lease shall be executed by the trustee with the approval of the court endorsed on the face thereof.

(4) The court shall not authorize a trustee's lease upon the severed mineral interest of any owner whose identity and whereabouts is known, or can be ascertained by diligent inquiry, or is discovered as a result of the action brought hereunder; and any such owner may intervene as a matter of right at any time prior to the entry of judgment approving the trustee's lease, for the purpose of establishing his title to the severed mineral interests, and if the mineral owners claim is established to the satisfaction of the court, the court shall dismiss the action as to the intervenor's interest at plaintiff's cost.

(5) The trustee shall collect the proceeds, if any, from the sale of the lease and hold and invest the same for the use and benefit of the unknown or missing owners. The court upon its own motion or upon motion of the trustee may authorize the trustee to expend an amount not to exceed ten percent (10%) of the funds collected by the trustee for the purpose of instituting a search for the unknown or missing owners.

(6) Within seven (7) years after the date of first commercial production of the severed mineral interests under the trustee's lease, any person being an unknown or missing owner of the severed mineral interest or any undivided portion thereof, may petition the circuit court to re-docket the action in which the trustee's lease was sought and approved in accordance with subsection (3) of this section and may thereupon present such proof as the court may deem necessary to establish his identity and title to the severed mineral interest or any portion thereof. If the court finds that the unknown or missing owners have established their identity and title, the trustee shall be directed to distribute the funds in his hands attributable to the unknown or missing owners' interest, and shall assign all future proceeds from said lease to the owners as their interest appear and shall deliver to the owners a recordable instrument documenting their title to the severed mineral interest, which instrument shall bear the endorsement and approval of the circuit court on the face thereof.

SECTION 6. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

(1) If the severed mineral interests which are the subject of a trustee's lease executed and delivered in accordance with subsection 5(3) of this Act are produced commercially, and the owners of the severed mineral interests remain unknown or missing for a period of seven (7) years from the date of first production under the lease, the trustee shall file a motion with the court naming the then present surface owners as additional parties and require the surface owners to appear and present proof to the satisfaction of the court that they are vested with fee simple title to the surface estate. Upon a finding by the court that the surface estate is vested in fee simple in the surface owners, the court shall order the trustee to convey to the surface owners by recordable instrument the unknown or missing owners' interest in the severed mineral interests, which conveyance shall be approved by endorsement by the court on the face thereof.

(2) The trustee shall pay to the treasurer of the Commonwealth of Kentucky the funds which have accrued to the credit of the severed mineral interests to the date of his final report after payment of all allowable fees, expenses and court costs including a fee to be paid to the trustee in an amount determined by the court.

(3) From and after the date of the conveyance from the trustee to the surface owners executed and delivered in accordance with subsection (1) of this section, the surface owners shall be entitled to receive all proceeds of production attributable to the severed mineral interests.

(4) Upon the delivery of the conveyance directed in subsection (1) of this section, and after the payment as directed in subsection (2) of this section, the trustee shall make his final report to the court, and upon approval thereof, the court shall order the trust terminated and the trustee and his bond discharged.

SECTION 7. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

If the leased minerals are never produced commercially during the term of the trustee's lease, the trustee shall pay any proceeds accruing from the lease to the treasurer of the Commonwealth of Kentucky upon the termination of the lease in accordance with its terms or upon the expiration of seven (7) years following the date of judgment authorizing the lease, whichever last occurs. The payments shall be made in the same manner and on the same conditions as expressed in subsection 6(2) of this Act.

SECTION 8. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

All attorneys' fees, expenses, and court costs incident to the original proceedings authorized hereunder shall be paid by the lessee if a lease is executed pursuant hereto, and by the plaintiff if for any reason no lease is executed. Subsequent to entry of judgment, all allowable fees, expenses, and court costs shall be paid out of funds in the hands of the trustee.

SECTION 9. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

After the expiration of seven (7) years from the date of first commercial production of the severed mineral pursuant to the terms of the lease authorized hereunder, or the expiration of seven (7) years from the date of entry of judgment authorizing the lease in the event there is no commercial production, whichever date last occurs, no action may be brought by any unknown or missing owner to recover any past or future proceeds accrued or to be accrued from the lease herein authorized. After the expiration of seven (7) years from the date of first commercial production of the severed mineral pursuant to the terms of the lease authorized hereunder, no action may be instituted by any unknown or missing owner to recover any right, title or interest in and to the severed mineral interest subject to the lease.

(2) The commissioner shall *examine* [~~make an annual examination of~~] the affairs, business, office, and records of every licensee *as necessary* [~~, and such further examinations or investigations as he deems~~

(4) If it is for use by man and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulfonmethane, or any chemical derivative of such

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. (g) Any person found guilty of a subsequent offense of possession of controlled substances in violation of subsection (6) of this section shall be confined in the county jail for not more than one (1) year or be fined not more than five hundred dollars ($500), or both.

(h) Prior to the imposition of sentence upon conviction of a second or subsequent offense, the court shall obtain a report of case progress and recommendations regarding further treatment from the facility at which the person was treated following his first conviction. If such material is not available, the court shall notify the secretary for human resources, and the secretary shall cause the person to be examined by a psychiatrist employed by the department to evaluate his mental condition and to make recommendations regarding treatment and rehabilitation. The psychiatrist making the examination shall submit a written report of his findings and recommendations regarding treatment and rehabilitation to the court which shall make the report available to the prosecuting attorney and the attorney for the defendant. The court shall take such reports into consideration in determining sentence. The secretary may decline to cause such examination to be made if the number of psychiatrists on duty in the department is insufficient to spare one from his regular duties or if no such service may be purchased at regular departmental rates, in such event the secretary shall notify the clerk of the court to that effect within three (3) days after receipt of notification by the court.

(i) For purposes of this section, an offense is considered a second or subsequent offense, if, prior to his conviction of the offense, the offender has at any time been convicted under this chapter or under any statute of the United States or of any state relating to the substances classified as controlled substances.

(j) None of the provisions of this subsection shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(k) In the case of any person who has been convicted for the first time of possession of controlled substances, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. A conviction voided under this subsection shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. Voiding of conviction under this subsection and dismissal may occur only once with respect to any person.

(7) Any person who knowingly and unlawfully possesses for his own use or transfers marijuana shall be confined in the county jail for not more than ninety (90) days or be fined not more than two hundred fifty dollars ($250).

(a) Any person found guilty of violating subsection (7) above may be ordered to a facility designated by the secretary for human resources where a program of education, treatment, and rehabilitation not to exceed ninety (90) days in duration shall be prescribed. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If without good cause, the person fails to appear at the designated facility within the specified time, or if any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than ninety (90) days or a fine of not more than two hundred fifty dollars ($250) or both. Upon discharge of the person from the facility by the secretary for human resources or his designee prior to the expiration of the ninety-day period or upon satisfactory completion of ninety (90) days of treatment, the person shall be deemed finally discharged from sentence. The secretary or his designee shall notify the sentencing court of the date of such discharge from the facility.

(b) The secretary for human resources or his designee shall inform each court of the identity and location of the facility to which a person sentenced by that court under this chapter shall be initially ordered.

(c) In the case of a person ordered to a facility for treatment and rehabilitation pursuant to this chapter, transportation to the facility shall be provided by the court when the court finds the person unable to convey himself to the facility within five (5) days of sentencing by reason of physical infirmity or financial incapability.

(d) The sentencing court shall immediately notify the designated facility of the sentence and its effective date.

(e) The secretary for human resources, or his designee, may authorize transfer of the person from the initially designated facility to another facility for therapeutic purposes. The sentencing court shall be notified of termination of treatment by the terminating facility.

(f) Responsibility for payment for treatment services rendered to persons pursuant to this section shall be as under the statutes pertaining to payment by patients and others for services rendered by the department for human resources unless the person and the facility shall arrange otherwise.

(g) None of the provisions of this chapter shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. A conviction voided under this subsection shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime.

(8) Any person who violates any provision of subsection (3), (4), or (5) of KRS 218A.140 with respect to a controlled substance classified in schedules I, II, or III shall be guilty of a felony and shall be punished by confinement in the penitentiary for not less than one (1) year nor more than five (5) years, or by a fine of not less than three thousand dollars ($3,000) nor more than five thousand dollars ($5,000), or both.

SB 48, AN ACT relating to waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.011 is amended to read as follows:

The general assembly of the Commonwealth of Kentucky hereby finds, determines and declares, as follows:

(1) That an ever-increasing volume of solid waste within the Commonwealth is being generated as a result of increasing economic and commercial activity, continuing technological progress and changes in methods of manufacturing, packaging and marketing of consumer products, which results in additional solid wastes discarded by the users of such products;

(2) That the continued economic and population growth of the Commonwealth has required increased industrial and commercial expansion and has made necessary the demolition of obsolete structures, the construction of new structures, the provision of highways and other avenues of transportation and the construction and installation of public works which, together with pre-existing commercial, industrial and agricultural operations, have resulted in the generation of further volumes of solid wastes;

(3) That the handling of solid wastes has been primarily carried out through the dumping of such wastes on open soil and in landfills, which in some cases are inimical to the public health, safety and welfare;

(4) That by the enactment by the Congress of the United States of the Resource Conservation and Recovery Act of 1976 (Public Law 94-580), *as amended,* the collection, sanitary disposal and recovery of solid wastes has been determined to be a matter of nationwide importance, recognizing that the management of solid wastes should continue to be primarily the function of state, regional and local agencies; and that pursuant to such federal law, the Commonwealth has taken and will take certain actions in respect to the planning and implementation of solid waste plans within the guidelines of time requirements set forth in such federal law;

(5) That as a result of the conditions described in the foregoing findings, problems of solid waste collection, management and treatment and resource recovery activities in connection therewith have become a matter of state-wide concern necessitating action by the general assembly to (a) enable responsible planning and management agencies to be created to define solid waste management requirements, with all of the foregoing subject to regulation by the department for natural resources and environmental protection, and (b) assist those units of government primarily responsible for the management of solid waste and the acquisition, financing and operation of facilities to dispose of same to fulfill their functions in a responsible and proper manner with primary emphasis on the regionalization of such functions; and

(6) That it is the intent of the general assembly of the Commonwealth of Kentucky that the primary responsibility for adequate solid waste collection, management, treatment, disposal and resource recovery shall rest with counties, or combinations of [~~cities and~~] counties *and waste management districts*, subject to *standards set by* [~~rules,~~] regulations[~~, criteria and requirements~~] promulgated by the department for natural resources and environmental protection and subject to approval by such department of the implementation of solid waste collection, treatment, disposal, and resource recovery plans, all for the purpose of effectuating the safe and sanitary management, use and handling of solid waste, the protection of the health, welfare and safety of the citizens and inhabitants of the Commonwealth and for making the most efficient use of all resources for the benefit of the citizens and inhabitants of the Commonwealth.

(7) That the general assembly recognizes that the generation of solid waste is inevitable, but that much of it is unnecessary and should be discouraged; however, where solid waste does exist, it should be considered to the extent possible as a valuable resource, and be made use of wherever and whenever desirable and economically justifiable; therefore, it shall be the policy of the Commonwealth to, above all things, encourage resource conservation and preservation of our natural resources before such waste contributes in a needless fashion to the volumes of solid waste and litter produced by our society, but in dealing with existing solid waste, materials recovery from the solid waste stream is deemed to be the most environmentally sound alternative for handling waste.

(8) It is not the intent of this chapter to prohibit or discourage the participation of the private sector in any aspect of solid waste management. Moreover, it is preferable for solid waste management functions to be performed by the private sector when such is in the best interests of the public and conforms with the policies and provisions set forth in this chapter.

(9) *Notwithstanding any provision of KRS Chapters 82, 83 and 94, it is the intent of the general assembly that this chapter and KRS 67.083 (3)(o) provide counties with exclusive authority to develop a solid waste management system for solid waste generated within the geographical boundaries of the county, consistent with the provisions of this chapter and KRS Chapter 224. It is further the intent of the general assembly that cities be authorized to finance, own, and operate solid waste management systems with the consent of the county or by contract with the county, except that in the event a county fails to submit a plan for solid waste management pursuant to Section 23 of this Act or fails to include in the plan provisions for solid waste management within the city, cities may proceed to develop solid waste management systems consistent with regulations promulgated by the department pursuant to KRS Chapter 224. Cities that develop solid waste management facilities pursuant to this section shall have all the powers and restrictions set forth for counties in KRS 109.041, 109.180, 109.250, and Section 14 of this Act.*

(10) It is the intent of the general assembly that this chapter provide counties with three (3) alternative approaches to the development and implementation of solid waste management plans. With the approval of the department, a single county [~~in conjunction with the cities in that county~~] may function as a solid waste management area as provided in KRS 109.061, or counties may elect to operate as *a* multi-county *area* [~~areas~~] in which they may agree to function pursuant to the terms of a contract as provided in KRS 109.020, or *a county or counties* [~~they~~] may elect to operate as a *waste management* district pursuant to *this chapter* [~~KRS 109.071, 109.120, 109.150, or 109.180~~].

(11) It is the intent of the general assembly that waste management districts and solid waste management areas, which are formed and operated under this chapter, shall comply with the standards set by regulations promulgated by the department pursuant to KRS Chapter 224.

If the result of the election is against the implementation of that solid waste management plan, the county shall proceed to develop another plan to be submitted to the voters of the county at the next general election, following the procedure set forth in subsection (4) of this section.

(6) The result of any election with respect to establishing a waste management district shall be certified to the fiscal court of the counties composing the district to be established, and the fiscal court shall, if the result of the election is certified as in favor of the establishment of the district, forthwith proceed to declare the county or counties a district for the purposes of waste management, and shall proceed to put the district into effect in the same manner as they are authorized to do upon their own initiative.

SB 48, AN ACT relating to waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.011 is amended to read as follows:

The general assembly of the Commonwealth of Kentucky hereby finds, determines and declares, as follows:

(1) That an ever-increasing volume of solid waste within the Commonwealth is being generated as a result of increasing economic and commercial activity, continuing technological progress and changes in methods of manufacturing, packaging and marketing of consumer products, which results in additional solid wastes discarded by the users of such products;

(2) That the continued economic and population growth of the Commonwealth has required increased industrial and commercial expansion and has made necessary the demolition of obsolete structures, the construction of new structures, the provision of highways and other avenues of transportation and the construction and installation of public works which, together with pre-existing commercial, industrial and agricultural operations, have resulted in the generation of further volumes of solid wastes;

(3) That the handling of solid wastes has been primarily carried out through the dumping of such wastes on open soil and in landfills, which in some cases are inimical to the public health, safety and welfare;

(4) That by the enactment by the Congress of the United States of the Resource Conservation and Recovery Act of 1976 (Public Law 94-580), *as amended,* the collection, sanitary disposal and recovery of solid wastes has been determined to be a matter of nationwide importance, recognizing that the management of solid wastes should continue to be primarily the function of state, regional and local agencies; and that pursuant to such federal law, the Commonwealth has taken and will take certain actions in respect to the planning and implementation of solid waste plans within the guidelines of time requirements set forth in such federal law;

(5) That as a result of the conditions described in the foregoing findings, problems of solid waste collection, management and treatment and resource recovery activities in connection therewith have become a matter of state-wide concern necessitating action by the general assembly to (a) enable responsible planning and management agencies to be created to define solid waste management requirements, with all of the foregoing subject to regulation by the department for natural resources and environmental protection, and (b) assist those units of government primarily responsible for the management of solid waste and the acquisition, financing and operation of facilities to dispose of same to fulfill their functions in a responsible and proper manner with primary emphasis on the regionalization of such functions; and

(6) That it is the intent of the general assembly of the Commonwealth of Kentucky that the primary responsibility for adequate solid waste collection, management, treatment, disposal and resource recovery shall rest with counties, or combinations of [~~cities and~~] counties *and waste management districts*, subject to *standards set by* [~~rules,~~] regulations[~~, criteria and requirements~~] promulgated by the department for natural resources and environmental protection and subject to approval by such department of the implementation of solid waste collection, treatment, disposal, and resource recovery plans, all for the purpose of effectuating the safe and sanitary management, use and handling of solid waste, the protection of the health, welfare and safety of the citizens and inhabitants of the Commonwealth and for making the most efficient use of all resources for the benefit of the citizens and inhabitants of the Commonwealth.

(7) That the general assembly recognizes that the generation of solid waste is inevitable, but that much of it is unnecessary and should be discouraged; however, where solid waste does exist, it should be considered to the extent possible as a valuable resource, and be made use of wherever and whenever desirable and economically justifiable; therefore, it shall be the policy of the Commonwealth to, above all things, encourage resource conservation and preservation of our natural resources before such waste contributes in a needless fashion to the volumes of solid waste and litter produced by our society, but in dealing with existing solid waste, materials recovery from the solid waste stream is deemed to be the most environmentally sound alternative for handling waste.

(8) It is not the intent of this chapter to prohibit or discourage the participation of the private sector in any aspect of solid waste management. Moreover, it is preferable for solid waste management functions to be performed by the private sector when such is in the best interests of the public and conforms with the policies and provisions set forth in this chapter.

(9) *Notwithstanding any provision of KRS Chapters 82, 83 and 94, it is the intent of the general assembly that this chapter and KRS 67.083 (3)(o) provide counties with exclusive authority to develop a solid waste management system for solid waste generated within the geographical boundaries of the county, consistent with the provisions of this chapter and KRS Chapter 224. It is further the intent of the general assembly that cities be authorized to finance, own, and operate solid waste management systems with the consent of the county or by contract with the county, except that in the event a county fails to submit a plan for solid waste management pursuant to Section 23 of this Act or fails to include in the plan provisions for solid waste management within the city, cities may proceed to develop solid waste management systems consistent with regulations promulgated by the department pursuant to KRS Chapter 224. Cities that develop solid waste management facilities pursuant to this section shall have all the powers and restrictions set forth for counties in KRS 109.041, 109.180, 109.250, and Section 14 of this Act.*

(10) It is the intent of the general assembly that this chapter provide counties with three (3) alternative approaches to the development and implementation of solid waste management plans. With the approval of the department, a single county [~~in conjunction with the cities in that county~~] may function as a solid waste management area as provided in KRS 109.061, or counties may elect to operate as *a* multi-county *area* [~~areas~~] in which they may agree to function pursuant to the terms of a contract as provided in KRS 109.020, or *a county or counties* [~~they~~] may elect to operate as a *waste management* district pursuant to *this chapter* [~~KRS 109.071, 109.120, 109.150, or 109.180~~].

(11) It is the intent of the general assembly that waste management districts and solid waste management areas, which are formed and operated under this chapter, shall comply with the standards set by regulations promulgated by the department pursuant to KRS Chapter 224.

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(4) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

waste management plan proposed by the county?" with proper spaces in which the voter may indicate a "Yes" or a "No" vote. If the majority of those voting on the proposition vote "Yes," the solid waste management plan shall be implemented. The vote shall be convassed and returned by the board of election commissioners for the general election.

(5) The result of any election with respect to a solid waste management plan shall be certified to the fiscal court of the county, and the fiscal court shall, if the result of the election is certified as in favor of the plan, forthwith proceed to put the plan into effect. If the result of the election is against the implementation of that solid waste management plan, the county shall proceed to develop another plan to be submitted to the voters of the county at the next general election, following the procedure set forth in subsection (4) of this section.

(6) The result of any election with respect to establishing a waste management district shall be certified to the fiscal court of the counties composing the district to be established, and the fiscal court shall, if the result of the election is certified as in favor of the establishment of the district, forthwith proceed to declare the county or counties a district for the purposes of waste management, and shall proceed to put the district into effect in the same manner as they are authorized to do upon their own initiative.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

The authority is authorized, but not by way of limitation, to enter into such agreements as may be necessary under the federal act to provide a program of auxiliary loans to assist students in accordance with Section 428B of the federal act as amended and this chapter. Whenever necessary to carry out the provisions of the federal act and this chapter the terms "student", "student borrower", and "qualified student" shall include a parent borrower.

Section 2. Whereas, there are anticipated changes to federally legislated student loan programs, which if enacted will eliminate the eligibility for many Kentucky residents, and whereas this legislation will provide an alternate means for these citizens of the Commonwealth to finance their education, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the governor.

HB 394, AN ACT relating to suspension of teaching contracts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.800 is amended to read as follows:

(1) As used in this section, unless the context requires otherwise:

(a) "Seniority" means length of service as a teacher in a school district beginning on the date the teacher is hired by the board of education and ending when the teacher's contract is terminated, except that nonrenewal of a limited contract pursuant to KRS 161.750 shall not cause seniority to end if the teacher is rehired at any time during the next school year. Suspension of a teaching contract under this section or leave granted by the board of education shall not terminate or cause a hiatus in seniority.

(b) "Certification" means the grade levels, subject areas and other positions to which a teacher may be legally assigned in the school district as evidenced by the certificate issued to the teacher pursuant to KRS 161.020 to 161.120 and regulations adopted thereunder.

(2) When by reason of decreased enrollment of pupils, [~~or by reason of suspension of schools or~~] territorial changes affecting the *school* district *or by reason of other causes not related to teacher performance*, a board of education decides that it will be necessary to reduce the number of teachers, it shall have full authority to make reasonable reduction. But, in making such reduction, the board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of schools who shall[~~, within each teaching field affected,~~] give preference to teachers [~~on continuing contracts and to teachers~~] who have greater seniority *and who shall permit teachers affected to displace those with lesser seniority in any area of certification held by the teachers with greater seniority. Such recommendation procedure requires the contracts of teachers with least seniority to be suspended except in cases where a teacher does not hold certification permitting displacement of a teacher with lesser seniority.*

(3) (a) Teachers whose [~~continuing~~] contracts are suspended shall have the right of restoration *to the contract status held prior to suspension* [~~in continuing service status~~] in the order of *greatest* seniority

[~~of service in the district~~] if and when teaching positions become vacant or are created for which any of such teachers *hold certification at the time of such restoration* [~~are or become qualified~~].

(b) Notice of restoration of contract from suspended status shall be served upon the affected teacher by mail, with return receipt requested, at the teacher's address on file in the school district office. Verification of the teacher's mailing address for correctness and changes in address during the period of suspension shall be the responsibility of the teacher.

(c) The teacher shall have twenty (20) calendar days from receipt of the notice of restoration of contract status to notify the school district that he or she intends to return to the teaching position. If the teacher fails to so notify the school district within twenty (20) calendar days or if the teacher advises in writing that he or she will not return to the teaching position, the contract of the teacher shall terminate.

(4) In cases where the seniority of teachers is equal, the board of education shall adopt a tie breaking procedure which will give each teacher a position on the school district seniority list. The tie breaking procedure shall be objective and shall not be based on age, sex, race, residence, test scores, evaluations or the alphabet.

(5) A current seniority list shall be maintained by each school district. The seniority list is a public record according to the provisions of KRS 61.870 to 61.884, and shall not be excluded from inspection under KRS 61.878. The seniority list shall contain the name, areas of certification, and ranking by seniority for each teacher plus the same information for teachers whose contracts have been suspended.

Section 2. KRS 161.810 is amended to read as follows:

If an entire school district or [~~that~~] part of a school district [~~which comprises the territory in which a school or schools are situated~~] is *merged or consolidated with* [~~transferred to~~] any other district, [~~or if the schools in an independent or county school district are consolidated or centralized,~~] the teachers in such *merged or* consolidated *district shall hold the same contract status they held prior to the merger or consolidation. Teachers employed in the affected school districts immediately prior to merger or consolidation shall be employes of the school district formed by the consolidation or merger and the seniority lists of each former district shall be combined. If it is necessary to suspend teaching contracts in the newly formed school district, the procedures set forth in KRS 161.800 shall be followed* [~~or centralized schools employed on continuing contracts immediately prior to such transfer, consolidation, or centralization shall, subject to the limitations imposed by KRS 161.800, have continuing service status in the newly centralized or consolidated school, or in the district to which the territory is transferred~~].

HB 396, AN ACT relating to sick leave for public school employes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 161.155 is amended to read as follows:

(1) As used in this section:

(a) "Teacher" shall mean any person for whom certification is required as a basis of employment in the common schools of the state.

(b) *"Employe" shall mean any person, other than a teacher, employed in the public schools, whether on a full or part time basis.*

(c) "Immediate family" shall mean the teacher's spouse, children including stepchildren, parents and spouse's parents without reference to the location or residence of said relative.

(2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill or that the teacher was absent for the purpose of attending to a member of his immediate family who was ill. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section. Any accumulated sick leave days, not to exceed thirty (30) days, credited to a teacher shall remain so credited in the event he transfers his place of employment from one school district to another within the state.

(4) Accumulated days of sick leave shall be granted to a teacher, if prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

(5) After July 1, 1981, a district board of education may compensate, at the time of retirement, *an employe or* a teacher for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the *employe's or* teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service. The accumulation of such days includes unused sick leave days held by the *employe or* teacher at the time of implementation of such a program.

HB 490, AN ACT relating to unemployment compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.100 is amended to read as follows:

(1) In determining for any purpose under this chapter whether or not any work is suitable for a worker the secretary shall consider, among other pertinent conditions, the degree of risk involved to his health, safety and morals; his physical fitness and prior training; his experience and prior earnings; his length of unemployment and prospects for securing local work in his customary occupation; and the distance of the available work from his residence.

(2) For the purpose of this chapter, no work shall be suitable nor shall benefits be denied under this chapter to any otherwise eligible worker for refusing to accept new work or new conditions of work under one or more of the following:

(a) If the position offered is vacant due directly to a strike, lock-out or other labor dispute;

(b) *If acceptance of such work would displace another employe;*

(c) If the wages, hours, or other conditions of the work offered are substantially less favorable than those prevailing for similar work in the locality;

(d)[~~(c)~~] If, as a condition of being employed, the worker would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;

(e)[~~(d)~~] If the acceptance of such work would be prejudicial to the continuance of an established employer-employe relationship to which the worker is a party.

Section 2. KRS 341.370 is amended to read as follows:

(1) A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:

(a) He has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) He has been discharged for misconduct or dishonesty connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct; or

(c) He has left his most recent suitable work voluntarily without good cause attributable to the employment.

(2) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(3) No worker shall be disqualified under paragraph (b) or (c) of subsection (1) of this section unless the employer, within a reasonable time as prescribed by regulations promulgated by the secretary, notifies the department for human resources and the worker in writing of the alleged voluntary quitting or the discharge for misconduct; provided, however, that nothing in this subsection shall restrict the right of the secretary for human resources to disqualify a worker whose employer has refused or failed to notify the department for human resources of the alleged voluntary quitting or discharge for misconduct if such alleged voluntary quitting or discharge for misconduct is known to the secretary for human resources prior to the time benefits are paid to such worker; provided, further, that the exercise of such right by the secretary for human resources, in the absence of timely notice from the employer, shall not relieve the employer's reserve account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(4) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding such week of unemployment was seasonal, intermittent or temporary in nature, most recent work may be construed as that work last preceding such seasonal, intermittent or temporary work.

Section 2. KRS 341.370 is amended to read as follows:

(1) A worker shall be disqualified from receiving benefits for the duration of any period of unemployment with respect to which:

(a) He has failed without good cause either to apply for available, suitable work when so directed by the employment office or the secretary or to accept suitable work when offered him, or to return to his customary self-employment when so directed by the secretary; or

(b) He has been discharged for misconduct or dishonesty connected with his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct; or

(c) He has left his most recent suitable work voluntarily without good cause attributable to the employment.

(2) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(3) No worker shall be disqualified under paragraph (b) or (c) of subsection (1) of this section unless the employer, within a reasonable time as prescribed by regulations promulgated by the secretary, notifies the department for human resources and the worker in writing of the alleged voluntary quitting or the discharge for misconduct; provided, however, that nothing in this subsection shall restrict the right of the secretary for human resources to disqualify a worker whose employer has refused or failed to notify the department for human resources of the alleged voluntary quitting or discharge for misconduct if such alleged voluntary quitting or discharge for misconduct is known to the secretary for human resources prior to the time benefits are paid to such worker; provided, further, that the exercise of such right by the secretary for human resources, in the absence of timely notice from the employer, shall not relieve the employer's reserve account of benefit charges under the provisions of subsection (3) of KRS 341.530.

(4) No worker shall be disqualified from receiving benefits because of any provision in a collective bargaining agreement or because of any past practice which provides procedures for maintaining a partial work force during a shutdown.

(5) As used in this section and in subsection (3) of KRS 341.530, "most recent" work shall be construed as that work which occurred after the first day of the worker's base period and which last preceded the week of unemployment with respect to which benefits are claimed; except that, if the work last preceding such week of unemployment was seasonal, intermittent or temporary in nature, most recent work may be construed as that work last preceding such seasonal, intermittent or temporary work.

HB 207, AN ACT relating to the sale and merchantability of motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

As used in this Act:

(1) "Dealer" means any person who is a new motor vehicle dealer franchised by a manufacturer and licensed under KRS Chapter 190.

(2) "Manufacturer" means any person, resident or non-resident, engaged in the business of manufacturing or assembling motor vehicles.

(3) "Motor vehicle" means a new automobile or truck licensed to bear six thousand (6,000) pounds or less which has never been the subject of a first sale for use.

(4) "Price paid by the owner" includes the original purchase price of the motor vehicle, including the value of any traded motor vehicle involved in the transaction.

(5) A "major correctable defect" is one which would cost the vehicle owner more than five percent (5%) of the price paid by the owner to repair if he were paying the cost of the repair, and which when repaired in a normal fashion would not leave any permanent effects on the performance or enjoyment of the motor vehicle.

(6) A "major non-correctable defect" is one which would cost the vehicle owner more than five percent (5%) of the price paid by the owner to repair if he were paying the cost of the repair, and which, when repaired in the normal fashion, would substantially impair the performance or enjoyment of the motor vehicle.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 355.2-316 to the contrary, no manufacturer or dealer shall disclaim, exclude, or impair the warranty of merchantability of a new motor vehicle pursuant to KRS 355.2-314.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any motor vehicle that, within the first twelve (12) months or first twelve thousand (12,000) miles, whichever occurs first, has a major non-correctable defect, requires the repair of a given major

correctable defect three (3) times, or is out of service by reason of repair at a franchised dealer for a cumulative total of more than forty (40) days since delivery of the motor vehicle, shall be presumed to be non-merchantable.

(2) In computing the forty (40) days pursuant to subsection (1) of this section, a day shall mean a calendar day or any portion thereof.

SECTION 4. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

The presumption of non-merchantability of a motor vehicle set out in Section 3 of this Act may be rebutted by a showing that the condition of the motor vehicle is due to hard usage by the owner, by an accident, or some other condition outside of the control of the manufacturer or the dealer.

SECTION 5. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

A consumer shall give the manufacturer notice by certified mail, with return receipt requested, with a copy to the dealer in the Commonwealth from whom he originally purchased the vehicle as soon as practicable, a list of the conditions that render the motor vehicle non-merchantable under Section 3 of this Act and of his decision to exercise his rights under Section 9 of this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Within twenty (20) days after the receipt of a notice under Section 5 of this Act, the manufacturer or his representative shall either examine the motor vehicle within twenty (20) miles of the owner's home or pay for transporting the motor vehicle to a place designated by the manufacturer for examination and shall notify the owner in writing that the manufacturer either:

(1) Finds no defect;

(2) Finds a defect but believes it is due to abuse or wreck;

(3) Finds a defect but can and will put the motor vehicle in a merchantable condition and will agree to a four (4) month, or four thousand (4,000) miles extension of the owner's right under this Act, or;

(4) Accepts the owner's determination that it is non-merchantable.

SECTION 7. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

If the manufacturer notifies the owner that the motor vehicle can be put in a merchantable condition pursuant to Section 6 of this Act, the owner must make the vehicle available within three (3) days after such notification for such repair before any rights vest under this Act; but if the condition that rendered the vehicle non-merchantable continues to exist after repair, there is created an absolute presumption of non-merchantability.

SECTION 8. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

If any examination or repair, for mechanical malfunction, by a manufacturer, his representative or a dealer pursuant to this Act or within the first twelve (12) months or twelve thousand (12,000) miles results in a motor vehicle being kept by such manufacturer, his representative, or a dealer for more than ten (10) days with the subsequent loss of use by the owner, the manufacturer shall on the eleventh day furnish a motor vehicle without cost to the owner for suitable use during this intervening time or compensate the owner for renting such a vehicle.

SECTION 9. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) In the case of a non-merchantable motor vehicle, the manufacturer shall, at his option, return the price paid by the seller less any depreciation incurred by abuse or accident, or shall supply a new motor vehicle of the same model at the owner's residence which shall be warranted by the manufacturer as though originally purchased.

(2) In the case of a motor vehicle deemed non-merchantable where the manufacturer returns the purchase price or furnishes a new motor vehicle pursuant to subsection (1) of this section the consumer shall surrender and transfer to the manufacturer the originally purchased motor vehicle at the time the new vehicle is delivered or the purchase price refunded and the consumer shall pay to the manufacturer or have deducted from the refund the sum of .04 cents per mile the motor vehicle has been driven; provided, however, that such sum shall not be less than fifty dollars ($50). For the basis of computing the amount to be deducted from the refund or paid to the manufacturer the mileage appearing on the motor vehicle's odometer shall be prima facie evidence of the number of miles the vehicle has been driven.

(3) No usage tax pursuant to KRS 138.460 or state sales tax shall be charged when motor vehicles are transferred pursuant to subsection (1) of this section; provided, however, that to avoid such tax the consumer shall be required to provide a notarized statement certifying the transaction on a form which shall be prescribed by the commissioner of revenue and the manufacturer or his agent must file a notarized statement certifying the above fact to the commissioner of revenue.

SECTION 10. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any case in which a consumer timely notifies the manufacturer of the non-merchantability of the motor vehicle under Section 3 of this Act and the manufacturer wrongfully refuses to replace the motor vehicle under Section 9 of this Act, the owner may bring an action to recover the price paid by the owner less any depreciation incurred by abuse or accident, and shall be entitled to his reasonable attorney fees if he prevails in the action.

SECTION 11. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) No manufacturer shall exclude any warranty issued elsewhere in the sale of its motor vehicles in Kentucky in retaliation for the provisions of this bill.

(2) The cost of any replacement or repair necessitated by this Act shall be borne by the manufacturer and shall not be directly or indirectly passed on to the dealer.

(3) Nothing in this section shall prevent the manufacturer from increasing the price of its motor vehicles in Kentucky by the amount actually necessary to meet the costs incurred by this Act; provided, however, that the manufacturer shall be required to furnish the attorney general's office with verified actuarial data supporting any such increase before it is put into effect.

SECTION 12. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any dealer or manufacturer making a repair on a new motor vehicle must state in writing to the consumer at the time of the delivery of the motor vehicle after repair the nature of any defect repaired by such dealer or manufacturer. The statement must contain sufficient detail so that a determination can be made as to whether the consumer may have a right that is accruing pursuant to this Act.

SECTION 13. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Each purchaser of a new motor vehicle shall be furnished by the dealer selling the vehicle with a listing of his rights under this Act and the address of the manufacturer or manufacturer's regional director.

SECTION 14. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any dealer who fails to provide a statement under Section 12 of this Act or a notice under Section 13 of this Act shall be liable for a civil penalty of one hundred dollars ($100) per violation to be collected in the name of the Commonwealth upon action of the attorney general.

(2) Any dealer or manufacturer who falsifies a statement under Section 12 of this Act shall be liable for a civil penalty not exceeding one thousand dollars ($1,000) to be collected in the name of the Commonwealth upon action of the attorney general.

Committee Substitute to **HB 207** is as follows:

HB 207, AN ACT relating to the sale and merchantability of motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

As used in this section unless the context requires otherwise:

(1) "Buyer" means any resident person who buys or contracts to buy a new motor vehicle in the Commonwealth of Kentucky.

(2) "Manufacturer" means any person, resident or nonresident, who manufactures or assembles new motor vehicles which are sold in the Commonwealth of Kentucky.

(3) "Motor vehicle" means any two-axle, motor-driven vehicle with at least four wheels which is required to be registered or licensed in the Commonwealth of Kentucky before being operated upon the highways and is used or bought for use primarily for personal, family, or household purposes.

(4) "New motor vehicle" means a motor vehicle which, after its final assembly, is either in the possession of the manufacturer, factory branch or distributor, or an authorized dealer operating under a franchise with the manufacturer, factory branch or distributor, and the legal or equitable title to which has never been the subject of a sale or transfer other than to another dealer operating under a similar franchise with the same manufacturer, factory branch or distributor.

(5) "System" means an informal resolution dispute procedure adopted by each manufacturer to resolve questions of law and fact relating to disputes between the buyer and the manufacturer arising within

the first two (2) years or twenty-five thousand (25,000) miles of the buyer's ownership, whichever occurs first, including but not limited to unsatisfactory warranty repairs of the buyer's motor vehicle, mechanical malfunctions of the buyer's motor vehicle, or other problems relating to the performance of the buyer's motor vehicle.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Effective January 1, 1983, each motor vehicle manufacturer shall offer to the buyer a comprehensive informal dispute resolution system. By transacting business in the Commonwealth of Kentucky, each manufacturer is deemed to have voluntarily consented to participate in the system. Each system shall operate pursuant to written rules and procedures which:

(a) Ensure that the system is impartial, accessible to the buyer, and expeditious, and shall operate at no cost to the buyer;

(b) Provide that if the buyer elects to submit the dispute to the system, the manufacturer shall not refuse to submit the dispute to the system as long as the subject of the dispute occurred during the first two (2) years or twenty-five thousand (25,000) miles, whichever occurs first, of the buyer's ownership of the motor vehicle involved in the dispute;

(c) Provide that the system shall provide for an oral hearing, unless the buyer agrees in writing that the system shall render a decision based solely on documents submitted to it;

(d) Shall include, but is not limited to, procedures for informing the buyer of the existence of the system, preparing the agreement between the buyer and the manufacturer whereby the dispute may be submitted to the system, selecting the members of the decision-making panel, notifying the parties of the complaint, investigating the complaint, providing for hearings, rendering a fair and expeditious decision, and informing parties of the decision.

(2) The decision of the system shall be legally binding on the parties. The written agreement between the buyer and the manufacturer whereby the dispute is submitted to the system shall include in conspicuous, bold-faced type the following statement:

"YOU SHOULD REMEMBER THAT BY ENTERING INTO THIS AGREEMENT YOU ARE DECIDING TO USE THIS DISPUTE RESOLUTION SYSTEM TO SETTLE YOUR DISPUTE INSTEAD OF GOING TO COURT. AFTER A DECISION BY AN ARBITRATOR, NORMALLY A COURT WILL REFUSE TO HEAR THE FACTS IN A CASE IN ALL BUT THE MOST UNUSUAL SITUATIONS. YOUR SIGNATURE IS REQUIRED IMMEDIATELY BELOW TO INDICATE THAT YOU HAVE READ THIS DISCLOSURE.

"

____
SIGNATURE OF BUYER

(3) Before a dispute may be submitted to the system, the buyer shall sign the disclosure statement required by subsection (2) above.

(4) Each manufacturer shall take steps reasonably calculated to make the buyer aware of the existence of the system at the time the dispute arises.

(5) Each manufacturer shall take all steps necessary to ensure that the system is sufficiently insulated from the manufacturer so that the decisions of the system are not influenced by the manufacturer. The system's decision-making panel shall be composed of members at least fifty-one percent (51%) of whom have no involvement in the manufacture, distribution or sale of motor vehicles. No member deciding a dispute shall be a party to the dispute; nor shall any member deciding a dispute be an employe or agent of a party to the dispute, unless solely for the purpose of impartially deciding disputes.

(6) Nothing herein shall prohibit the manufacturer from participating in a system sponsored or administered by an impartial third party having no direct involvement in the manufacture, distribution, sale, or service of motor vehicles.

(7) Each dispute resolution system shall provide to the office of the attorney general, upon request, the name and address of each buyer whose complaint is resolved through its system. The attorney general shall have the authority to monitor each dispute resolution system as well as review the records on each complaint, upon request. An annual report shall be prepared and published by the office of the attorney general evaluating the performance, effectiveness, and benefits of the system, and shall include in this report recommendations for continuing, modifying, or terminating the requirement of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Noncompliance with this Act by a manufacturer shall be unlawful. The attorney general shall have authority to enforce this Act in accordance with powers provided by KRS 367.190 and 367.230-.300, pertaining to acts declared unlawful by KRS 367.170.

Section 4. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time

and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

(2) The tax shall be collected by the county clerk or other officer with whom the vehicle is required to be registered:

(a) When he collects the registration fee for registering and licensing a motor vehicle the first time it is offered for registration in this state,

(b) Or upon the transfer of ownership of any motor vehicle previously registered in this state.

(3) The tax collected by the county clerk under this section shall be reported and remitted to the department of revenue on forms provided by the department and on such forms as the department may prescribe. The county clerk shall for his services in collecting the tax be entitled to retain an amount equal to two and one-half percent of the tax collected and accounted for.

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, or transfer the ownership of any motor vehicle previously registered in this state, unless the owner or his agent pays the tax levied under this section in addition to the transfer, registration and license fees.

(5) When a resident of this state offers a motor vehicle for registration for the first time in this state which was registered in another state that levied a tax substantially identical to the tax levied under this section, such person shall be entitled to receive a credit against the tax imposed by this section equal to the amount of tax paid to the other state. No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.

(6) No county clerk or other officer shall register or issue any license tags to the owner of any motor vehicle subject to this tax, when the vehicle is then being offered for registration for the first time, unless the seller or his agent delivers to the county clerk or other officer a certified or photostat copy of the manufacturer's price label for passenger cars or a certified or photostat copy of the itemized billing to the customer in the case of all other motor vehicles; and the clerk shall attach the certified or photostat copy to the copy of the certificate of registration and ownership mailed to the department.

(7) Notwithstanding the provisions of KRS 138.450(3), in no case shall the tax be less than five dollars ($5.00) upon first registration of or any transfer of ownership of a motor vehicle in this state, except where such vehicle is exempt from tax under KRS 138.470.

(8) Where a new motor vehicle is sold by a dealer [~~in this state~~] and the original purchaser returns the vehicle for any reason to the same dealer within sixty (60) days for a new vehicle replacement or a refund of the purchase price, the purchaser shall be entitled to a refund of the amount of usage tax received by the department of revenue as a result of the registration of the returned vehicle. The registration of the returned vehicle shall be cancelled and the vehicle shall be considered to have not been previously registered in Kentucky when resold by the dealer.

(9) When a manufacturer refunds the retail purchase price or replaces a new motor vehicle for the original purchaser within ninety (90) days because of malfunction or defect, the purchaser shall be entitled to a refund of the amount of motor vehicle usage tax received by the department of revenue as a result of the first registration. No person shall be entitled to a refund unless he shall have filed with the department of revenue an affidavit from the manufacturer identifying the vehicle that was replaced and stating the date of replacement.

The Committee on State Government reported **HCR 2** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HCR 2, A CONCURRENT RESOLUTION requesting and petitioning the Congress of the United States for the purpose of requesting appropriate action by the Congress, either acting by consent of two-thirds of both Houses or, upon the application of the legislatures of two-thirds of the several states, calling a constitutional convention to propose an amendment to the Federal Constitution to require, with certain exceptions, that the total of all federal appropriations may not exceed the total of all estimated federal revenues in any fiscal year.

WHEREAS, with each passing year this nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenues, so that the public debt now exceed hundreds of billions of dollars; and

WHEREAS, inflation is the greatest threat which faces our nation, we firmly believe that constitutional restraint is necessary to bring the fiscal discipline needed to restore financial responsibility; and

WHEREAS, under Article V of the Constitution of the United States, amendments to the Federal Constitution may be proposed by the Congress whenever two-thirds of both Houses deem it necessary, or on the application of the legislatures of two-thirds of the several states the Congress shall call a constitutional convention for the purpose of proposing amendments. We believe such action vital;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That this body proposes to the Congress of the United States that procedures be instituted in the Congress to add a new Article to the Constitution of the United States, and that this body requests the Congress to prepare and submit to the several states an amendment to the Constitution of the United States, requiring, in the absence of a national emergency, that the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year.

Section 2. That, alternatively, this body makes application and requests that the Congress of the United States call a constitutional convention for the specific and exclusive purpose of proposing an amendment to the Federal Constitution requiring in the absence of a national emergency that the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year.

Section 3. That this body also proposes that the legislatures of each of the several states comprising the United States apply to the Congress requesting the enactment of an appropriate amendment to the Federal Constitution; or requiring the Congress to call a constitutional convention for proposing such an amendment to the Federal Constitution.

Section 4. That this application by this body constitutes a continuing application in accordance with Article V of the Constitution of the United States until at least two-thirds of the legislatures of the several states have made similar applications pursuant to Article V; but if the United States Congress proposes an amendment to the United States Constitution identical in subject matter to that contained in this concurrent resolution, then this petition for a constitutional convention shall no longer be of any force or effect.

Section 5. That this application and request be deemed null and void, rescinded and of no effect in the event that such convention not be limited to such specific and exclusive purpose.

Section 6. That copies of this Resolution be sent by the Secretary of State to the members of Congress from Kentucky.

Section 7. That the Secretary of State of this state is directed to send copies of this Joint Resolution to the Secretary of State and presiding officers of both Houses of the Legislature of each of the other states in the Union, the Clerk of the United States House of Representatives, Washington, D. C. and the Secretary of the United States Senate, Washington, D. C.

HB 149, AN ACT relating to the compensation of crime victims.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 346 IS CREATED TO READ AS FOLLOWS:

(1) There is established in the state treasury the "crime victims' compensation fund," hereinafter referred to as the "fund," to be administered by the crime victims' compensation board. In all cases in which

defendants are given a sentence of imprisonment or are placed under the supervision of the state parole board or have been placed on probation or other form of conditional release, after an adjudication of guilty or after imposition of sentence, whether upon a plea of guilty or after trial, the court shall enter judgment of twenty-five dollars ($25.00) against the defendant in favor of the state. Wilful failure of the defendant to satisfy the judgment shall be cause for revocation of probation, parole or conditional release. The clerk of the court shall forward in the same manner that he forwards fines and forfeitures, the sum of twenty-five dollars ($25.00) to the state treasurer, to be deposited in the fund. Nothing herein shall be construed to limit the power of the court to order additional forms of restitution including public or charitable work or reparation to the victim, to the fund, or otherwise as authorized by law.

(2) The fund shall consist of monies from the following: appropriations by the general assembly; the federal government; payments by the defendant pursuant to subsection (1) of this section and any other public or private source. Any unexpended balance remaining in the fund at the end of the biennium shall not lapse and be transferred to the general fund, but shall remain in the crime victims' compensation fund. In the event there are insufficient funds in the fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no monies in the fund, then no claim shall be paid until monies have again accumulated. In addition to payment of claims, monies in the fund shall be used to pay all the necessary and proper expenses of the crime victims' compensation board.

(3) When judgment is entered against a defendant in the sum of twenty-five dollars ($25.00) as provided in this section and each sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Kentucky to such defendant an amount equal to the unpaid amount of the judgment. The amount shall be paid to the crime victims' compensation fund and satisfaction of the judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such twenty-five dollar ($25.00) judgment.

Committee Substitute to **HB 149** is as follows:

(2) Set forth what portions, if any, of the cost of the project have been or shall thereafter be contributed by the authority from the funds and other resources available to it during the then current biennium and not previously obligated;

(3) Set forth agreements for planning, design, acquisition of property, soliciting construction bids, awarding construction contracts, issuing of work orders, and such other steps as may be necessary or incidental to the construction of the project, and authorizing and selling bonds for the project;

(4) Agree that upon completion of the project the lessee will continuously pay all of the cost of repairing, maintaining and operating the project;

(5) Agree that upon the happening of stated events and the performance of stated conditions not inconsistent with law, the authority shall convey the project to the lessee;

(8) Agree to establish any method of interim financing by the authority during the construction of any project, with borrowed funds from any bank, trust company, or banking institution, such funds to be amortized from money obtained through the sale of revenue bonds before, during, or at completion of the construction of such project of projects.

SECTION 7. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

The authority and any local government are authorized and empowered to enter into a lease with respect to any project according to any agreement or agreements made pursuant to Section 6 of this Act. Any lease may contain, in substance, any of the following provisions and such other provisions not inconsistent herewith as the authority and local government may deem appropriate and desirable:

(1) That the lease is for the remainder of the fiscal period in which it is dated and executed, and is automatically renewable for the succeeding fiscal period, one (1) at a time, until the final maturity date of the bond issue to which the lease is related, or until the local government notifies the authority in writing within sixty (60) days before the expiration of the lease that the local government will not renew said lease;

(2) That with respect to the fiscal period in which the lease is dated and executed, the local government shall otherwise be firmly bound only (a) to contribute to the authority such portions, if any, of the cost of the project as the agreement prescribes shall be paid by the local government; and (b) to pay the authority the rental prescribed for such fiscal period;

(3) That if the local government shall fully perform all such obligations during such initial term of the lease, it shall have an exclusive option to automatically renew the lease at the time and in the manner prescribed for the ensuing fiscal period, effective on the first day thereof; no local government shall be or become in any way obligated to pay the rental stipulated for such fiscal year unless the lease be so automatically renewed; and that the local government shall, upon any such renewal, be firmly bound to pay to the authority the rental stipulated for such fiscal period as a general obligation of the local government to be paid from any funds available to the local government required by law or by previous binding contract to be devoted to some other purpose;

(4) In like manner and subject to the same conditions and provisions as are set forth in subsection (3) of this section, if the local government shall in the first ensuing fiscal year fully perform its obligations and pay to the authority the rental stipulated for such fiscal period, the local government shall have another exclusive option to automatically renew such lease for another fiscal year, and so on for successive fiscal periods until the final fiscal period for which the lease may be renewed;

(5) That so long as the lease is renewed from time to time and the local government fully performs all its obligations as lessee, including payment of the rental stipulated in the lease,

(a) The revenues of the project shall be collected, segregated, distributed, deposited, secured, disbursed and accounted for in strict conformity with the proceedings and trust indenture of the authority, and the aggregate of such revenues properly accounted for and deposited pursuant to said proceedings and trust indenture shall, to the extent provided in the lease, be a credit against the local government's rental or other obligations for the current fiscal period under the term of the lease, and

(b) Any revenues collected pursuant to Section 17 of this act, or other funds as may be provided and made available to the authority by the Commonwealth or other sources, and set aside pursuant to an agreement, shall be applied as provided in said proceedings and trust indenture and shall, to the extent provided in the lease, be a credit against the local government's rental or other obligations for the then current fiscal period under the lease.

SECTION 8. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

(1) The authority may provide for the issuance of revenue bonds to pay all or any part of the cost of any projects undertaken pursuant to an agreement and lease; provided that, the authority shall not issue bonds before July 15, 1983, and until the total amount of revenues collected and deposited in the authority's fund equals or exceeds two million dollars ($2,000,000). The principal and interest on such bonds are payable solely from the funds provided for such payment. Any issue may be in one (1) or more series and any such series may enjoy equal or subordinate status with respect to the pledge of funds from which they are payable, shall be dated, shall bear interest at such rate or rates as established by the authority, shall mature at such time or times not exceeding forty (40) years from their date or dates, all as may be provided by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination of the bonds and the place or places for payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth or at the office of the department of finance. The bonds shall be signed by the facsimile signature of the chairman or secretary of the authority, and the seal of the authority or a facsimile thereof shall be affixed thereto and attested by the manual signature of the secretary or chairman of the authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the authority. All bonds issued under the provisions of this Act shall have all the qualities and incidents of negotiable instruments under the uniform commercial code, KRS Chapter 355. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in a manner prescribed by law.

(2) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue exceed such cost, the surplus shall be deposited to the credit of the sinking fund or funds for such bonds or any account or accounts therein as the authority shall have provided in the proceedings or trust indenture authorizing and securing such bonds.

(3) Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue notes or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

SECTION 9. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

Bonds issued by the authority under the provisions of this Act do not constitute a debt of the Commonwealth or of any political subdivision thereof, or a pledge of the faith and credit of the Commonwealth *or of any such political subdivision, but such bonds shall be payable solely from the funds, and security, provided therefor under the provisions of this Act, and all such bonds shall contain on the face thereof a statement to that effect.*

SECTION 10. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

The trust indenture or proceedings may contain provisions for protecting and enforcing the rights and remedies of the bondholders which are reasonable and proper and not in violation of law, including convenants setting forth the duties of the authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, and insurance of the project or projects in connection with which such bonds are authorized, the rates or rental charges, and the custody, safeguarding and application of all monies, and may restrict the individual right of action by bondholders. It is lawful for any bank or trust company which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the rights and remedies of the bondholders and of the trustee. In addition, any such trust indenture or proceedings may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust indenture or proceedings may be treated as a part of the cost of the project or projects.

SECTION 12. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

The authority may also provide for the issuance of its revenue bonds for the combined purpose of:

SECTION 14. A NEW SECTION OF KRS CHAPTER 441 IS CREATED TO READ AS FOLLOWS:

All monies, received under the provisions of this Act, either from the sale of bonds or as revenues, are to be held and applied solely as provided in this Act. The proceedings or the trust indenture shall provide that any officer with whom, or any bank or trust company with which, such monies are deposited shall *act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such regulation as this Act and such proceedings or trust indenture may provide.*

The election shall be addressed to and filed with the secretary of the executive department for finance and administration, and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to five percent (5%) of the monthly salary, as a voluntary contribution by the member towards the funding of the retirement system. Such election, upon being made, shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 21.350 to 21.510.

(2) Membership and benefit rights for judges and justices (other than judges of the district court), and for the commissioners and administrative director, who took office prior to July 1, 1978, shall be dependent upon valid elections having been made under this section (and KRS 21.355 and 21.365) prior to the 1978 amendment to this section. The terms of such elections, including the contribution rate, shall continue to govern for the duration of the member's service.

The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30)-day period is measured, as the case may be. Provided, however, that any legislator in office on July 1, 1980 may, after the expiration of the thirty (30) day period and until February 1, 1981, make the election, in which event he shall pay to the legislators retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.

(2) *The state shall, as provided in Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected.

Section 7. KRS 61.543 is amended to read as follows:

(1) Employe contributions shall be deducted each payroll period from the creditable compensation of each employe of an agency participating in the retirement system while he is classified as regular full-time as defined in KRS 61.510 unless such person did not elect to become a member as provided by subsection (2) of KRS 61.525. *After August 1, 1982, employe contributions shall be picked up by the employer pursuant to KRS 61.560(4).* Service credit will be allowed for each month such contributions are deducted *or picked up* during a fiscal or calendar year, provided the member receives creditable compensation for an average of one hundred (100) hours or more of work per month. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.560 is amended to read as follows:

(1) Each employe shall, commencing on July 1, 1966, contribute for each pay period for which he receives compensation four percent (4%) of his creditable compensation, except that members of the general assembly, who elect the survivorship option provided in subsections (9), (10) and (11) of KRS 61.635, shall each contribute six and six-tenths percent (6.6%) of creditable compensation commencing with the payroll period immediately following his election of the option. Any other provisions of KRS 61.510 through 61.702 notwithstanding, any reemployed retiree, as described in KRS 61.637, shall contribute four percent (4%) of his creditable compensation, or the amount required by KRS 61.592(3) if applicable, if he anticipates that he will receive more than the maximum permissible earnings, as provided by the federal social security act, in compensation as a result of reemployment during the calendar year.

(2) Each employer shall cause to be deducted from the creditable compensation of each employe for each and every payroll period the contribution payable by each such employe as provided in KRS 61.510 to 61.692.

(3) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any employe shall be reduced thereby. Every employe shall be deemed to consent and agree to the deductions made as provided herein; and payment of salary or compensation less such deductions shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 61.510 to 61.692.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not

be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 61.510 to 61.692 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 2. KRS 16.545 is amended to read as follows:

(2) The employer shall cause to be deducted from the compensation of each member for each and every payroll period subsequent to July 1, 1958, the contributions payable by such member as provided in KRS 16.510 to 16.652.

(3) Every member shall be deemed to consent to deductions made as provided herein; and the payment of salary or compensation less such deduction shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 16.510 to 16.652.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 16.505 to 16.645 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 3. KRS 78.610 is amended to read as follows:

Any other provisions of KRS 78.510 through 78.852 notwithstanding, any reemployed retiree, as described in KRS 61.637, shall contribute four percent (4%) of his creditable compensation, or the amount required by KRS 61.592(3) if applicable, if he anticipates that he will receive more than the maximum permissible earnings, as provided by the federal social security act, in compensation as a result of reemployment during the calendar year.

(2) The treasurer, attorney, clerk, jailer and sheriff of a participating county shall cause to be deducted from the "creditable compensation" of each employe for each and every payroll period subsequent to the date the county participated in the system, the contribution payable by such member as provided in KRS 78.510 to 78.852. The attorney, clerk, jailer and sheriff shall promptly pay such deducted employe contributions to the treasurer for forwarding to the board in accordance with KRS 78.625.

(3) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any employe shall be reduced thereby. Every employe shall be deemed to consent and agree to the deductions made as provided herein; and payment of salary or compensation less such deductions shall be a full and complete discharge of all claims for services rendered by such person during the period covered by such payment, except as to any benefits provided by KRS 78.510 to 78.852.

(4) Each employer shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each employer shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made

available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 78.510 to 78.852 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

The contribution of members shall not exceed these applicable percentages on annual compensation.

(4) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. The election shall be effective to establish membership in the system as of July 1, 1978, or as of the date the judge or justice took office, as the case may be. The election shall be addressed to and filed with the secretary of the executive department for finance and administration, and shall constitute an authorization by the member, to the secretary, to thereafter cause to be deducted from the member's official salary, each month, an amount equal to five percent (5%) of the monthly salary, as a voluntary contribution by the member towards the funding of the retirement system. Such election, upon being made, shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under the terms and conditions of KRS 21.350 to 21.510.

(2) Membership and benefit rights for judges and justices (other than judges of the district court), and for the commissioners and administrative director, who took office prior to July 1, 1978, shall be dependent upon valid elections having been made under this section (and KRS 21.355 and 21.365) prior to the 1978 amendment to this section. The terms of such elections, including the contribution rate, shall continue to govern for the duration of the member's service.

(3) When any judge of the district court in office on July 1, 1978 elects membership in the judicial retirement system in accordance with this section, his membership in the Kentucky employes retirement system shall terminate as of July 1, 1978 and any credit in that system he earned for service as a judge of the district court shall be nullified; provided that the effect of such service to validate any other service credit in that system shall not be nullified.

(4) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions

in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the state shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 21.345 to 21.570 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 6. KRS 6.505 is amended to read as follows:

(1) Each legislator in office on July 1, 1980 may within thirty (30) days after that date, and any legislator thereafter taking office may within thirty (30) days after the date thereof, elect to make monthly contributions to the legislators retirement plan, in an amount equal to five (5) percent of his monthly creditable compensation, as defined in KRS 61.510(13). The election shall be effective to establish membership in the plan as of July 1, 1980 or as of the date from which the thirty (30)-day period is measured, as the case may be. Provided, however, that any legislator in office on July 1, 1980 may, after the expiration of the thirty (30) day period and until February 1, 1981, make the election, in which event he shall pay to the legislators retirement plan, for the months between July 1, 1980 and the date of his election such sum as, when added to any member's contribution by him that is transferred from another retirement system under KRS 6.535, will equal the member's contribution required by this section. The election shall be addressed to and filed with the secretary of the department of finance and shall constitute an authorization to the secretary to thereafter cause to be deducted from the member's monthly creditable compensation an amount equal to five (5) percent thereof, as a voluntarily elected contribution by the member towards the funding of the legislators retirement plan. Such election shall operate to create an inviolable contract between such member and the Commonwealth, guaranteeing to and vesting in the member the rights and benefits provided for under KRS 6.515 to 6.530.

(2) The state shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the state shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The state shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 6.500 to 6.535 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(3) When any legislator elects membership in the legislators retirement plan in accordance with this section, his active membership in the Kentucky employes retirement system, county employes retirement system, or teachers retirement system shall terminate, as of the date his membership in the legislators' retirement plan becomes effective, to the extent that service as a legislator is concerned, and any credit that he then has in such other system or systems, earned for service as a legislator, shall be transferred to and counted as service credit in the legislators retirement plan, and shall no longer constitute credit in such other retirement system except for the purpose of validating any other credit in that system. However, any credit he then has in such other retirement system, earned for service in any capacity other than a legislator, shall not be affected.

Section 7. KRS 61.543 is amended to read as follows:

(1) Employe contributions shall be deducted each payroll period from the creditable compensation of each employe of an agency participating in the retirement system while he is classified as regular full-time as defined in KRS 61.510 unless such person did not elect to become a member as provided by subsection (2) of KRS 61.525. *After August 1, 1982, employe contributions shall be picked up by the employer pursuant to KRS 61.560(4).* Service credit will be allowed for each month such contributions are deducted *or picked up* during a fiscal or calendar year, provided the member receives creditable compensation for an average of one hundred (100) hours or more of work per month. If the average number of hours of work is less

than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.

(2) Employe contributions shall not be deducted from the creditable compensation of an employe *or picked up by the employer* while he is seasonal, emergency, temporary or part-time. No service credit will be earned.

(3) Contributions shall not be made *or picked up by the employer* and no service credit will be earned by a member while on leave except:

(a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and

(b) A member on educational leave, approved by the department of personnel, who is receiving 75% or more of full salary, shall receive service credit and shall pay employe contributions, *or such contributions shall be picked up* in accordance with KRS 61.560 and his employer shall pay employer contributions in accordance with KRS 61.565. If a tuition agreement is broken by the member, the member and employer contributions paid *or picked up* during the period of educational leave shall be refunded.

(4) The retirement office, upon detection, shall refund erroneous employer and employe contributions made to the retirement system.

Section 8. KRS 61.680 is amended to read as follows:

(1) *Prior to August 1, 1982,* every employe shall be deemed to consent and agree to any deduction from his compensation required by KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and to all other provisions thereof. *Thereafter employe contributions shall be picked up by the employer pursuant to KRS 61.560(4).*

(2) (a) Notwithstanding any other provisions of KRS 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the state police retirement system, Kentucky employes retirement system, county employes retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one system. If the member has prior service in more than one system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of subsection (2)(a) of this section shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes retirement system or county employes retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes retirement system or county employes retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes retirement system, state police retirement system or the county employes retirement system who enters the service of a department, board, agency or instrumentality of the Commonwealth whereby such person would be eligible for membership in the judicial retirement system may elect to retain membership in the system in which he is a member, either the Kentucky employes retirement system, state police retirement system or the county employes retirement system. When such an election is made, the agency employing the member shall withhold employe contributions, *or picked up employe contributions after August 1, 1982,* make employer contributions and remit these contributions to the system in which the member retained his membership.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes retirement system or the county employes retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is permitted by that system to continue is hereby exempt from participating in the Kentucky employes retirement system or the county employes retirement system.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system may elect to retain membership in the teachers' retirement system during his term of office rather than participate in the Kentucky employes retirement system. Such election to retain membership in the teachers' retirement system must be filed in writing within ninety (90) days after his term of office begins or he will participate in the Kentucky employes retirement system during his term of office. No contributions may be made to the teachers' retirement system for the same period of service under the Kentucky employes retirement system as a member of the general assembly.

(5) Effective July 1, 1974 any member of the Kentucky employes retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, *or after August 1, 1982, the employer shall pick up such employe contributions,* and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes retirement system or county employes retirement system who is working in more than one position covered by one of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section and KRS 21.375, a person entering membership of the judicial retirement system with service credit in the state police retirement system, Kentucky employes retirement system, county employes retirement system or teachers' retirement system will become vested for early and normal retirement benefits in each system in which he has service credit when his combined service credit in all systems is equal to that required for vesting in each respective system.

If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.

(2) Contributions shall not be made and no service will be earned while on authorized leave except:

(a) A member shall be entitled to service credit in accordance with KRS 16.541; and

(b) A member on educational leave, approved by the department of personnel, who is receiving seventy-five percent (75%) or more of full salary, shall receive service credit and shall pay member contributions *or such contributions shall be picked up* in accordance with KRS 16.545 and his employer shall pay employer contributions in accordance with KRS 61.565. If a tuition agreement is broken by the member, the member and employer contributions paid *or picked up* during the period of educational leave shall be refunded.

(3) The retirement office, upon detection, shall refund erroneous employer and employe contributions made to the retirement system.

Section 10. KRS 78.615 is amended to read as follows:

(1) Employe contributions shall be deducted each payroll period from the creditable compensation of each employe of an agency participating in the system while he is classified as regular full-time as defined in KRS 78.510 unless such person did not elect to become a member as provided by subsection (2) of KRS 78.540. *After August 1, 1982, employe contributions shall be picked up by the employer pursuant to KRS 78.610(4).* Service credit will be allowed for each month such contributions are deducted *or picked up* during a fiscal or calendar year, provided the employe receives creditable compensation for an average of one hundred (100) hours or more of work per month. If the average number of hours of work is less than one hundred (100) hours per month, the employe shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work.

(2) Employe contributions shall not be deducted from the creditable compensation of any employe *or picked up by the employer* while he is seasonal, emergency, temporary or part-time. No service credit will be earned.

If a tuition agreement is broken by the member the member and employer contributions paid *or picked up* during the period of educational leave shall be refunded.

HB 172, AN ACT relating to cities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 81A IS CREATED TO READ AS FOLLOWS:

Each city shall establish the office of city clerk who shall be appointed in the manner provided by KRS 83A.080 for nonelected city officers. The duties and responsibilities of the clerk shall include, but not be limited to the following:

(1) Maintenance and safekeeping of the permanent records of the city;

(2) Possession of the seal of the city if used; and

(3) Performance of all duties and responsibilities required of the city clerk by statute or ordinance.

Section 2. KRS 83A.060 is amended to read as follows:

(1) Each ordinance shall embrace but one (1) subject and shall have a title which shall clearly state the subject.

(2) Each ordinance shall be introduced in writing and shall have an enacting clause styled "Be it ordained by the City of ________________________."

(3) No ordinance shall be amended by reference to its title only, and ordinances to amend shall set out in full the amended ordinance or section indicating any words being added by a single solid line drawn underneath them, and any words being deleted by a single broken line drawn through them.

(4) Except as provided in subsection (7) of this section, no ordinance shall be enacted until it has been read on two (2) separate days. The reading of an ordinance may be satisfied by stating the title and reading a summary rather than the full text.

(5) A city legislative body may adopt the provisions of any local, statewide or nationally recognized standard code and codifications of entire bodies of local legislation by an ordinance which identifies the subject matter by title, source and date and incorporates the adopted provisions by reference without setting them out in full, provided a copy accompanies the adopting ordinance and is made a part of the permanent records of the city.

(6) Unless otherwise provided by statute, a majority of a legislative body shall constitute a quorum and a vote of a majority of a quorum shall be sufficient to take action.

(7) In an emergency, upon the affirmative vote of two-thirds (⅔) of the membership, a city legislative body may suspend the requirements of second reading and publication for an ordinance by naming and describing the emergency in the ordinance.

(8) Every action of the city legislative body shall be made a part of the permanent records of the city and on passage of an ordinance the vote of each member of the city legislative body shall be entered on the official record of the meeting. *The city clerk shall be responsible* [~~The legislative body shall provide by ordinance~~] for the maintenance and safekeeping of the permanent records of the city. The *city clerk* [~~person assigned this responsibility~~] and the presiding officer shall sign the official record of each meeting. All ordinances adopted in a city shall, at the end of each month, be indexed and maintained in the following manner:

(a) The city budget, appropriations of money and tax levies shall be maintained and indexed so that each fiscal year is kept separate from other years.

(b) All other city ordinances shall be kept in the minute book or an ordinance book in the order adopted and indexed in a composite index or maintained in a code of ordinances.

(9) Except in cities of the first class, no ordinance shall be effective until published pursuant to KRS Chapter 424. Ordinances except bond ordinances imposing fines, forfeitures, imprisonment, taxes or fees shall be published in full. The publication requirements for all other ordinances shall be satisfied by publication in full or in summary as designated by the legislative body. The requirements for summary publication shall be satisfied by publication of the title and a certified summary of the contents prepared by an attorney licensed to practice law in the Commonwealth of Kentucky. Ordinances that include descriptions of real property may include a sketch, drawing, or map, including common landmarks, such as streets or roads in lieu of metes and bounds descriptions.

(10) A city may by ordinance specify additional requirements for adoption of ordinances in greater detail than contained herein, but a city shall not lessen or reduce the substantial requirements of this section or any other statute relating to adoption of ordinances.

(11) Not less than once every five (5) years each city shall cause all ordinances in the composite index or code of ordinances to be examined for consistency with state law and with one another and to be revised to eliminate redundant, obsolete, inconsistent and invalid provisions.

(12) The legislative body may adopt municipal orders. Any order shall be in writing and may be adopted only at an official meeting. Any order may be amended by a subsequent municipal order or ordinance. All orders adopted shall be maintained in an official order book.

(13) In lieu of an ordinance, a municipal order may be used for matters relating to the internal operation and functions of the municipality and to appoint or remove or approve appointment or removal of members of boards, commissions and other agencies over which the city has control.

(14) All ordinances, and orders of the city may be proved by the signature of the city clerk; and when the ordinances are placed in a printed composite index or code of ordinances by authority of the city, the printed copy shall be received in evidence by any state court without further proof of such ordinances.

(15) For anything said in debate, legislative body members shall be entitled to the same immunities and protections allowed to members of the general assembly.

Committee Substitute to **HB 172** is as follows:

provide that the review and approval, as necessary, of building plans for conformance with the uniform state building code prior to construction approval shall be conducted only by the department or a local government or governments delegated such responsibilities by this chapter, and any exceptions to this policy shall be explicitly stated in the code.

The code shall encompass the Kentucky state plumbing code promulgated pursuant to KRS 318.130, boiler rules and regulations issued pursuant to KRS 236.030, and the national electrical code.

(4) Adoption of a code shall include provisions for the continuing review of, and the board shall adopt when deemed justified to fulfill the purposes of this chapter, new materials, technologies, and techniques in the building industry. (7) *If the board determines that an agency is not enforcing the provisions of the uniform state building code, it shall direct the department to determine where deficiencies exist. (2) Local governments shall be responsible for the examination and approval or disapproval of plans and specifications for buildings of no more than three (3) stories in height, exclusive of attic and basement, which do not contain more than 20,000 square feet of floor area, and are not intended for assembly, educational, institutional or high hazard occupancy, business or industrial occupancy in excess of 100 persons, or for use as a frozen food locker plant as defined in KRS 221.010. Local governments shall be responsible for the issuance and revocation of building permits, licenses, certificates and similar documents which cover activities within their area of responsibility, and the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. Each local government issuing a building or demolition permit or an initial certificate of occupancy on a new structure shall send a copy of such permit or certificate to the commissioner for his use in maintaining an accurate housing inventory for Kentucky.

(3) Urban-county governments may determine service districts within their boundaries within which farm dwellings and other farm buildings, not used in the business of retail trade or as a place of regular employment for ten (10) or more people, shall be exempt from the requirements of the uniform state building code. Such determination may be reviewed and altered by the board.

(4) The department shall be responsible for the examination and approval or disapproval of plans and specifications for all buildings which are not the responsibility of local governments. The department may

issue and revoke permits, licenses, certificates and similar documents within its area of responsibility, and shall have concurrent jurisdiction with local governments for the inspection of all buildings pursuant to the provisions of this chapter and the uniform state building code. If the commissioner determines that the local jurisdiction is not adequately performing any portion of its program, he may recommend to the board that the department preempt that portion of a local program. The commissioner shall explain his reasons for preemption in writing and provide a copy to the board and the local jurisdiction. The local jurisdiction may appeal the recommended preemption directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) through (12) of KRS 198B.070. No preemption by the department shall take place until the final decision of the board. If the department preempts any portion of a local program, it shall collect the fees applicable to that portion of the program.

(5) Any local government may petition the commissioner requesting that additional plan review functions be allocated to that local government. Such petition shall include evidence of the local government's capability to perform additional plan review functions, *and that its designated building inspection has been certified by the department to perform the necessary duties of building inspector. If not certified, its designated building inspector shall apply for certification within ninety (90) days after the department's certification program is in effect but no later than October 1, 1983.* The commissioner, after review of the petition and supporting evidence, may grant or deny to the local government any part of a request for additional responsibility. If the commissioner denies any part of a petition, he shall explain his reasons for denial in writing, and provide a copy to the board and the local government. A local government may appeal such denial directly to the board, and the board shall review such appeal according to the procedures found in subsections (8) through (12) of KRS 198B.070. Should the local government be granted additional responsibility by the commissioner or the board, the department shall hold concurrent jurisdiction over such additional responsibility, but the local government shall collect any fees for functions it performs pursuant to such additional responsibility.

(6) *Any local government may also petition the commissioner requesting that plans and specifications inspection, building inspection, and approval responsibility relating to the application of local plumbing permits for local installations be allocated to the local government. The petition shall not be granted unless the local government has demonstrated to the commissioner that it can perform these functions in accordance with the provisions of KRS 198B.050 - KRS 198B.090.*

(7) The commissioner shall expedite the review of plans and specifications by assigning responsibilities and coordinating review activities among the department's various functional offices so as to prevent unnecessary duplication in the review of plans and specifications.

(8)[~~(7)~~] Upon the effective date of the uniform state building code, no building shall be constructed in this state until a local building official and an official representing the department, if the department has jurisdiction, issue a permit for such construction. The local building official or the representative of the department shall issue a permit if the proposed building satisfies the requirements of the uniform state building code and if the party desiring to construct the building has complied with all other legal requirements concerning the location and construction of said building. The applicant for a building permit, by the act of applying for the permit, is deemed to have consented to inspection, by the local government or the department, of such building during construction and upon the completion of construction for the purpose of determining that such building is constructed in compliance with the uniform state building code. This section shall apply to industrialized building systems but destructive disassembly of industrialized building systems which carry a seal of approval pursuant to a manufactured building law in the state in which they were manufactured, which seal of approval is accepted by the board of housing, buildings and construction, shall not be performed in order to conduct such tests or inspections.

(9)[~~(8)~~] No building on which construction was begun nor any industrialized building system on which site preparation and assembly were begun after the uniform state building code became effective shall be occupied until the local building official or a representative of the department issues a certificate of occupancy certifying that the building was constructed in conformance with the standards of the uniform state building code, or assembled or installed in conformance with applicable instructions.

(10)[~~(9)~~] A local government may associate with other local governments, and may seek the technical assistance of other agencies or area development districts in order to provide for the local enforcement of the uniform state building code.

(11) *Local governments or associations of local governments may contract with a person, firm, or company to perform the plans and specifications inspection or building inspection functions required of the local government by the provisions of this section provided that:*

(a) The person performing the plans and specifications inspection is certified by the department as having successfully completed the test requirements provided by KRS 198B.090 to practice as a certified plans and specifications inspector;

(b) The person performing the building inspection is certified by the department as having successfully completed the test requirements provided in KRS 198B.090 to practice as a certified building inspector.

(12) If the department determines that an inspector is not enforcing the provisions of the Kentucky building codes, it shall require a hearing to review the inspector's procedures and return in written form the required corrections resulting from the hearing to the inspector.

(13) If, after written notification from the department to the inspector of the corrections required, the inspector fails to comply within sixty (60) days, the department shall suspend the inspector's certification until the inspector complies.

(14) Each local government and the department may establish a schedule of fees for the functions performed under the provisions of this chapter. Such fees shall be designed to fully cover the cost of the service performed but shall in no case exceed the cost of the service performed. Fees payable to the department shall be paid into the state treasury and credited to a trust and agency fund to be used by the department in carrying out the provisions of this chapter. No part of this fund shall revert to the general fund of the Commonwealth.

Section 4. KRS 198B.070 is amended to read as follows:

(1) The mayor, chairman of the board of trustees, or county judge/executive of a local government which is enforcing the uniform state building code may, upon the approval of the local legislative body, appoint a local appeals board, consisting of at least *five (5)* [~~three (3)~~] technically qualified persons with professional experience related to the building industry, to hear appeals from the decisions of the local building official. *At least two (2) members of the appeals board must not be employed by the local government hearing the appeal.*

(2) Local governments which are enforcing the uniform state building code may cooperate with each other to provide a local appeals board and shall adhere to the provisions of KRS Chapter 65 when entering such cooperative agreements. No local building official or employe of a local inspection department may sit on a local appeals board if such board is hearing an appeal to a decision rendered by his department. No member of a local appeals board shall hear an appeal in a case in which he has a private interest.

(3) Any party to a decision by the local building official may appeal that decision to the local appeals board. Upon receipt of an appeal from a qualified party, the local appeals board shall convene a hearing to consider the appeal within fifteen (15) days of receipt. All parties to the appeal shall be notified of the time and place of the hearing by letter mailed by certified mail no later than ten (10) days prior to the date of the hearing. The local appeals board shall render a decision within five (5) working days after the hearing.

(4) A local appeals board may uphold, amend, or reverse the decision of a local building official, and there shall be no appeal from the decision of a local appeals board other than by appeal to the board of housing, buildings and construction. Appeals to the board of housing, buildings and construction shall include citation of those provisions of the uniform state building code which are at issue, and an explanation of why the decision of the local appeals board or the local building official relative to those provisions is being contested.

(5) The board of housing, buildings and construction shall serve to hear appeals from the decisions of local appeals boards, when such boards exist, or to hear appeals directly from the decisions of local building officials in cases where no local appeals board has jurisdiction. In no case shall the board hear an appeal directly from a party aggrieved by the decision of a local building official when there is a local appeals board with jurisdiction in the case.

(6) The board shall hear appeals directly from a party aggrieved by the decision of an agent of the department. Such appeals shall include citations of those provisions of the uniform state building code which are at issue, and an explanation of why the decision of the agent of the department relative to those provisions is being contested.

(7) Appeals to the board of housing, buildings and construction shall be addressed to the commissioner who shall immediately notify the board when an appeal is received. The commissioner or a designated employe of his department shall then investigate the evidence pertaining to such appeal and, based upon the results of such investigation, make recommendations to the board on the disposition of the case in question. No employe of the department shall investigate or make recommendations on an appeal to his own decision, but shall defer in such cases to employes who were not party to the decision which led to the appeal. In conducting such investigation, the commissioner or his designated representatives, acting for the department, shall have the authority to administer oaths and affirmations, issue subpoenas authorized by law, rule upon offers of proof and receive relevant evidence, take or cause depositions to be taken, regulate the course of any hearings they may schedule, and hold conferences for the settlement or simplification of the issues by consent of the parties. The commissioner shall complete such investigations and forward written recommendations to the board within thirty (30) days after receiving an appeal.

(8) Upon receiving the written recommendations of the commissioner, the board may decide to accept such recommendations, or it may decide to convene a hearing to consider the question further. Upon receipt of the recommendations of the commissioner, the board shall render a decision on each appeal at its next regularly scheduled meeting, but no later than thirty (30) days after receipt of such recommendations.

(9) Should the board's decision be to schedule a hearing on the appeal, such hearing shall occur within thirty (30) days of such decision, and all parties to such hearing shall be immediately notified in writing of the time and place of such hearing by the commissioner.

(10) The board may appoint five (5) or more of its members, excluding the chairman of the board, to consider the recommendations of the commissioner or to conduct the hearing, and those so appointed shall act in all matters concerning the appeal for the entire board.

(11) In considering an appeal, the board, if they deem it necessary to reach an equitable decision, may exercise any of the powers granted to the commissioner in subsection (7) of this section. The board shall render a decision within ten (10) days of any appeals hearing it may conduct.

(12) The board may uphold, amend, or reverse the decision of a local appeals board, a local building official or an agent of the department; and the decision of the board shall be final, and there shall be no appeal from the board's decision, except to the circuit court within whose jurisdiction the property in question is located.

Section 5. KRS 198B.090 is amended to read as follows:

(2) The testing procedures shall be sufficient to reflect the ability of the person applying for certification to inspect in accordance with those local, state, and federal building codes, fire codes, plumbing codes, or health and safety codes, that are applicable to the inspection duties for which he requests certification.

(3) The department *shall* [~~may~~] conduct or sponsor pre-entry and in-service education and training programs on the technical, legal, and administrative aspects of building code administration and enforcement. For this purpose it may cooperate and contract with educational institutions, area development districts, local, regional, state or national building officials' organizations, and any other appropriate organization.

The program shall be so designed as to insure uniform statewide enforcement of the applicable state building and plumbing codes. Training material coverage shall be adequate to prepare the participants with a working knowledge of construction design, specification terms, and the state building codes applicable to the particular field in which the applicant requests certification.

(5) Attendance at the training sessions shall not be mandatory prior to testing for certification if the applicant's previous education or experience qualifies the applicant to obtain a passing score on the required certification test.

(6) Training sessions shall be held as frequently as is felt necessary by the commissioner to adequately provide for local and state building inspection needs.

(7) The department's plans and specifications review staff and the field inspection staff shall attend the training and become certified in accordance with the provisions of this section.

(8) The board shall establish a schedule of fees to cover the cost of the education, testing, and certification programs to be paid by the applicants for certification. The fees shall not exceed the actual cost of the services performed by the department to administer the programs listed in this section.

(9) The department may reimburse building officials, code enforcement officers and other employes of the state and its subdivisions for related expenses incurred by them for attendance at in-service training programs approved by the department.

Section 4. KRS 205.560 is amended to read as follows:

(1) The scope of medical care for which the department for human resources undertakes to pay shall be designated and limited by regulations promulgated by said department, pursuant to the provisions hereof.

Within the limitations of any appropriation therefor, the provision of complete upper and lower dentures to recipients of medical assistance program benefits who have their teeth removed by a dentist resulting in the total absence of teeth shall be a mandatory class in the scope of medical care. Payment to a dentist of any such medical assistance program benefits for complete upper and lower dentures shall only be provided on the condition of a preauthorized agreement between an authorized representative of the medical assistance program and the dentist prior to the removal of such teeth. The selection of another class or other classes of medical care shall be recommended by the council to the secretary for human resources after taking into consideration, among other things, the amount of federal and state funds available, the most essential needs of recipients, and the meeting of such need on a basis insuring the greatest amount of medical care as defined in KRS 205.510 consonant with the funds available including but not limited to the following categories except where such aid is for the purpose of obtaining an abortion:

(a) Hospital care, including drugs, and medical supplies and services during any period of actual hospitalization;

(b) Nursing home care, including medical supplies and services, and drugs during confinement therein on prescription of a physician, dentist, or podiatrist;

(c) Drugs, nursing care, medical supplies and services during the time when a recipient is not in a hospital but is under treatment and on the prescription of a physician, dentist, or podiatrist;

(d) Physician, podiatric, dental and optometric services;

(e) Nonprofit neighborhood health organizations or clinics where some or all of the medical services are provided by licensed registered nurses or by advanced medical students presently enrolled in a medical school accredited by the Association of American Medical Colleges and where such students or licensed registered nurses are under the direct supervision of a licensed physician who rotates his services in this supervisory capacity between two (2) or more of the nonprofit neighborhood health organizations or clinics specified herein.

(2) Payments for hospital care, nursing home care, and drugs or other medical, ophthalmic, podiatric and dental supplies shall be on bases which relate the amount of the payment to the cost of providing such services or supplies. It shall be one (1) of the functions of the council to make recommendations to the department for human resources with respect to such bases for payment.

(3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.

(4) The rules and regulations of the department for human resources shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for *induced* premature births *and induced terminations of pregnancy*. This statement shall indicate the procedures used in providing such medical services.

(5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. The amount of payments for units of services need not be uniform for the entire state but may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in such locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, so long as the place of practice is within the boundaries of the state.

(6) Nothing in this section shall require that any payment be made for optometric services or ophthalmic supplies.

(7) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.

Section 5. KRS 205.590 is amended to read as follows:

Section 6. KRS 205.850 is amended to read as follows:

(2) No person shall unlawfully make, offer or receive payment, rebate of a fee, or charge for referring an individual to another person for furnishing of benefits;

(3) No person shall enter into an agreement, combination or conspiracy with the intent to defraud the department by obtaining or aiding another to obtain the payment or allowance of a fictitious, false or fraudulent claim;

(4) No person shall, with intent to defraud, make, present or cause to be made or presented to an employe or officer of the department a claim for benefits upon or against the state knowing the claim to be false, fictitious or fraudulent;

(5) No person shall, with intent to defraud, knowingly make, or induce, or seek to induce the making of a false statement or false representation of a material fact with respect to the conditions or operations of an institution or facility in order that the institution or facility may qualify, upon initial certification or upon recertification, as a hospital, skilled nursing facility, intermediate care facility, home health agency or other provider of services to the medical assistance program.

(6) Subsections (1) and (2) of this section shall not apply to:

(a) A discount or other reduction in price obtained by a provider of services or other entity under this chapter if the reduction in price is properly disclosed and appropriately reflected in the costs claimed or charges made by the provider or entity under this chapter; and

(b) Any amount paid by an employer to an employe (who has a bona fide employment relationship with such employer) for employment in the provision of covered items or services.

(6) The license fee for such calendar year, or part thereof, shall be as follows, effective January 1, *1982* [~~1967~~]:

(a) For *new* motor vehicle dealers, one hundred dollars ($100.00) for each office or branch or agent thereof, plus one *hundred dollars ($100)* [~~dollar ($1.00)~~] for a supplemental license for each used car lot not immediately adjacent to the office or to a branch.

(b) *For used motor vehicle dealers, one hundred dollars ($100) for each office or branch or agent thereof.*

(c) For motor vehicle leasing dealers, one hundred dollars ($100) for each office or branch or agent thereof.

(d) For motor vehicle manufacturers, *one hundred dollars ($100)* [~~fifty dollars ($50.00)~~]; and for each factory branch in this state, *one hundred dollars ($100)* [~~five dollars ($5.00)~~].

(e)[~~(c)~~] For distributors, *auctioneers* or wholesalers, the same as for dealers.

(f)[~~(d)~~] For motor vehicle salesmen, five dollars ($5.00).

(g)[~~(e)~~] For factory representative, or distributor branch representative, *one hundred dollars ($100)* [~~five dollars ($5.00)~~].

(7) The licenses of dealers, manufacturers, factory branches, distributors, and distributor branches shall specify the location of the office or branch and must be conspicuously displayed there. In case such

location be changed, the licensor shall indorse the change of location on the license without charge if it be within the same municipality. A change of location to another municipality shall require a new license.

(8) Every salesman, factory representative or distributor representative shall carry his license when engaged in his business, and display the same upon request. The license shall name his employer, and in case of a change of employer, the salesman shall immediately mail his license to the licensor who shall indorse such change on the license without charge.

(9) Provided the licensor has reasonable cause to doubt the financial responsibility or the compliance by the applicant or licensee with the provisions of this statute the licensor may require such applicant or licensee to furnish and maintain a bond in such form, amount and with such sureties as it shall approve, but not less than [~~five thousand dollars ($5,000), nor more than~~] fifteen thousand dollars ($15,000), conditioned upon such applicant or licensee complying with the provisions of the statutes applicable to the licensee and as indemnity for any loss sustained by any person by reason of any acts of the licensee constituting grounds for suspension or revocation of his license hereunder. The bonds shall be executed in the name of the state of Kentucky for the benefit of any aggrieved parties, but the penalty of said bond shall not be invoked except after a court adjudication thereof. The above bonding requirements shall not apply to manufacturers, factory branches, and their agents.

(10) Application for dealer's license shall be submitted to the bureau in duplicate and contain such information as the bureau may require. No motor vehicle dealer, unless licensed under KRS 190.010 to 190.080, shall be permitted to register, receive, or use any motor vehicle registration plates.

(11) Every motor vehicle dealer licensed in accordance with the provisions of this section shall make reports to the licensor at such intervals and showing such information as the licensor may require.

Section 4. KRS 190.033 is amended to read as follows:

No motor vehicle dealer's license, *or auctioneer's license* or wholesaler's license shall be issued or renewed unless the applicant or holder of said license shall have on file with the bureau an approved indemnifying bond or insurance policy issued by some surety company or insurance carrier authorized to transact business within the Commonwealth of Kentucky. The term of the bond or policy shall be continuous and shall remain in full force until cancelled under proper notice. All bonds or policies must be issued in the name of the holder or applicant for the dealer's license or wholesaler's license. The bond or policy shall provide public liability and property damage coverage for the operation of any vehicle owned or being offered for sale by the said dealer or wholesaler when being operated by the owner or seller, his agents, servants, employes, prospective customers or other persons. The amount of said insurance shall be *one hundred thousand dollars ($100,000)* [~~ten thousand dollars ($10,000)~~] for bodily injury or death of any one person; and *three hundred thousand dollars ($300,000)* [~~twenty thousand dollars ($20,000)~~] for bodily injury or death in any one accident; and *fifty thousand dollars ($50,000)* [~~five thousand dollars ($5,000)~~] property damage. Said bond or insurance policy may not be cancelled unless fifteen (15) days' notice by the bondsman or insurance carrier has been given in writing to the bureau. Upon the cancellation of any bond or insurance policy required hereunder, the right to engage in the business of a motor vehicle dealer or wholesaler shall immediately abate; provided, however, that if the bond or insurance policy is reinstated within thirty (30) days from the date of cancellation the rights granted by the license shall again be in force and effect, otherwise, the said license shall become void.

Section 5. KRS 190.035 is amended to read as follows:

No license shall be issued by the bureau *for the purposes and to the persons described in this Act, either as dealer or salesman* [~~to any person to act as a motor vehicle dealer, or as a motor vehicle salesman for a motor vehicle dealer~~], unless the applicant for the motor vehicle dealer license has *an established* [~~a fixed and permanent~~] place of business *as defined in KRS 190.010* [~~in this state, including a lot and a building of suitable character and adequate facilities for the purpose of performing the functional business and duties of a motor vehicle dealer, which shall include the books, records, files and equipment necessary to properly conduct such business. The place of business shall not consist of a residence, tent, temporary stand or open lot~~]. A *licensee* [~~dealer~~] may conduct more than one (1) business in a building otherwise meeting the requirements of this chapter providing he has suitable space and adequate facilities therein to properly conduct the business of a motor vehicle dealer. *Provided, however, a used motor vehicle dealer having annual unit sales of not more than twelve (12) units shall have an established place of business as required in this chapter.* The lot requirement of this section may be waived if the dealer has sufficient space within a building to properly show and display the motor vehicles being sold by him. The dealer shall display a sign easily visible from the street identifying his business.

Section 6. KRS 190.045 is amended to read as follows:

(1) *Not withstanding the terms, provisions or conditions of any franchise or notwithstanding the terms or provisions of any waiver, no manufacturer shall cancel, terminate or fail to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has:*

(a) Satisfied the notice requirement of subsection (4); and

(b) Has good cause for cancellation, termination, or nonrenewal; and

(c) Has acted in good faith as defined in this Act.

(2) Notwithstanding the terms, provisions or conditions of any franchise or the terms or provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation or nonrenewal when:

(a) There is a failure by the new motor vehicle dealer to comply with a provision of the franchise which provision is both reasonable and of material significance to the franchise relationship, provided that the dealer has been notified in writing of the failure within one hundred eighty (180) days after the manufacturer first acquired knowledge of such failure.

(b) If the failure by the new motor vehicle dealer, defined in (a) above, relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer, if the new motor vehicle dealer was apprised by the manufacturer in writing of such failure, and

1. Said notification stated that notice was provided of failure of performance pursuant to this section;

2. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than six (6) months, to comply with such criteria; and

3. The new motor vehicle dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during such period.

(3) The manufacturer shall have the burden of proof under this section.

(4) Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation, or nonrenewal of any franchise, the manufacturer shall furnish notification of such termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

(a) In the manner described in subsection (2)(b); and

(b) In not less than ninety (90) days prior to the effective date of such termination, cancellation or nonrenewal; or

(c) In not less than fifteen (15) days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

1. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

2. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven (7) consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

3. Conviction of the new motor vehicle dealer, or any owner or operator thereof, of any felony which is punishable by imprisonment; or

4. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

(d) In not less than one hundred eighty (180) days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

(5) Notification under this section shall be in writing by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

(a) A statement of intent to terminate, cancel, or not to renew the franchise; and

(b) A statement of the reasons for the termination, cancellation or nonrenewal; and

(c) The date on which such termination, cancellation or nonrenewal takes effect.

(6) Upon the termination, nonrenewal or cancellation of any franchise, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

(a) New motor vehicle inventory which has been acquired from the manufacturer;

(b) Supplies and parts which have been acquired from the manufacturer;

(c) Equipment and furnishings provided the new motor vehicle dealer purchased from the manufacturer or its approved sources; and

(d) Special tools.

Such fair and reasonable compensation shall in no instance be less than the acquisition price and shall be paid by the manufacturer within ninety (90) days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and other items and is in a position to convey that title to the manufacturer.

(7) In the event of a termination, cancellation, or nonrenewal under this section, and the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or one (1) year's rent, whichever is less.

(8) In the event of a termination, cancellation, or nonrenewal under this section and the new motor vehicle dealer owns the dealership facilities, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the reasonable rental value of the dealership facilities for one (1) year.

(a) If the termination, cancellation, or renewal is pursuant to subsection (4) above, then the manufacturer or distributor shall in addition to the relief described in subsection (8) above:

1. Assume the obligations for any lease of the dealership facilities; or
2. Arrange for a new lease of any dealership facilities; or
3. Negotiate a lease termination for the dealership facilities at the manufacturer's expense.

(b) If, in an action for damages under this section, the manufacturer or distributor fails to prove either that the manufacturer or distributor has acted in good faith or that there was good cause for the franchise termination, cancellation, or nonrenewal, then the commission shall order, in addition to any other damages under this section, that the manufacturer or distributor pay the new motor vehicle dealer an amount equal to the value of the dealership, as an ongoing business location. [~~No franchise entered into or renewed after January 1, 1973 between a motor vehicle dealer and a manufacturer or distributor may be cancelled, terminated, or not renewed by the manufacturer or the distributor except and only after sixty (60) days' notice has been given to the dealer and the bureau, which notice must outline the reasons and causes for the cancellation, termination, or non-renewal of the franchise. A notice of less than sixty (60) days may be approved by the bureau upon written application of both the dealer and manufacturer or distributor; or upon written application of the manufacturer or distributor, with notice to the dealer, if in the discretion of the bureau a lesser period is justified by reason of the circumstances of the cancellation, termination or failure to renew.~~

~~(2) A dealer may, within the sixty (60) day period or lesser period if approved by the bureau file a complaint against the manufacturer or the distributor with the bureau, questioning the reasons and causes given for the proposed cancellation, termination or nonrenewal of the franchise. Upon a complaint being filed, the bureau shall promptly set the matter for public hearing, in accordance with the provisions of KRS 190.057, for the purpose of determining whether the cancellation, termination or nonrenewal is in violation of the provisions of KRS 190.040 or whether just cause does exist for cancellation, termination or nonrenewal.~~

~~(3) The franchise shall stay in full force and effect pending the determination by the bureau of the issues involved. If the bureau determines that the manufacturer or distributor is acting in violation of the licensing law or that no just cause exists for the proposed action, then the bureau shall order that the franchise be kept in full force and effect.~~

~~(4) The bureau shall order that the franchise may be cancelled, terminated or not renewed if it finds the licensed dealer is acting in violation of the licensing law or that just cause does exist for the proposed action.~~

~~(5) Failure of the manufacturer or distributor to give proper notice or to keep the franchise in full force and effect pending determination by the bureau, or to abide by the final order of the bureau shall be cause for the bureau to refuse to issue a license to a replacement dealer or to a dealership which would be conducted in the same area and selling the same make of motor vehicles where the dealer in question was engaged in business.~~]

Section 7. KRS 190.046 is amended to read as follows:

(1) Notwithstanding the terms of any franchise agreement, each motor vehicle manufacturer or distributor, doing business within this Commonwealth, shall assume all responsiblity for and shall defend, indemnify and hold harmless its motor vehicle dealers against any loss, damages, and expenses, including legal costs, arising out of complaints, claims, or lawsuits resulting from warranty defects, which shall include structural or production defects or defects in the assembly, or design of motor vehicles, parts, accessories, or other functions beyond the control of the dealer, including without limitation, the selection of parts or components for the vehicle. Each manufacturer or distributor shall pay reasonable compensation to any authorized dealer who performs work to repair such defects, or to repair any damage to the manufacturer's or distributor's product sustained while the product is in transit to the dealer, when the carrier or the means of transportation is designated by the manufacturer or distributor. Each manufacturer or distributor shall provide to its dealers with each model year a schedule of time allowances for the performance of warranty repair work and services, which shall include time allowances for the diagnosis and performance of warranty work and service time, and shall be reasonable and adequate for the work to be performed.

(2) In the determination of what constitutes "reasonable compensation" under this section the principal factor to be considered shall be the amount of money which the dealer is charging its other customers for the same type service or repair work. However, other factors such as the compensation being paid by other manufacturers or distributors to their dealers for such work; and the prevailing amount of money being paid or charged by the dealers in the city or community in which the authorized dealer is doing business may be considered. "Reasonable compensation" comprehends diagnosing the defect, repair service, labor, parts and administrative and clerical costs, and in no event shall such compensation of a dealer be less than the amount charged by such dealer for like services and parts (minimum compensation for parts shall be dealer cost plus *thirty percent (30%)* [~~twenty-five percent (25%)~~] gross profit) to retail customers for non-warranty service and repairs, or less than the amounts indicated for such work on the schedule of warranty compensation required to be filed by the manufacturer with the bureau as a part of the manufacturer's license application by KRS 190.030.

(3) A manufacturer or distributor shall not require unreasonable proof to establish "reasonable compensation" or delay reimbursement of payment to the dealer beyond thirty-five (35) days from the submission

by mail of a valid warranty claim. If a valid warranty claim is not paid within forty-five (45) days, the dealer may give the manufacturer one (1) copy of the dealer's related repair order bearing the customer's signature, the dealer's signature, the date the work was completed, the vehicle serial number or identification number, the odometer reading, the date of delivery of the vehicle, a list of the parts and supplies used if applicable, a brief general description of the defect, and the amount of money charged the manufacturer or distributor for the work. If after fifteen (15) days, the valid warranty claim is still not paid, the dealer may deduct a like amount from any monies due or owing to the manufacturer or distributor. The dealer must hold the defective part or parts for inspection by the manufacturer or distributor for a period of time not to exceed ninety (90) days from the time the warranty claim is submitted. The manufacturer or distributor shall not unfairly discriminate against any dealer in the application of warranty, policy, and procedure or deny any valid warranty order claim submitted by a franchised dealer within thirty (30) days from completion of the work or longer if existing manufacturer-dealer relationships apply. Upon the written request of the dealer for valid reasons the manufacturer will extend the submission time. Any dispute between the dealer and the manufacturer or distributor shall be subject to the provisions of KRS 190.057.

Section 8. KRS 190.047 is amended to read as follows:

(1) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. In no case will the relevant market area be less than a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishment or relocation of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative, that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for one (1) year or more shall be deemed the establishment of an additional new motor vehicle dealership.

(2) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area, which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel.

(3) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in a court of competent jurisdiction. [~~Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.~~

~~(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.~~

~~(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the bureau, provided a written application for review is filed with the bureau, with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the bureau, after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The bureau shall make such determination within ninety (90) days after the application for review has been filed with the bureau.~~

~~(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include~~

~~whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.~~

~~(5) Failure of the manufacturer or distributor to abide by the final order of the bureau or to continue the franchise in effect pending the final determination of the issue by the bureau shall be cause for the bureau to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.~~

~~(6) Notwithstanding the provisions of KRS 190.010(2)(a), the provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the committee of an individual who has been declared incompetent and who has such an interest for one (1) year following appointment.~~]

Section 9. KRS 190.047, 1980 Acts Chapter 396, Section 69, effective July 1, 1982 is amended to read as follows:

(1) *In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. In no case will the relevant market area be less than a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishing or relocating of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for one (1) year or more shall be deemed the establishment of an additional new motor vehicle dealership.*

(2) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established.

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts and qualified service personnel.

(3) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in a court of competent jurisdiction. [~~Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.~~

~~(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.~~

~~(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the bureau, provided a written application for review is filed with the bureau, with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the bureau, after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The bureau shall make such determination within ninety days after the application for review has been filed with the bureau.~~

~~(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.~~

~~(5) Failure of the manufacturer or distributor to abide by the final order of the bureau or to continue the franchise in effect pending the final determination of the issue by the bureau shall be cause for the bureau to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.~~

~~(6) Notwithstanding the provisions of KRS 190.010(2)(a), the provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the guardian or conservator of an individual who has been declared mentally disabled and who has such an interest for one (1) year following appointment.~~]

SECTION 10. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) Any designated family member of a deceased or incapacitated dealer may succeed the dealer in the ownership or operation of the dealership under the existing franchise or distribution agreement, provided the designated family member gives the manufacturer, distributor, factory branch, or factory representative, or importer of new motor vehicles, written notice of the intention to succeed to the dealership within one hundred twenty (120) days of the dealer's death or incapacity, and unless there exists good cause for refusal to honor such succession on the part of the manufacturer, factory branch, factory representative, distributor, or importer.

(2) The manufacturer, distributor, factory branch, or factory representative, or importer may request, and the designated family member shall provide, upon said request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.

SECTION 11. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) If a manufacturer, distributor, factory branch or factory representative, or importer believes that good cause exists for refusing to honor the succession to the ownership and operation of a dealership by a family member of a deceased or incapacitated dealer under the existing franchise agreement, the manufacturer, distributor, factory branch or factory representative, or importer may, within thirty (30) days of receipt of notice of the designated family member's intent to succeed the dealer in the ownership and operation of the dealership, serve upon the designated family member and the department notice of the grounds for its refusal to honor the succession, and of its intent to discontinue the existing franchise agreement with the dealership no sooner than ninety (90) days from the date such notice is served.

(2) If notice of refusal and discontinuance is not timely served upon the family member, the franchise agreement shall continue in effect, subject to termination only as otherwise permitted by this law.

(3) This section does not preclude a new motor vehicle dealer from designating any person as his successor by written instrument filed with the manufacturer, distributor, factory branch, factory representative, or importer.

Section 12. KRS 190.0491 is amended to read as follows:

(1) "Delivery" of a motor vehicle to a dealer by a manufacturer or distributor for the purposes of this section shall be accomplished by the:

(a) Tender of the motor vehicle and any documents necessary to enable the dealer to obtain title and possession of the motor vehicle at the dealer's place of business or designated place of delivery, and

(b) The giving of notice of such tender of the motor vehicle and documents to the dealer.

(2) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

(a) Notify the manufacturer or distributor of such damage within three (3) working days of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

(b) Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.

Such notification of damage by the dealer must be by certified mail, with a notice of delivery requested to be returned to the dealer, and shall be presumed to have occurred upon deposit of the notice with the United States postal service.

(3) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within three (3) working days of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligations, financial or otherwise, for such damage to the motor vehicle. In determining when such notification of the damage by the dealer to the manufacturer or distributor occurs, the date the notice is received by the manufacturer or distributor by the United States postal service indicated on the notice of delivery returned to the dealer shall be controlling.

(4) In computing the lapse of three (3) working days under this section, the day of the occurrence of delivery of the motor vehicle to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, or the day of notification of the damage to the manufacturer or distributor by the dealer,

as described in subsection (3) of this section, is not to be included, but the last working day of the period so computed is to be included.

(5) Prior to the sale of any motor vehicle damaged prior to delivery to the dealer as described in subsection (2) of this section, excluding damage to glass, tires and bumpers when replaced by identical manufacturer's original equipment and any damage *not exceeding six percent (6%) of the sticker price of the vehicle* [~~requiring less than four (4) hours to repair, above~~], the occurrence and extent of such damage must be disclosed by the dealer to the consumer, and upon repair of the damage sustained, or replacement of the parts or accessories damaged, the manufacturer and/or dealer, must certify to the consumer that the motor vehicle has been repaired or remanufactured to the manufacturer's standards; if the dealer makes the certification he shall be indemnified by the manufacturer. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the manufacturer.

(6) Whenever a motor vehicle is damaged after delivery to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, but before sale by the dealer to the consumer, the occurrence and extent of such damage must be disclosed by the dealer to the consumer prior to such sale, and upon repair of the damage sustained, or replacement of parts or accessories damaged, the dealer must certify to the consumer that this motor vehicle has been repaired or remanufactured according to the manufacturer's standards. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the dealer.

(7) Notwithstanding the terms of any franchise agreement, it shall be a violation of this section for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs and reasonable attorneys' fees of the new motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or recission of the sale as is defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts, or accessories or other functions by the manufacturer, beyond the control of the dealer.

Section 13. KRS 190.070 is amended to read as follows:

(1) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative licensed under this code to require any new motor vehicle dealer in the Commonwealth:

(a) To order or accept delivery of any motor vehicle, part or accessory thereof, appliances, equipment, or any other commodity not required by law, which shall not have been voluntarily ordered by the new motor vehicle dealer.

(b) To order or accept delivery of any new motor vehicle with special features, appliances, accessories, or equipment not included in the list price of such motor vehicles, as publicly advertised by the manufacturer or distributor.

(c) To order for any person any parts, accessories, equipment, machinery tools, appliance, or any commodity whatsoever.

(d) To participate in an advertising campaign or contest, any promotional materials, training materials, showroom or other display decorations, or materials, at the expense of the dealer.

(e) To enter into any agreement with the manufacturer, distributor, factory branch, or factory representative, or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer, distributor, factory branch, or factory representative. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of such franchise, or contractual agreement shall not constitute a violation of this law.

(f) To change the capital structure of the dealership, or the means by or through which the dealer finances the operation of the dealership, provided that the dealership at all times meets any reasonable capital standards agreed to by the dealer.

(g) To refrain from participation in the management of investment in, or the acquisition of any other line of new motor vehicle or related products.

(h) To change location of the dealership, or to, during the course of the agreement, make any substantial alterations to the dealership premises, when to do so, would be unreasonable in light of the current economic, political, and social considerations.

(i) To prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this law, or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the Commonwealth or the United States of America, or to the commissioner, if such referral would be binding upon the dealer.

(2) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative:

(a) To delay, refuse, or fail to deliver motor vehicles, or vehicle parts or accessories in reasonable quantities, and within a reasonable time, but in any case no more than sixty (60) days, after receipt of an

order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts, or accessories to new vehicles as are covered by such franchise, if such vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who had placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within sixty (60) days, without cause. This subsection is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(b) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the relevant market areas.

(c) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(d) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the dealer.

(e) To increase prices of motor vehicles which the dealer had ordered for private retail customers prior to the dealer's receipt of the written official price increase notification, a sales contract signed by a private retail consumer shall constitute evidence of each such order. In the event of manufacturer price reductions, the amount of any such reduction received by a dealer shall be passed on to the private retail consumer by the dealer, if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealers inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price increase. Price changes caused by the following shall not be subject to the provisions of this subsection:

1. The addition to a motor vehicle of required or optional equipment pursuant to state or federal law;

2. Revaluation of the United States dollar, in the case of foreign-make vehicles.

(f) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subsection thereof, without making the same offer to all other dealers in the same line make within the relevant market area.

(g) To release to any outside party, except under subpoena, any business, financial, or personal information which may be, from time to time, provided by the dealer to the manufacturer, without the express written consent of the dealer.

(h) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(i) To compete with a new motor vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, distributor, factory branch, or factory representative in the relevant market area. A manufacturer, distributor, factory branch, or factory representative shall not, however, be deemed to be competing when operating a dealership, either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment, subject to loss in the dealership, and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions.

(j) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new motor vehicle dealers to make warranty adjustment with retail customers.

(k) To fail to give consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state; provided that consent may be withheld when in light of other circumstances, granting the consent would be unreasonable.

(l) To fail to be licensed as provided in this chapter, and to maintain a bond in an amount as determined by this chapter. [~~No manufacturer of motor vehicles, no wholesaler or distributor of motor vehicles, and no officer, agent or representative of either shall induce or coerce, or attempt to induce or coerce, any retail motor vehicle dealer or prospective retail motor vehicle dealer in this state to sell, assign or transfer any retail instalment sales contract, obtained by such dealer in connection with the sale by him in this state of motor vehicles manufactured or sold by such manufacturer, wholesaler or distributor, to a specified sales finance company or class of such companies, or to any other specified person, by any of the acts or means hereinafter set forth, namely:~~

~~(b) By any act that will benefit or injure such dealer.~~

~~(c) By any contract, or any express or implied offer of contract, made directly or indirectly to such dealer, for handling such motor vehicles, on the condition that such dealers sell, assign or transfer his retail instalment contract thereon, in this state, to a specified sales finance company or class of such companies, or to any other specified person.~~

~~(d) By any express or implied statement or representation, made directly or indirectly, that such dealer is under any obligation whatsoever to sell, assign or transfer any of his retail sales contracts, in this state, on motor vehicles manufactured or sold by such manufacturer, wholesaler or distributor to such sales finance company, or class of companies or other specified person, because of any relationship or affiliation between such manufacturer, wholesaler or distributor and such finance company or companies or such specified person or persons.~~

~~(2) Any such statements, threats, promises, acts, contracts or offers of contracts, set forth in subsection (1) of this section are declared unfair trade practices and unfair competition and against the policy of this state, are unlawful and are prohibited.~~

~~(3) No sales finance company, and no officer, agent or representative thereof, shall induce or coerce or attempt to induce or coerce any retail motor vehicle dealer to transfer to such sales finance company any of the retail instalment sales contracts in this state of such dealer on any motor vehicle by any of the following acts or means, namely:~~

~~(a) By any statement or representation, express or implied, made directly or indirectly, that the manufacturer, wholesaler or distributor of such motor vehicles will grant such dealer a franchise to handle such motor vehicles if such dealer shall sell, assign or transfer all or part of such retail sales contracts to such sales finance company.~~

~~(b) By any statement or representation, express or implied, made directly or indirectly, that the manufacturer, wholesaler or distributor of such motor vehicles will in any manner benefit or injure such dealer if such dealer shall or shall not sell, assign or transfer all or part of such retail sales contracts to such sales finance company.~~

~~(c) By any express or implied statement or representation made directly or indirectly, that there is an express or implied obligation on the part of such dealer to so sell, assign or transfer all or part of such retail sales contracts on such motor vehicles to such sales finance company because of any relationship or affiliation between such sales finance company and the manufacturer, wholesaler or distributor of such motor vehicles.~~

~~(4) Any such statement or representation set forth in subsection (3) of this section is declared to be unfair trade practices and unfair competition and against the policy of this state, are unlawful and are prohibited.~~

~~(5) Any retail motor vehicle dealer who, pursuant to any inducement, statement, promise or threat hereinbefore declared unlawful, shall sell, assign or transfer any or all of his retail instalment contracts shall not be guilty of any unlawful act and may be compelled to testify to each such act.~~

~~(6) No manufacturer shall directly or indirectly pay or give, or contract to pay or give, anything of service or value to any sales finance company licensee in this state, and no such licensee in this state shall accept or receive or contract or agree to accept or receive directly or indirectly any payment or service of value from any manufacturer, if the effect of the payment or giving of any such thing of service or value by the manufacturer, or the acceptance or receipt thereof, by the sales finance company licensee, may be to lessen or eliminate competition or tend to grant an unfair trade advantage or create a monopoly in the licensee who accepts or receives the payment, thing or service of value or contracts or agrees to accept or receive the same.~~]

(b) If the failure by the new motor vehicle dealer, defined in (a) above, relates to the performance of the new motor vehicle dealer in sales or service, then good cause shall be defined as the failure of the new motor vehicle dealer to comply with reasonable performance criteria established by the manufacturer, if the new motor vehicle dealer was apprised by the manufacturer in writing of such failure, and

1. Said notification stated that notice was provided of failure of performance pursuant to this section;

2. The new motor vehicle dealer was afforded a reasonable opportunity, for a period of not less than six (6) months, to comply with such criteria; and

3. The new motor vehicle dealer did not demonstrate substantial progress toward compliance with the manufacturer's performance criteria during such period.

(3) The manufacturer shall have the burden of proof under this section.

(4) Notwithstanding the terms, provisions or conditions of any franchise prior to the termination, cancellation, or nonrenewal of any franchise, the manufacturer shall furnish notification of such termination, cancellation or nonrenewal to the new motor vehicle dealer as follows:

(a) In the manner described in subsection (2)(b); and

(b) In not less than ninety (90) days prior to the effective date of such termination, cancellation or nonrenewal; or

(c) In not less than fifteen (15) days prior to the effective date of such termination, cancellation or nonrenewal with respect to any of the following:

1. Insolvency of the new motor vehicle dealer, or filing of any petition by or against the new motor vehicle dealer under any bankruptcy or receivership law;

2. Failure of the new motor vehicle dealer to conduct its customary sales and service operations during its customary business hours for seven (7) consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

3. Conviction of the new motor vehicle dealer, or any owner or operator thereof, of any felony which is punishable by imprisonment; or

4. Revocation of any license which the new motor vehicle dealer is required to have to operate a dealership;

(d) In not less than one hundred eighty (180) days prior to the effective date of such termination or cancellation where the manufacturer or distributor is discontinuing the sale of the product line.

(5) Notification under this section shall be in writing by certified mail or personally delivered to the new motor vehicle dealer; and shall contain:

(a) A statement of intent to terminate, cancel, or not to renew the franchise; and

(b) A statement of the reasons for the termination, cancellation or nonrenewal; and

(c) The date on which such termination, cancellation or nonrenewal takes effect.

(6) Upon the termination, nonrenewal or cancellation of any franchise, pursuant to this section, the new motor vehicle dealer shall be allowed fair and reasonable compensation by the manufacturer for the:

(a) New motor vehicle inventory which has been acquired from the manufacturer;

(b) Supplies and parts which have been acquired from the manufacturer;

(c) Equipment and furnishings provided the new motor vehicle dealer purchased from the manufacturer or its approved sources; and

(d) Special tools.

Such fair and reasonable compensation shall in no instance be less than the acquisition price and shall be paid by the manufacturer within ninety (90) days of the effective date of termination, cancellation or nonrenewal, provided the new motor vehicle dealer has clear title to the inventory and other items and is in a position to convey that title to the manufacturer.

(7) In the event of a termination, cancellation, or nonrenewal under this section, and the new motor vehicle dealer is leasing the dealership facilities from a lessor other than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the rent for the unexpired term of the lease or one (1) year's rent, whichever is less.

(8) In the event of a termination, cancellation, or nonrenewal under this section and the new motor vehicle dealer owns the dealership facilities, the manufacturer shall pay the new motor vehicle dealer a sum equivalent to the reasonable rental value of the dealership facilities for one (1) year.

(a) If the termination, cancellation, or renewal is pursuant to subsection (4) above, then the manufacturer or distributor shall in addition to the relief described in subsection (8) above:

1. Assume the obligations for any lease of the dealership facilities; or

2. Arrange for a new lease of any dealership facilities; or

3. Negotiate a lease termination for the dealership facilities at the manufacturer's expense.

(b) If, in an action for damages under this section, the manufacturer or distributor fails to prove either that the manufacturer or distributor has acted in good faith or that there was good cause for the franchise termination, cancellation, or nonrenewal, then the commission shall order, in addition to any other damages under this section, that the manufacturer or distributor pay the new motor vehicle dealer an amount equal to the value of the dealership, as an ongoing business location. [~~No franchise entered into or renewed after January 1, 1973 between a motor vehicle dealer and a manufacturer or distributor may be cancelled, terminated, or not renewed by the manufacturer or the distributor except and only after sixty (60) days' notice has been given to the dealer and the bureau, which notice must outline the reasons and causes for the cancellation, termination, or non-renewal of the franchise. A notice of less than sixty (60) days may be approved by the bureau upon written application of both the dealer and manufacturer or distributor; or upon written application of the manufacturer or distributor, with notice to the dealer, if in the discretion of the bureau a lesser period is justified by reason of the circumstances of the cancellation, termination or failure to renew.~~

~~(2) A dealer may, within the sixty (60) day period or lesser period if approved by the bureau file a complaint against the manufacturer or the distributor with the bureau, questioning the reasons and causes given for the proposed cancellation, termination or nonrenewal of the franchise. Upon a complaint being filed, the bureau shall promptly set the matter for public hearing, in accordance with the provisions of KRS 190.057, for the purpose of determining whether the cancellation, termination or nonrenewal is in violation of the provisions of KRS 190.040 or whether just cause does exist for cancellation, termination or nonrenewal.~~

~~(3) The franchise shall stay in full force and effect pending the determination by the bureau of the issues involved. If the bureau determines that the manufacturer or distributor is acting in violation of the licensing law or that no just cause exists for the proposed action, then the bureau shall order that the franchise be kept in full force and effect.~~

~~(4) The bureau shall order that the franchise may be cancelled, terminated or not renewed if it finds the licensed dealer is acting in violation of the licensing law or that just cause does exist for the proposed action.~~

~~(5) Failure of the manufacturer or distributor to give proper notice or to keep the franchise in full force and effect pending determination by the bureau, or to abide by the final order of the bureau shall be cause for the bureau to refuse to issue a license to a replacement dealer or to a dealership which would be conducted in the same area and selling the same make of motor vehicles where the dealer in question was engaged in business.~~]

Section 7. KRS 190.046 is amended to read as follows:

(1) Notwithstanding the terms of any franchise agreement, each motor vehicle manufacturer or distributor, doing business within this Commonwealth, shall assume all responsiblity for and shall defend, indemnify and hold harmless its motor vehicle dealers against any loss, damages, and expenses, including legal costs, arising out of complaints, claims, or lawsuits resulting from warranty defects, which shall include structural or production defects or defects in the assembly, or design of motor vehicles, parts, accessories, or other functions beyond the control of the dealer, including without limitation, the selection of parts or components for the vehicle. Each manufacturer or distributor shall pay reasonable compensation to any authorized dealer who performs work to repair such defects, or to repair any damage to the manufacturer's or distributor's product sustained while the product is in transit to the dealer, when the carrier or the means of transportation is designated by the manufacturer or distributor. Each manufacturer or distributor shall provide to its dealers with each model year a schedule of time allowances for the performance of warranty repair work and services, which shall include time allowances for the diagnosis and performance of warranty work and service time, and shall be reasonable and adequate for the work to be performed.

(2) In the determination of what constitutes "reasonable compensation" under this section the principal factor to be considered shall be the amount of money which the dealer is charging its other customers for the same type service or repair work. However, other factors such as the compensation being paid by other manufacturers or distributors to their dealers for such work; and the prevailing amount of money being paid or charged by the dealers in the city or community in which the authorized dealer is doing business may be considered. "Reasonable compensation" comprehends diagnosing the defect, repair service, labor, parts and administrative and clerical costs, and in no event shall such compensation of a dealer be less than the amount charged by such dealer for like services and parts (minimum compensation for parts shall be dealer cost plus *thirty percent (30%)* [~~twenty-five percent (25%)~~] gross profit) to retail customers for non-warranty service and repairs, or less than the amounts indicated for such work on the schedule of warranty compensation required to be filed by the manufacturer with the bureau as a part of the manufacturer's license application by KRS 190.030.

(3) A manufacturer or distributor shall not require unreasonable proof to establish "reasonable compensation" or delay reimbursement of payment to the dealer beyond thirty-five (35) days from the submission by mail of a valid warranty claim. If a valid warranty claim is not paid within forty-five (45) days, the dealer may give the manufacturer one (1) copy of the dealer's related repair order bearing the customer's signature, the dealer's signature, the date the work was completed, the vehicle serial number or identification number, the odometer reading, the date of delivery of the vehicle, a list of the parts and supplies used if applicable, a brief general description of the defect, and the amount of money charged the manufacturer or distributor for the work. If after fifteen (15) days, the valid warranty claim is still not paid, the dealer may deduct a like amount from any monies due or owing to the manufacturer or distributor. The dealer must hold the defective part or parts for inspection by the manufacturer or distributor for a period of time not to exceed ninety (90) days from the time the warranty claim is submitted. The manufacturer or distributor shall not unfairly discriminate against any dealer in the application of warranty, policy, and procedure or deny any valid warranty order claim submitted by a franchised dealer within thirty (30) days from completion of the work or longer if existing manufacturer-dealer relationships apply. Upon the written request of the dealer for valid reasons the manufacturer will extend the submission time. Any dispute between the dealer and the manufacturer or distributor shall be subject to the provisions of KRS 190.057.

Section 8. KRS 190.047 is amended to read as follows:

(1) Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.

(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.

(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the *licensor* [~~bureau~~], provided a written application for review is filed with the *licensor* [~~bureau~~], with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the *licensor* [~~bureau~~], after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The *licensor* [~~bureau~~] shall make such determination within ninety (90) days after the application for review has been filed with the *licensor* [~~bureau~~].

(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.

(5) Failure of the manufacturer or distributor to abide by the final order of the *licensor* [~~bureau~~] or to continue the franchise in effect pending the final determination of the issue by the *licensor* [~~bureau~~]

shall be cause for the *licensor* [~~bureau~~] to refuse to issue a subsequent license in the same county or franchise area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.

(6) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. In no case will the relevant market area be less than a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishment or relocation of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative, that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for one (1) year or more shall be deemed the establishment of an additional new motor vehicle dealership.

(7) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area, which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel.

(8) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in a court of competent jurisdiction.

(9)[~~(6) Notwithstanding the provisions of KRS 190.010(2)(a),~~] The provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the committee of an individual who has been declared incompetent and who has such an interest for one (1) year following appointment.

Section 9. KRS 190.047, 1980 Acts Chapter 396, Section 69, effective July 1, 1982 is amended to read as follows:

(1) Unless a franchise specifically states to the contrary, no franchise or any interest therein may be sold, transferred, or assigned without the approval of the manufacturer or distributor.

(2) A dealer desiring to sell, transfer or assign all or any portion of his franchise shall submit a written proposal of such sale, transfer or assignment to the manufacturer or distributor, and approval of such proposal shall not be arbitrarily or unreasonably withheld.

(3) The refusal of the manufacturer or the distributor to approve a proposed sale, transfer or assignment shall be subject to review by the *licensor* [~~bureau~~], provided a written application for review is filed with the *licensor* [~~bureau~~], with notice to the manufacturer or distributor, within thirty (30) days of the date of such refusal and such refusal shall not be final until the *licensor* [~~bureau~~], after a hearing has been held in accordance with the provisions of KRS 190.057, has determined that the approval was not arbitrarily or unreasonably withheld. The *licensor* [~~bureau~~] shall make such determination within ninety days after the application for review has been filed with the *licensor* [~~bureau~~].

(4) The burden of proof shall be on the dealer to show that the approval of the sale, transfer or assignment of any interest in the franchise was arbitrarily or unreasonably withheld. Factors to be considered in determining whether the manufacturer or distributor acted arbitrarily or unreasonably shall include whether the basic financial and facility requirements of the franchise will be met by the proposed transfer, sale or assignment and that the proposed purchaser, transferee or assignee is capable of operating, managing and supervising the operation of the business in question.

(5) Failure of the manufacturer or distributor to abide by the final order of the *licensor* [~~bureau~~] or to continue the franchise in effect pending the final determination of the issue by the *licensor* [~~bureau~~] shall be cause for the *licensor* [~~bureau~~] to refuse to issue a subsequent license in the same county or franchise

area to an applicant who will be selling the same motor vehicles as the former dealer for the same manufacturer or distributor.

(6) In the event that a manufacturer, distributor, factory branch, or factory representative seeks to enter into a franchise establishing an additional new motor vehicle dealership, or relocating an existing new motor vehicle dealership within or into a relevant market area where the same line make is then represented, the manufacturer, distributor, factory branch, or factory representative shall, in writing, first notify the licensor, and each new motor vehicle dealer in such line make in the relevant market area, of the intention to establish an additional dealership, or to relocate an existing dealership within or into that market area. In no case will the relevant market area be less than a radius of ten (10) miles around an existing dealership. Within fifteen (15) days of receiving such notice, or within fifteen (15) days after the end of any appeal procedure provided by the manufacturer, distributor, factory branch, or factory representative, any such new motor vehicle dealership may file with the licensor a protest to the establishing or relocating of the new motor vehicle dealership. When such a protest is filed, the licensor shall inform the manufacturer, distributor, factory branch, or factory representative that a timely protest has been filed, and that the manufacturer, distributor, factory branch, or factory representative shall not establish or relocate the proposed new motor vehicle dealership until the licensor has held a hearing, if the licensor has determined that there is good cause for not permitting such new motor vehicle dealership. For the purposes of this section, the reopening in a relevant market area of a new motor vehicle dealership that has not been in operation for one (1) year or more shall be deemed the establishment of an additional new motor vehicle dealership.

(7) In determining whether good cause has been established for not entering into or relocating an additional franchise for the same line make, the licensor shall take into consideration the existing circumstances, including, but not limited to:

(a) Permanency of the investment;

(b) Effect on the retail new motor vehicle business and the consuming public in the relevant market area;

(c) Whether it is injurious to the public welfare for an additional new motor vehicle dealership to be established;

(d) Whether the new motor vehicle dealer of the same line make in that relevant market area is providing adequate competition and convenient consumer care for the motor vehicles of the line make in the market area which shall include the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts and qualified service personnel.

(8) Any parties to a hearing by the licensor concerning the establishing or relocating of a new motor vehicle dealership shall have a right of review of the decision in Franklin Circuit Court.

(9)[~~(6) Notwithstanding the provisions of KRS 190.010(2)(a),~~] The provisions of this section shall apply to the personal representative, executor or administrator of the estate of an individual who had an interest in a franchise, or to the guardian or conservator of an individual who has been declared mentally disabled and who has such an interest for one (1) year following appointment.

SECTION 10. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) Any owner of a new motor vehicle dealership may appoint by will, or any other written instrument, a designated family member to succeed in the ownership interest of the said owner in the new motor vehicle dealership.

(2) Unless there exists good cause for refusal to honor succession on the part of the manufacturer or distributor, any designated family member of a deceased or incapacitated owner of a new motor vehicle dealership may succeed to the ownership of the new motor vehicle dealership under the existing franchise provided that:

(a) The designated family member gives the manufacturer or distributor written notice of his or her intention to succeed to the ownership of the new motor vehicle dealership within one hundred twenty (120) days of the owner's death or incapacity; and

(b) The designated family member agrees to be bound by all the terms and conditions of the franchise.

(3) The manufacturer or distributor may request, and the designated family member shall provide, promptly upon said request, personal and financial data that is reasonably necessary to determine whether the succession should be honored.

SECTION 11. A NEW SECTION OF KRS CHAPTER 190 IS CREATED TO READ AS FOLLOWS:

(1) If a manufacturer or distributor believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealership by a family member of a deceased or incapacitated owner of a new motor vehicle dealership under the existing franchise agreement, the manufacturer or distributor may, not more than sixty (60) days following the receipt of:

(a) Notice of the designated family member's intent to succeed to the ownership of the new motor vehicle dealership; or

(b) Any personal or financial data which it has requested;
serve upon the designated family member and the commission, notice of its refusal to honor the succession and its intent to discontinue the existing franchise with the dealer no sooner than ninety (90) days from the date such notice is served.

(2) The notice provided in subsection (1)(b) of this section must state the specific grounds for the refusal to honor the succession and of its intent to discontinue the existing franchise with the new motor vehicle dealer no sooner than ninety (90) days from the date such notice is served.

(3) If notice of refusal and discontinuance as provided in subsection (1)(b) of this section is not timely served upon the family member, the franchise shall continue in effect subject to termination only as otherwise permitted by this Act.

(4) In determining whether good cause for the refusal to honor the succession exists, the manufacturer, distributor, factory branch, or importer has the burden of proving that the successor is a person who is not of good moral character or does not meet the franchisor's existing and reasonable standards, and considering the volume of sales and service of the new motor vehicle dealership, the uniformly applied business experience standards in the market area.

Section 12. KRS 190.0491 is amended to read as follows:

(1) "Delivery" of a motor vehicle to a dealer by a manufacturer or distributor for the purposes of this section shall be accomplished by the:

(a) Tender of the motor vehicle and any documents necessary to enable the dealer to obtain title and possession of the motor vehicle at the dealer's place of business or designated place of delivery, and

(b) The giving of notice of such tender of the motor vehicle and documents to the dealer.

(2) Whenever a motor vehicle is damaged while in transit when the carrier or the means of transportation is designated by the manufacturer or distributor, or whenever a motor vehicle is otherwise damaged prior to delivery to the dealer, the dealer must:

(a) Notify the manufacturer or distributor of such damage within three (3) working days of the occurrence of the delivery of the motor vehicle as defined in subsection (1) of this section; and

(b) Must request from the manufacturer or distributor authorization to repair the damages sustained or to replace the parts or accessories damaged.
Such notification of damage by the dealer must be by certified mail, with a notice of delivery requested to be returned to the dealer, and shall be presumed to have occurred upon deposit of the notice with the United States postal service.

(3) In the event the manufacturer or distributor refuses or fails to authorize repair or replacement of any such damage within three (3) working days of notification of damage by the dealer, ownership of the motor vehicle shall revert to the manufacturer or distributor, and the dealer shall incur no obligations, financial or otherwise, for such damage to the motor vehicle. In determining when such notification of the damage by the dealer to the manufacturer or distributor occurs, the date the notice is received by the manufacturer or distributor by the United States postal service indicated on the notice of delivery returned to the dealer shall be controlling.

(4) In computing the lapse of three (3) working days under this section, the day of the occurrence of delivery of the motor vehicle to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, or the day of notification of the damage to the manufacturer or distributor by the dealer, as described in subsection (3) of this section, is not to be included, but the last working day of the period so computed is to be included.

(5) Prior to the sale of any motor vehicle damaged prior to delivery to the dealer as described in subsection (2) of this section, excluding damage to glass, tires and bumpers when replaced by identical manufacturer's original equipment and any damage *not exceeding six percent (6%) of the sticker price of the vehicle* [~~requiring less than four (4) hours to repair, above~~], the occurrence and extent of such damage must be disclosed by the dealer to the consumer, and upon repair of the damage sustained, or replacement of the parts or accessories damaged, the manufacturer and/or dealer, must certify to the consumer that the motor vehicle has been repaired or remanufactured to the manufacturer's standards; if the dealer makes the certification he shall be indemnified by the manufacturer. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the manufacturer.

(6) Whenever a motor vehicle is damaged after delivery to the dealer by the manufacturer or distributor, as defined in subsection (1) of this section, but before sale by the dealer to the consumer, the occurrence and extent of such damage must be disclosed by the dealer to the consumer prior to such sale, and upon repair of the damage sustained, or replacement of parts or accessories damaged, the dealer must certify to the consumer that this motor vehicle has been repaired or remanufactured according to the manufacturer's standards. Upon such certification, liability for any concealed damages then remaining with the motor vehicle shall lie with the dealer.

(7) Notwithstanding the terms of any franchise agreement, it shall be a violation of this section for any new motor vehicle manufacturer to fail to indemnify and hold harmless its franchised dealers against

any judgment or settlement for damages, including, but not limited to, court costs and reasonable attorneys' fees of the new motor vehicle dealer, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or recission of the sale as is defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly, or design of new motor vehicles, parts, or accessories or other functions by the manufacturer, beyond the control of the dealer.

Section 13. KRS 190.070 is amended to read as follows:

(1) *It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative licensed under this code to require any new motor vehicle dealer in the Commonwealth:*

(a) To order or accept delivery of any motor vehicle, part or accessory thereof, appliances, equipment, or any other commodity not required by law, which shall not have been voluntarily ordered by the new motor vehicle dealer.

(b) To order or accept delivery of any new motor vehicle with special features, appliances, accessories, or equipment not included in the list price of such motor vehicles, as publicly advertised by the manufacturer or distributor.

(c) To order for any person any parts, accessories, equipment, machinery tools, appliance, or any commodity whatsoever.

(d) To participate in an advertising campaign or contest, any promotional materials, training materials, showroom or other display decorations, or materials, at the expense of the dealer.

(e) To enter into any agreement with the manufacturer, distributor, factory branch, or factory representative, or to do any other act prejudicial to the new motor vehicle dealer by threatening to cancel a franchise or any contractual agreement existing between the dealer and the manufacturer, distributor, factory branch, or factory representative. Notice in good faith to any dealer of the dealer's violation of any terms or provisions of such franchise, or contractual agreement shall not constitute a violation of this law.

(f) To change the capital structure of the dealership, or the means by or through which the dealer finances the operation of the dealership, provided that the dealership at all times meets any reasonable capital standards agreed to by the dealer.

(g) To refrain from participation in the management of investment in, or the acquisition of any other line of new motor vehicle or related products.

(h) To change location of the dealership, or to, during the course of the agreement, make any substantial alterations to the dealership premises, when to do so, would be unreasonable in light of the current economic, political, and social considerations.

(i) To prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this law, or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the duly constituted courts of the Commonwealth or the United States of America, or to the commissioner, if such referral would be binding upon the dealer.

(2) It shall be a violation of this section for any manufacturer, distributor, factory branch, or factory representative:

(a) To delay, refuse, or fail to deliver motor vehicles, or vehicle parts or accessories in reasonable quantities, and within a reasonable time, but in any case no more than sixty (60) days, after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle, parts, or accessories to new vehicles as are covered by such franchise, if such vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. The delivery to another dealer of a motor vehicle of the same model and similarly equipped as the vehicle ordered by a motor vehicle dealer who has not received delivery thereof, but who had placed his written order for the vehicle prior to the order of the dealer receiving the vehicle, shall be prima facie evidence of a delayed delivery of, or refusal to deliver, a new motor vehicle to a motor vehicle dealer within sixty (60) days, without cause. This subsection is not violated, however, if such failure is caused by acts or causes beyond the control of the manufacturer, distributor, factory branch, or factory representative.

(b) To refuse to disclose to any new motor vehicle dealer, handling the same line make, the manner and mode of distribution of that line make within the relevant market areas.

(c) To prevent or attempt to prevent a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.

(d) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and such other person, other than for compensation for services rendered, unless such benefit is promptly accounted for, and transmitted to, the dealer.

(e) To increase prices of motor vehicles which the dealer had ordered for private retail customers prior to the dealer's receipt of the written official price increase notification, a sales contract signed by a

private retail consumer shall constitute evidence of each such order. In the event of manufacturer price reductions, the amount of any such reduction received by a dealer shall be passed on to the private retail consumer by the dealer, if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions shall apply to all vehicles in the dealers inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price increase. Price changes caused by the following shall not be subject to the provisions of this subsection:

1. The addition to a motor vehicle of required or optional equipment pursuant to state or federal law;

2. Revaluation of the United States dollar, in the case of foreign-make vehicles.

(f) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line make to be sold to the state or any political subsection thereof, without making the same offer to all other dealers in the same line make within the relevant market area.

(g) To release to any outside party, except under subpoena, any business, financial, or personal information which may be, from time to time, provided by the dealer to the manufacturer, without the express written consent of the dealer.

(h) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(i) To compete with a new motor vehicle dealer in the same line make, operating under an agreement or franchise from the aforementioned manufacturer, distributor, factory branch, or factory representative in the relevant market area. A manufacturer, distributor, factory branch, or factory representative shall not, however, be deemed to be competing when operating a dealership, either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment, subject to loss in the dealership, and can reasonably expect to acquire full ownership of such dealership on reasonable terms and conditions.

(j) To unfairly discriminate among its new motor vehicle dealers with respect to warranty reimbursement or authority granted its new motor vehicle dealers to make warranty adjustment with retail customers.

(k) To fail to give consent to the sale, transfer, or exchange of the franchise to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state; provided that consent may be withheld when in light of other circumstances, granting the consent would be unreasonable.

(l) To fail to be licensed as provided in this chapter, and to maintain a bond in an amount as determined by this chapter. [~~No manufacturer of motor vehicles, no wholesaler or distributor of motor vehicles, and no officer, agent or representative of either shall induce or coerce, or attempt to induce or coerce, any retail motor vehicle dealer or prospective retail motor vehicle dealer in this state to sell, assign or transfer any retail instalment sales contract, obtained by such dealer in connection with the sale by him in this state of motor vehicles manufactured or sold by such manufacturer, wholesaler or distributor, to a specified sales finance company or class of such companies, or to any other specified person, by any of the acts or means hereinafter set forth, namely:~~

~~(a) By any statement, suggestion, promise or threat that such manufacturer, wholesaler or distributor will in any manner benefit or injure such dealer, whether such statement, suggestion, threat or promise is express or implied, or made directly or indirectly.~~

Section 9. KRS 190.057 is amended to read as follows:

(1) Hearings under this chapter shall be heard by the bureau and may be held at the most convenient place for the parties and witnesses. The hearing shall be conducted by an examiner of the bureau. The selection of another class or other classes of medical care shall be recommended by the council to the secretary for human resources after taking into consideration, among other things, the amount of federal and state funds available, the most essential needs of recipients, and the meeting of such need on a basis insuring the greatest amount of medical care as defined in KRS 205.510 consonant with the funds available including but not limited to the following categories except where such aid is for the purpose of obtaining an abortion:

(2) Payments for hospital care, nursing home care, and drugs or other medical, ophthalmic, podiatric and dental supplies shall be on bases which relate the amount of the payment to the cost of providing such services or supplies. It shall be one (1) of the functions of the council to make recommendations to the department for human resources with respect to such bases for payment.

(l) Any dissenting opinions or other comments by the evaluators.

(5) The evaluation report may be compiled by a community mental health-mental retardation center, a licensed facility for mentally ill or developmentally disabled persons, if the respondent is a resident of such facility, or a similar agency.

(6) In all cases where the respondent is a resident of a licensed facility for mentally ill or developmentally disabled persons and the petition is filed by an employe of that facility, the petition shall be accompanied by an interdisciplinary evaluation report prepared by the facility.

(7) Except as provided in subsection (6), the court shall order appropriate evaluations to be performed by qualified persons or a qualified agency. (3) The respondent shall be present at the hearing, and his presence may be waived only upon a determination of the interdisciplinary evaluation team that his attendance would subject him to serious risk of physical harm. Such determination shall be evidence only of the respondent's physical inability to attend the hearing and shall not be considered in determining the need for guardianship or conservatorship.

(4) The court may remove itself to the place of residence of the respondent to conduct the hearing in the presence of the respondent.

(5) The burden of proof shall be on the Commonwealth to prove the disability or partial disability of the respondent by clear and convincing evidence.

(6) The respondent will not be determined partially disabled or disabled unless at least one (1) of the persons who participated in the interdisciplinary evaluation required by this Act testifies in person at the hearing. The judgment shall be indexed in the book in which notices of actions and encumbrances are indexed. Unless such judgment is filed and indexed, it shall not constitute notice to any subsequent bona fide purchaser for value, mortgagee, or encumbrancer.

(9) If the respondent is determined to be disabled or partially disabled but no limited guardian, guardian, limited conservator, or conservator is appointed at the hearing, the determination shall have no legal effect.

(10) The rights of which a ward is legally deprived upon a determination of disability in managing his personal affairs and financial resources include, but are not limited to, the right to vote, dispose of property, execute instruments, enter into contractual relationships, determine his living arrangements, consent to medical procedures, and obtain a motor vehicle operator's license.

(11) A partially disabled or disabled person for whom a limited guardian, limited conservator, or conservator has been appointed retains all legal and civil rights except those which have by court order been designated as legal disabilities or which have been specifically granted to the limited guardian, limited conservator, or conservator. (4) Within thirty (30) days after the filing of a petition, the court shall conduct a hearing at which the ward shall be entitled to counsel. For purposes of this subsection, the interdisciplinary evaluation report may be one performed within two (2) months prior to the placement for purposes of determining whether such placement is necessary and appropriate, or may be an evaluation and assessment provided by the residential facility immediately after placement. Notice to the court shall not be required where the ward is transferred from one licensed residential facility to another.

(5) To expend sums from the financial resources of the ward reasonable and necessary to carry out the powers and duties assigned to him by the court and, unless a separate conservator has been appointed, to manage the financial resources of this ward.

(6) If a separate limited conservator or conservator has been appointed for the ward, the expenditure of funds by the limited guardian shall be consistent with the duties assigned to and procedures and policies established by such limited conservator or conservator. The physician may, at the time of such admission, initiate without delay any application for an emergency hospitalization order, or other involuntary hospitalization as provided by this chapter, *or* KRS Chapter [~~203 or~~] 210.

(2) The authorized staff personnel admitting the individual for involuntary hospitalization under the provisions of subsection (1) of this section must certify in the record of the individual that in their opinion the individual is a mentally ill person and presents an immediate danger or an immediate threat of danger to self or others, as a result of mental illness, if not restrained. The authorized staff personnel admitting a mentally ill person shall further certify in the medical record of the individual that treatment which will reasonably benefit the individual is available at the facility to which he has been admitted and that hospitalization is the least restrictive alternative mode of treatment.

(3) Any person may be admitted to a hospital upon the certification of two (2) physicians, or one (1) physician and one (1) qualified mental health professional, that they have examined the person and have concluded that he is a mentally ill person; that because of his illness he is in need of care and can reasonably benefit from treatment in a hospital; that hospitalization is the least restrictive alternative mode of treatment; and because of such illness he presents an immediate danger or an immediate threat of danger to self or others if not restrained. No person shall be admitted to a hospital on the basis of such certification at any time after the expiration of three (3) days from the date of the examination.

(4) Any individual who has been admitted to a hospital under subsections (1) or (3) of this section shall be released from the hospital within seventy-two (72) hours (excluding weekends and holidays) unless a proper petition for further hospitalization has been filed under the provisions of this chapter, in which case the individual may be retained until the proceeding is terminated by a judgment or an order of the appropriate

court. In no case shall the patient be retained in the hospital longer than twenty-one (21) days from the date of application under this section without a hearing and order of the appropriate court pursuant to the applicable provisions of this chapter, unless the patient agrees to remain voluntarily.

Section 32. KRS 202A.070 is amended to read as follows:

(1) Proceedings for involuntary hospitalization of an individual for sixty (60) consecutive days may be initiated by filing a petition as described in this chapter in the appropriate circuit court.

(3) As soon as practicable, after notice of the commencement of the proceedings is given to the respondent, the court shall appoint two (2) physicians to examine the respondent and certify to the court their findings as to whether the respondent is a mentally ill person who presents an immediate danger or an immediate threat of danger to self or others as a result of mental illness and who can reasonably benefit from treatment. Each physician shall also certify as to whether in his opinion hospitalization is the least restrictive alternative mode of treatment presently available. The examination shall be held at a hospital or other medical facility or any other suitable place not likely to have a harmful effect on the patient's health.

(4) The court may, after reviewing the allegations contained in the petition, issue a warrant for the arrest of the person named in the petition. Such person if arrested on such warrant shall be conveyed immediately to any hospital, medical facility or institution approved by the secretary and shall be there examined by two (2) physicians. The physicians shall certify to the court their findings as to whether the respondent is a mentally ill person who presents an immediate danger or an immediate threat of danger to self or others as a result of mental illness and who can reasonably benefit from treatment. Each physician shall also certify as to whether in his opinion hospitalization is the least restrictive alternative mode of treatment presently available.

(5) If after their examination the physicians certify that the respondent is a mentally ill person who presents an immediate danger or an immediate threat of danger to self or others as a result of mental illness and that he can reasonably benefit from treatment and that hospitalization is the least restrictive alternative mode of treatment presently available, then such person may be retained in the hospital pending a hearing and order of the appropriate court, or may be transported to an appropriate hospital for retention. In no case shall the patient be retained in a hospital longer than twenty-one (21) days from the date of the examination without a hearing and order of the appropriate court.

(6) If the criteria for involuntary hospitalization as set forth in subsections (3) and (4) of this section are not certified, the court may, without taking any further action, terminate the proceedings and dismiss the application. Otherwise, the court shall forthwith fix a date and notice of a hearing and render an order within twenty-one (21) days from the date of the examination of the respondent.

(7) The respondent shall be represented at such hearing by an attorney either retained by the respondent or provided by the Commonwealth. The respondent shall be afforded an opportunity to testify, to present, and cross-examine witnesses against him. The court may in its discretion receive the testimony of any other person. The hearing may be conducted in an informal manner, consistent with orderly procedures, and in a physical setting not likely to have a harmful effect on the mental health of the respondent. The hearing may be held by the court in chambers, at a hospital, or other suitable place.

(8) Respondent's presence at the hearing may be waived by the respondent or respondent may be excused from the hearing upon a finding that respondent's presence would seriously disrupt the proceedings or that the respondent's presence at the hearing would be harmful to respondent.

(9) If upon completion of the hearing the court finds that the respondent is (a) a mentally ill person, (b) because of this illness presents an immediate danger or an immediate threat of danger to self or others, (c) that the least restrictive alternative mode of treatment requires hospitalization, and (d) that treatment which can reasonably benefit the respondent is available in the hospital, then the court shall order the individual hospitalized in a hospital selected by the department for a period not to exceed sixty (60) consecutive days.

(10) The hospitalization under this section shall be for a period of time not to exceed sixty (60) consecutive days from the date of the court order. (2) When a person has been hospitalized under the provisions of this chapter requiring a petition and certification of two (2) physicians, said certification may be accepted by the circuit court as evidence in lieu of direct testimony from the physicians, whenever the presence of the two (2) physicians at the hearing is waived by the respondent.

(3) Where possible the persons selected by the court to perform examinations as described in this chapter and KRS Chapter[~~s 203 and~~] 210 shall have made a special study of mental illness. Section 48. KRS 73.230 is amended to read as follows:

Any person desiring to have his land processioned, or desiring to take depositions as allowed by KRS 73.220, may give ten (10) days' notice to any person interested, or his agent or attorney, or, if an infant, *or person adjudged mentally disabled* [~~mentally ill or mentally retarded person~~], to his guardian or *conservator* [~~committee~~], of the time and place when and where the processioners will convene. If the party interested does not reside in the state, and has no known agent therein, notice shall be published pursuant to KRS chapter 424 and shall also be posted for the same period that publication is required on the courthouse door. The printer of the paper in which the notice is published shall make an affidavit of the fact of publication, which, with the notice, shall be filed with the processioners before they act, and returned with their proceedings. An affidavit of a disinterested person of the service of a notice on persons interested, or their agents, or the fact of such agency, shall, in like manner, be made and filed with the processioners, and returned with their report.

Section 49. KRS 91.450 is amended to read as follows:

Within a reasonable time after the tax bills for the year have been listed with the tax receiver, he shall mail a postpaid tax notice, directed to the best of his knowledge, to every person against whom a tax bill has been listed. In the case of an infant or mentally *disabled* [~~ill~~] person the notice shall be mailed to his guardian or *conservator* [~~committee~~], and in the case of an absent owner whose address is unknown to the tax receiver it shall be mailed to the agent of the owner. The tax notice shall give a brief description of the property taxed, and shall state the number and amount of the bill listed against the taxpayer, the date of its maturity, and the penalties imposed for nonpayment. The failure of the tax receiver to send the tax notice, or of the taxpayer to receive it, shall not invalidate the tax, or the interest or penalties provided for by KRS 91.430, or any subsequent proceeding for the collection of either.

Section 50. KRS 92.560 is amended to read as follows:

As soon as the tax levy ordinance in each city of the second class becomes in force, the auditor shall deliver the assessment books to the city clerk, who shall from them make out the tax bills. Each bill shall show each lot and the assessment thereon separately, the name of the supposed owner, the net total assessment of personal property against the person and the tax thereon. The tax bills shall be so arranged that the bill for each half-year may be detached and have each part intelligible. There shall be attached to each bill a stub showing in condensed form the items and amounts in the bill, and the bills and stubs shall be numbered consecutively, the number of each stub to correspond to the bill to which it is attached. The bills and stubs shall be bound in book form. On or before April 1 of each year the clerk shall deliver the assessment books and tax bills to the auditor, and together they shall ascertain whether the sum of the tax bills equals the amount of the tax which, at the rate fixed, the total assessment should realize, and if it does not, they shall find and correct the error. When the error is corrected, the auditor shall receipt for the assessment books and tax bills. The auditor shall then deliver all tax bills to the treasurer and take his receipt for the gross amount of the bills. As soon as practicable after receiving the tax bills, the treasurer shall mail to each person against whom a tax bill has been listed, or to his guardian or *conservator* [~~committee~~], a postpaid notice, directed to the best of his knowledge, stating the number and amount of the bill, the date when due and the penalties imposed for nonpayment. The failure of the treasurer to send the notice, or of the taxpayer, guardian or *conservator* [~~committee~~] to receive it, shall not invalidate the tax or the interest or penalties, or any subsequent proceeding for the collection thereof.

Section 51. KRS 92.710 is amended to read as follows:

(1) The treasurer of each city of the second class shall, within ten (10) days after selling real property for taxes, make a written report thereof to the city auditor. The report shall show the time and place of the sale, the name of each delinquent, the years for which the sale was made, the number of each tax bill, the amount of taxes, interest, penalties and costs on each tax bill for each year, the name of the purchaser, the amount paid, and a brief description, by lot and block numbers as shown by the city maps or some other method sufficiently accurate to identify each parcel, of the property sold. The report shall be recorded in the auditor's office in an appropriate book provided for that purpose, with an alphabetical index of the names of delinquents whose property has been sold, and with appropriate columns and spaces opposite each name in which shall be entered a record of the sale and redemption of the property or of its conveyance to the purchaser in case it is not redeemed. The original report of the treasurer shall likewise be preserved. Upon the purchase of any real property by any person other than the city and the payment of the purchase price, the treasurer shall give the purchaser a certificate of purchase, which shall be in substance a copy of the treasurer's report as to the property bought. A duplicate of each such certificate shall be recorded in a book kept for that purpose as a public record in the auditor's office. In cases where the property is bought by the city, it shall not be necessary for the treasurer to issue a certificate of purchase, but the treasurer's report shall be deemed his certificate of any such purchase by the city.

(2) The collector of each city of the third class, after selling any real property for taxes, shall return upon the same paper upon which his levy is written a description of the property sold, the time and place of sale, a statement that he first advertised the sale according to law, the name of the purchaser and the amount paid by him for the property sold. The collector shall deliver the levy and return to the office of the city clerk, who shall record or bind it in a book kept for that purpose, and the original return of the collector shall also be filed and preserved in the office of the city clerk. The collector shall make all sales, returns and settlements before the end of the fiscal year. The collector shall give to the purchaser of any real property sold by him for taxes, except when the city is the purchaser, a certificate of purchase, containing a description of the land purchased, the time of sale, the quantity sold, the price, the amount of taxes sold for, and the year or years for which the taxes were owed. The certificate will be sufficiently descriptive if the property can be conveniently found from an inspection of the map of the city or, if the property is not properly described in the map, if the description is otherwise sufficient to enable the purchaser to find the property. All certificates of purchase shall be recorded or bound in a book kept for that purpose by the city clerk, as a public record. The collector's return of any sale of real property to the mayor for the use of the city shall be deemed his certificate of such purchase by the city.

(3) The collector or treasurer of each city of the fourth class, within twenty (20) days after selling any real property for taxes, shall report in writing to the county clerk of the county in which the city is located. The report shall show when the sale was made, the steps taken by the collector or treasurer prior to and at the sale, the name of the purchaser, the price, and a full description of the property. The county clerk shall record and index the report in the book in which he records the sheriff's report of tax sales. Such reports, when recorded, shall operate as conveyances to the purchasers, whether the city or private persons, and shall vest in the purchasers the title of the persons whose property was sold at the sale, except that of persons under legal disability, and shall be constructive notice as to the claim existing in favor of the purchaser against the real property of persons under no legal disability. The county clerk shall have a fee of fifty cents (50¢) for each entry so made.

(4) The collector or treasurer of each city of the fourth class shall, within thirty (30) days after each sale of real property, issue to the purchaser a certificate of purchase, describing the property sold and stating the time of sale and the price. If the collector or treasurer fails to make the report of sale to the county clerk provided for in subsection (3) of this section, any purchaser may file with the county clerk the collector's or treasurer's certificate of purchase. The clerk shall then record and index the certificate of purchase in the book mentioned in subsection (3) of this section, and it shall have the same effect as the collector's or treasurer's report would have had if returned.

(5) Any purchaser, other than the city, of real property sold for taxes of a city of the fourth class shall forfeit his right to the purchase unless, within six (6) months after the collector or treasurer delivers to him the certificate of purchase, the purchaser gives written notice of his purchase as follows:

(a) To the statutory guardian, parent or person in charge of an infant, in the order named, if the property belonged to an infant.

(b) To the *guardian or conservator* [~~committee~~] or the person in charge of *a mentally disabled* [~~an incompetent~~] person *or his estate*, in the order named, if the property belonged to *a mentally disabled* [~~an incompetent~~] person.

Section 52. KRS 92.730 is amended to read as follows:

(1) When real property has been sold for taxes of a city of the third class and purchased by the mayor for the benefit of the city, the owner of the property, or his heirs, representatives or assigns, may redeem the property at any time within two (2) years from the day of sale, by paying to the city the amount bid at the sale, with eight per cent (8%) per annum interest thereon from the day of sale.

(2) When real property has been sold for taxes of a city of the third class and purchased by someone other than the city, the owner of the property, or his heirs or personal representatives, may redeem the property at any time within one (1) year from day of sale, by paying or tendering to the purchaser or his representatives the full amount for which the property was sold, with twenty per cent (20%) per annum interest thereon from the day of sale. If the purchaser refuses to accept payment, or is a nonresident of the city, the owner may deposit the amount and interest with the city treasurer and take his receipt therefor, and shall at once file the receipt with the city clerk, which shall operate as a redemption of the property.

(3) If the owner of the property is a minor, or *a mentally disabled* [~~an incompetent~~] person, and the property is not redeemed within two (2) years from the day of sale, by the owner or by someone for him, the purchaser, other than the city, may bring suit in equity in the circuit court of the county to have a sufficient amount of the property sold to pay the sum bid at the collector's sale, with interest at ten per cent (10%) per annum and costs of suit, and to pay any other taxes appearing to be due on the property at the time judgment is rendered. The plaintiff shall, before any judgment is rendered, give good security to the defendant, to be approved by the court, that he will pay all taxes for which the property is adjudged to be sold, and shall, before any deed to the property sold under the judgment is made, produce to the court and file in the action proper and legal receipts for such taxes. No such suit against a person under disability shall be brought after five (5) years from the day of the collector's sale.

Section 53. KRS 92.740 is amended to read as follows:

(1) When real property has been sold for taxes of a city of the fourth class, an owner not under disability, or his representatives, heirs or assigns, may redeem the property from the city or any other purchaser at any time within two (2) years from the day of sale, by paying the purchase money with interest at the rate of ten per cent (10%) per annum, the costs and a penalty of fifteen per cent (15%) upon the total amount of the purchase price. Any person under disability at the date of sale, except *a person adjudged mentally disabled* [~~an incompetent person~~], shall have one (1) year after the removal of the disability, and any *mentally disabled* [~~incompetent~~] person shall have five (5) years from the receipt of the notice provided for in subsection (5) of KRS 92.710, in which to redeem his property on the same terms as other owners.

(2) If the property is redeemed from the city, the city clerk shall collect the amount of the tax, penalty and costs from the delinquent taxpayer, and give him a receipt therefor.

(3) When a redemption is made, the purchaser shall mark the word "redeemed" on the margin of the record book provided for in subsection (3) of KRS 92.710, in a space left for that purpose, with the date and his signature. The county clerk shall have a fee of twenty-five cents (25¢) for each redemption.

Section 54. KRS 99.200 is amended to read as follows:

Notwithstanding any requirement of law to the contrary or the absence of direct provision therefor in the instrument under which a fiduciary is acting, every executor, administrator, trustee, guardian, *conservator* or any other person holding trust funds or acting in a fiduciary capacity, unless the instrument under which such fiduciary is acting expressly forbids, the state, its subdivisions, cities, all other public bodies, all public officers, corporations organized under or subject to the provisions of the banking law (including savings banks, savings and loan associations, trust companies, banking corporations), the commissioner of banking and securities as conservator, liquidator or rehabilitator of any such person, partnership or corporation, persons, partnerships and corporations organized under or subject to the provisions of the insurance law, the commissioner of insurance as conservator, liquidator or rehabilitator of any such person, partnership or corporation, any of which owns or holds any real property within a development area, may grant, sell, lease or otherwise transfer any such real property to a redevelopment corporation, and receive and hold any cash, stocks, notes, mortgages, or other securities or obligations, which they are allowed by law to acquire, exchanged therefor by such redevelopment corporation, and may execute such instruments and do such acts as may be deemed necessary or desirable by them or it and by the redevelopment corporation in connection with the development and the development plan.

Section 55. KRS 99.270 is amended to read as follows:

Certificates, bonds and notes, or part interests therein, or any part of an issue thereof, which are secured by a first mortgage on the real property in a development area, or any part thereof, shall be securities in which all the following persons, partnerships or corporations and public bodies or public officers may legally invest the funds within their control, provided that the principal amount secured by such mortgage shall not exceed the limits, if any, imposed by law for such investments by the person, partnership, corporation, public body or public officer making the same: Every executor, administrator, trustee, guardian, *conservator* [~~committee~~] or other person or corporation holding trust funds or acting in a fiduciary capacity; the state, its subdivisions, cities, all other public bodies, all public officers; persons, partnerships and corporations organized under or subject to the provisions of the banking law (including savings banks, savings and loan associations, trust companies, banking corporations); the commissioner of banking and securities as conservator, liquidator or rehabilitator of any such person, partnership or corporation; persons, partnerships or corporations organized under or subject to the provisions of the insurance law; fraternal benefit societies; and the commissioner of insurance as conservator, liquidator or rehabilitator of any such person, partnership or corporation.

Section 56. KRS 117.075 is amended to read as follows:

(1) Any qualified voter who has not been declared *mentally disabled* [~~incompetent~~] by a court of competent jurisdiction, and who, on account of age, infirmity or illness, is not able to appear at the polls on election day may vote in the following manner. At least seven (7) days prior to the date of the election, he shall present to the clerk by mail his verified statement that his inability to appear is due to age, infirmity, or illness, and a verified statement of a physician corroborating the voter's statement and indicating whether or not the condition is temporary, applying to the instant election only, or is expected to be a continuing one. If the condition is indicated as being continuing the voter need not file further statements of disability. For ensuing elections the voter may make reference to the statement previously filed when applying for a special ballot. The county clerk shall maintain a file of all such statements. Upon receipt of the verified statement, the clerk shall immediately mail to the voter a special ballot, and envelopes, and the voter shall cast his vote in the same manner as provided for the absent voter in KRS 117.335.

(2) Special ballots cast by disabled persons shall be tabulated in the same manner as are special ballots cast by absent voters.

Section 57. KRS 132.043 is amended to read as follows:

(1) To the extent that any right or interest, vested or otherwise, in a plan established by or for an individual or individuals for retirement purposes and meeting the requirements for exemption under the federal income tax laws may be held to be subject to assessment and taxation, the basis of the assessment shall be the fair cash value of such vested right or interest.

(2) The owner or person enjoying such right or interest, on January 1 of each year, shall pay a tax to the state of one-tenth of one cent ($.001) upon each one hundred dollars ($100) of the fair cash value. No other tax shall be assessed by the state or by any county, city, school district, or other taxing district on any such right or interest or against the holder of any such right or interest.

(3) The administrator, executor, trustee, *conservator, guardian,* [~~committee,~~] curator, or agent of any plan established for retirement purposes, as defined in subsection (1) of this section may list and pay the applicable tax for all of the participants in the plan subject to taxation by virtue of their respective vested rights or interests in such pension plan, and the owner or person enjoying such right or interest shall be deemed to have paid such tax.

(1) The property subject to taxation, unless exempted by the constitution, shall be as follows:

(b) All intangible personal property of individuals residing in this state and of corporations organized under the laws of this state unless it has acquired a business situs without this state.

(2) The property enumerated in paragraph (b) of subsection (1) of this section shall be considered and estimated in fixing the valuation of corporate franchises.

(3) Property shall be assessed for taxation at its fair cash value, estimated at the price it would bring at a fair voluntary sale.

(4) The situs of intangible personal property for purposes of taxation shall be at the residence of the real or beneficial owner, and not at the residence of the fiduciary or agent having custody or possession. Any intangible property owned by a resident shall be taxable in this state, unless by the date of assessment he has changed his place of abode to a place without this state with the bona fide intention of continuing actually to abide permanently without this state. The fact that a person again abides within this state within six (6) months from so changing his actual place of abode shall be prima facie evidence that he did not intend permanently to have his actual place of abode without this state. A person so changing his actual place of

abode and not intending permanently to continue it without this state and not having listed his property for taxation as a resident of this state shall, for the purpose of having his property assessed for taxation within this state, be deemed to have resided, on the day when his property should have been so assessed, at his last actual or habitual place of abode within this state. The fact that a person does not claim or exercise the right to vote at public elections within this state shall not of itself constitute him a nonresident of this state.

(5) An administrator, executor, trustee, *guardian, conservator* [~~committee~~], curator, or agent residing in this state shall not be liable for taxes on intangible personal property held by him if the real or beneficial owner of the property resides outside of this state. This exemption shall not apply in the case of an executor or administrator in the exercise of his office as personal representative while the estate of a deceased person is in process of settlement and before the share of the nonresident legatee or beneficiary is set apart to him, or before the legatee or beneficiary is entitled to be paid his share.

(6) Nothing contained in this section shall affect the liability for franchise taxes payable by corporations organized under the laws of this state; nor the method of taxation of banks and trust companies provided in KRS 136.270; nor the method of taxation of savings and loan associations provided in KRS 136.300; and nothing contained in this section shall alter or repeal KRS 136.030.

Section 59. KRS 132.510 is amended to read as follows:

Every executor, administrator, guardian, *conservator,* trustee, trustee in bankruptcy, receiver or other person acting in a fiduciary capacity shall, when required, file with the department of revenue a sworn inventory showing in detail the amount and character of personal property in his hands, unless the inventory has been filed as a public record in the court in which the fiduciary qualifies. The department may examine the books and accounts of any person acting in a fiduciary capacity. No fiduciary shall receive a final discharge until he has satisfied the court settling his accounts that all taxes against the estate have been paid.

Section 60. KRS 132.810 is amended to read as follows:

(1) To qualify under the homestead exemption provision of the Constitution, each person claiming the exemption shall file an application with the property valuation administrator of the county in which the applicant resides, on forms prescribed by the department of revenue. The assessed value of property on which homestead exemption is claimed shall not be increased because of valuation expressed on the application form filed with the property valuation administrator, and whenever it becomes known that the valuation of property subject to the homestead tax exemption has been increased because of valuation expressed on the application form, adjustment shall be made the following year so that the total tax paid by the taxpayer is the same as if the increase had not been made.

(2) (a) Every person filing an application for exemption under the homestead exemption provision must be sixty-five (65) years of age or older during the year for which application is made.

(b) Every person filing an application for exemption under the homestead exemption provision must own and maintain the property for which the exemption is sought as his personal residence.

(c) Only one (1) exemption per residential unit shall be allowed regardless of the number of residents sixty-five (65) years of age or older occupying said unit, but the $6,500 exemption shall be construed to mean $6,500 in terms of the purchasing power of the dollar in 1972. Every two (2) years thereafter, if the cost of living index of the United States department of labor has changed as much as one (1) per cent, the maximum exemption shall be adjusted accordingly.

(d) The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. The exemption shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property.

(e) A mobile home may qualify as a residential unit for purposes of the homestead exemption provision provided the mobile home is classified as real property as defined in KRS 132.750.

(f) When title to property which is exempted, either in whole or in part, under the homestead exemption is transferred, the owner, administrator, executor, trustee, *guardian, conservator* [~~committee~~], curator or agent shall report such transfer to the property valuation administrator.

(3) Notwithstanding any statutory provisions to the contrary, the provisions of this section shall apply to the assessment and taxation of property under the homestead exemption provision for state, county, city or special district purposes.

(4) The provisions of this section shall become effective with the 1976 taxable year and persons eligible for a homestead exemption under this section shall file applications:

(2) If the decedent was not a resident of this state, the exemption shall be the same proportion of the allowable exemption in the case of residents that the property taxable by this state bears to the whole property transferred by the decedent.

Section 62. KRS 141.300 is amended to read as follows:

(1) Every individual shall, at the time prescribed in subsection (3), make a declaration of his estimated tax for the taxable year if his gross income from sources other than wages upon which Kentucky income tax will be withheld can reasonably be expected to exceed two thousand dollars ($2,000) for the taxable year and his gross income or adjusted gross income can reasonably be expected to be an amount not less than the amount for which a return is required under KRS 141.180.

(c) The excess of the amount estimated under paragraph (a) over the amount estimated under paragraph (b), which excess for purposes of this chapter shall be considered the estimated tax for the taxable year;
